Sea Grant Young Fishermen's Career Development Projects Funding Opportunity Now Open

Sea Grant announces a [funding opportunity](#) to develop and execute local, regional, and national programs, workshops, and services to enable fishermen to enter career paths, in support of the [Young Fishermen's Development Act](#) and other initiatives.

The National Sea Grant Office anticipates between \$1,000,000 and \$2,000,000 of federal funds will be available to support approximately 2-5 awards, and awards will require 25% non-federal match. Eligible applicants are collaborative State, Tribal, local, or regionally based networks or partnerships of public or private entities.

Projects may benefit from engaging with the planning frameworks developed by Sea Grant programs in FY21-23. [More information can be found here.](#)

Letters of intent are required in order to be eligible to submit a full proposal and are due December 1, 2022.

More information is available at seagrant.noaa.gov/funding.
