

## CY Total Passengers

| Calendar Year | Enplaned Passengers: | Deplaned Passengers: | Total Passengers: |
|---------------|----------------------|----------------------|-------------------|
| 2024          | 755,923              | 754,425              | 1,509,214         |
| 2023          | 692,603              | 689,402              | 1,381,975         |
| 2022          | 612,256              | 605,112              | 1,217,368         |
| 2021          | 528,960              | 529,924              | 1,058,884         |
| 2020          | 309,717              | 306,218              | 615,935           |
| 2019          | 672,468              | 670,391              | 1,342,859         |
| 2018          | 602,177              | 603,447              | 1,205,624         |
| 2017          | 571,007              | 572,544              | 1,143,551         |
| 2016          | 543,014              | 544,168              | 1,087,182         |
| 2015          | 554,922              | 550,703              | 1,105,625         |
| 2014          | 569,206              | 563,785              | 1,132,991         |
| 2013          | 522,897              | 519,394              | 1,042,291         |
| 2012          | 492,102              | 492,736              | 984,838           |
| 2011          | 440,180              | 440,465              | 880,645           |
| 2010          | 461,402              | 456,965              | 918,367           |
| 2009          | 474,155              | 472,562              | 946,717           |
| 2008          | 499,269              | 492,243              | 991,512           |
| 2007          | 531,256              | 528,864              | 1,060,120         |
| 2006          | 510,714              | 513,158              | 1,023,872         |
| 2005          | 502,518              | 501,747              | 1,004,265         |
| 2004          | 471,377              | 467,178              | 938,555           |
| 2003          | 461,827              | 460,159              | 921,986           |
| 2002          | 441,119              | 436,128              | 877,247           |
| 2001          | 443,344              | 434,979              | 878,323           |
| 2000          | 495,638              | 488,607              | 984,245           |
| 1999          | 465,182              | 460,757              | 925,939           |
| 1998          | 467,150              | 469,826              | 936,976           |
| 1997          | 447,047              | 445,805              | 892,852           |
| 1996          | 414,711              | 415,049              | 829,760           |
