

House of Commons

**INDIVIDUAL MEMBER'S EXPENDITURES**

**FOR THE FISCAL YEAR 2006-2007**

## Introduction

- The Speaker of the House of Commons, on behalf of the Board of Internal Economy (BOIE), tables the consolidated report on Individual Member's Expenditures on an annual basis pursuant to BOIE by-laws. The tabling of the consolidated Individual Member's Expenditures report coincides with the tabling of the Public Accounts of Canada. Prior to tabling, Members receive a copy of their Individual Expenditures report for their review.
- In the report, seats held by the following former Members are identified as "vacant" followed by the constituency name: Benoit Sauvageau - Repentigny (deceased August 28, 2006), Honourable Joe Fontana – London North Centre (resigned September 20, 2006), Honourable Jean Lapierre - Outremont (resigned January 28, 2007) and Yvan Loubier – Saint-Hyacinthe – Bagot (resigned February 21, 2007). Following the resignation or death of a Member, the former Member's Party Whip, or the Speaker in the case of an independent Member, ensures that constituents continue to be served until the date of a general election or by-election. Prior to tabling, reports for vacant seats are sent to the former Member's Whip or the Speaker as the case may be.
- Budgets were calculated on a prorated basis, from the date of the by-election (November 27, 2006) to the end of the fiscal year, for the following newly elected Members: Raymond Gravel – Repentigny (\$97,490) and Glen Pearson – London North Centre (\$100,300). The other two constituencies mentioned above were still vacant as of March 31, 2007.
- The Individual Member's Expenditures are presented in two categories: expenditures charged to each Member's Office Budget (MOB) and as Goods and Services Provided by the House.
- The following changes were adopted effective April 1, 2006:
  - The Member's Travel Status Expenses Account increased from \$20,000 to \$24,000 and the option of charging excess travel status expenses to the Miscellaneous Expenditures Account portion of the Members' Office Budget was eliminated;
  - Changes regarding the number of travel points allocated to Opposition Party Leaders and Chief Whips are as follows:
    - a) The number of travel points was increased from 64 to 80 for Opposition Party Leaders;
    - b) The maximum number of special travel points was increased from 12 to 30 for eligible employees of Opposition Party Leaders;
    - c) The 25 special travel point limit for Chief Whips was removed—the Chief Whips can use all 64 travel points for regular or special trips;
  - Members may charge Internet Services in their primary and secondary residences to their Member's Office Budget;
- The expenses reported are, to some extent, reflective of the characteristics of the constituency that each Member represents. For example, the constituency size and its distance from Ottawa would be determining factors on travel and telephone expenditures, whereas the number of constituents and households in the constituency would influence the amounts expended for printing and office supplies.
- The *Members' Allowances and Services Manual* contains information concerning Members' entitlements, including a list indicating the basic budget and annual budgetary supplements for each constituency for the current fiscal year (Section 2 of the Chapter on Budgets, Appendix entitled Member's Office Budget by Constituency). The Manual is available on IntraParl under Administration and Services/Members' Allowances and Services as well as from the Library of Parliament.

- Questions related to this report should be directed to BOIE spokespersons, the Honourable Peter Van Loan or the Honourable Karen Redman, or to individual Members. After tabling, the consolidated report is available on the web at the following address:

### **Member's Office Budget (MOB)**

Effective April 1, 2006, the basic annual Member's Office Budget was \$268,300 for all constituencies. Members who represent densely populated constituencies receive an Elector Supplement, ranging from \$8,200 to \$32,760. Following publication of the official number of electors by the Chief Electoral Officer of Canada, four constituencies were added to the existing list of twenty-one constituencies who also qualified for an increase in this Supplement. Members who represent constituencies with 500 square kilometres or more receive a Geographic Supplement, ranging from \$4,530 to \$49,850. Members who represent constituencies listed in Schedule 3 of the *Canada Elections Act* receive an additional supplement of \$15,860 or \$19,030.

As shown in the following columns, the MOB is used for:

- (1) **STAFF AND OTHER EXPENSES**, include employee salaries, service contracts and constituency office operating expenses, such as utilities, local telephone service, voice and long distance charges incurred when using the cellular option with their mobile data access device (BlackBerry), furniture and computer equipment. This column also includes a Miscellaneous Expenditures Account of up to 3% of each Member's Office Budget to acquire, for the constituency or Ottawa offices, goods and services not explicitly excluded or specified.
- (2) **TRAVEL**, includes travel by the Member, the Member's employees and/or the designated traveller within the constituency or the province or territory in which the constituency is located. It also includes certain transportation expenses incurred by the Member within the National Capital Region, as well as accommodation, meals and incidental expenses incurred by employees on parliamentary business trips within Canada specifically authorized by the Board of Internal Economy.
- (3) **ADVERTISING**, allows Members to communicate with their constituents about their office location and contact information, assistance and services they provide, meeting announcements related to the discharge of their constituency functions, congratulatory messages or greetings to constituents, and opinions or statements in support of their parliamentary functions. The Advertising Expenses Account is limited to 10% of each Member's Office Budget.
- (4) **OFFICE LEASE**, for the constituency office(s).

## **Goods and Services Provided by the House**

The following costs are charged to House Administration central budgets:

(5) ***TRAVEL***

- (a) each Member is allowed a maximum of 64 return trips each fiscal year between Ottawa and the constituency and other parts of Canada. Four of these trips can also be used to travel to Washington, D.C., and must be from Ottawa or the Member's constituency. Opposition Party Leaders are entitled to an additional 16 travel points for a total of 80 points;
- (b) each Member may be reimbursed for private or receipted accommodation and for meals and incidental expenses up to the per diem rate while in travel status, to a maximum of \$24,000 per fiscal year.

(6) ***TELEPHONE***, for long distance calls, certain constituency telephone services and wireless devices.

(7) ***PRINTING***

- (a) Householders – printed materials sent by Members, up to four householders per calendar year, to inform their constituents about parliamentary activities and issues;
- (b) Ten Percenters (additional Householders) – printed or photocopied material reproduced in quantities not exceeding 10% of the total number of households in a Member's constituency;
- (c) Ten Percenter Regrouping (additional Householders) – some or all Members in a recognized party collectively submit, via their Whip's office, an identical ten percenter request, up to one regrouping per month to a maximum of 10% of the total households represented by the Members submitting the request.

(8) ***OFFICE SUPPLIES***, for the Ottawa and constituency offices;

(9) ***CONSTITUENCY OFFICE FURNITURE AND EQUIPMENT IMPROVEMENT FUND***, Members may purchase, out of this fund, office furniture, equipment, computers and supplies for their constituency office(s) using House Administration's standing offers only, up to a maximum of \$5,000 per year (\$1,710 on a prorated basis for new Members elected at the November 27, 2006 by-election);

(10) ***OTHER***, includes furniture, computer and communication equipment, software and renovations for the Member's Ottawa office.
