Chapter 1

THE INSPECTOR GENERAL COMPLAINTS RESOLUTION PROGRAM

Section 1A—The Department of the Air Force Inspector General Complaints Resolution Program

1.1. Overview. This chapter covers the background, authority, and purpose of the IG complaints resolution program. It defines the roles and responsibilities of IGs and other offices and agencies involved in the IG process. It also covers the organization of the IG complaints resolution program throughout the United States Air Force (USAF), USSF, Air Force Reserve, and Air National Guard.

1.2. The IG Complaints Resolution Program. The IG complaints resolution program used throughout the Total Force is based on the concept that IGs serve as an extension of their commanders by acting as the commanders' eyes and ears to be alert to issues affecting the organization. IGs serve their commanders and their assigned organizations both by executing the complaint resolution process and by proactively training all members of the organization about IG processes and fraud, waste, and abuse issues. A successful complaint resolution program is designed to enhance the organization's discipline, readiness, and warfighting capability. IGs use fact-finding methodologies to seek out systemic issues affecting the organization.

1.2.1. The effectiveness of the IG system requires the mutual cooperation of all Department of the Air Force IGs.

1.2.2. IGs assist Airmen and Guardians of all ranks, family members, civilian employees, retirees, and other civilians. These individuals represent the IG's constituency, and IGs bolster the chain of command by performing a problem-solving mission in support of this constituency.

1.2.3. All IGs must maintain a clear distinction between being an extension of the commander and their duty to serve as fair, impartial, and objective fact-finders and problem solvers. They must be sufficiently independent so complainants continue requesting IG help, even when they feel the commander may be the problem. Commanders must support this clear distinction for their IGs to be effective.

1.2.4. The IG system support process includes operational planning, training, administration, personnel, and resource management. This facilitates the execution of the complaint resolution program for all Department of the Air Force leaders.

1.2.5. Operational readiness is integrated into all phases of the IG system. IGs provide complaint resolution services at all times.

1.3. Relationships Within the IG System. While IGs report to their respective commanders, IGs may request and are expected to provide support to other IGs within the Total Force IG system. All IGs who work matters under the Complaints Resolution Program must adhere to IG policies. The Department of the Air Force Inspector General (SAF/IG) maintains the integrity of the IG system through policy, training, and oversight.

Section 1B—Authority of The Inspector General (TIG) of the Department of the Air Force

1.4. Delegated Statutory Authority. DAFPD 90-3, *Inspector General* implements 10 USC § 9020.

1.4.1. Within the Department of the Air Force, authority to manage the Inspector General Complaints Resolution Program (CRP) is hereby delegated to IGs at all organizational levels. Subordinate inspectors general at all organizational levels below SAF/IG derive their authority from DAFI 90-301, *Inspector General Complaints Resolution*.

1.4.2. In accordance with Title 10 United States Code, Section 936(b)(6), the authority to administer oaths for the purpose of military administration may be granted to persons designated by regulations of the armed forces. Authority to administer oaths for IG investigations is hereby granted to the IG investigative staff and investigating officers (IOs) at all organizational levels. This authority includes not only the administering of oaths to witnesses, but also the administering of oaths to technical advisors and administrative support personnel.

1.5. Investigations not Covered by the Authority of the IG System. Personnel who direct or conduct administrative inquiries or investigations governed by other policy directives and instructions (e.g., Department of the Air Force Manual (DAFMAN) 1-101, *Commander Directed Investigations*) will not cite this instruction as the authority.

1.6. Authority to Direct Investigations. The Department of the Air Force IG CRP requires each investigation be initiated and closed in writing by a designated appointing authority. Only those individuals incumbent in the positions listed below are authorized to direct an IG investigation, and are therefore, appointing authorities. Appointing authorities have the singular authority to direct investigations, appoint investigating officers (IOs), and approve the reports of investigation. Commanders or IGs at any organizational level will not further delegate “appointing authority” except as stated below. **(T-1)**

1.6.1. Secretary of the Air Force (SECAF).

1.6.2. The Inspector General of the Department of the Air Force (SAF/IG) and designees.

1.6.3. Chief of Staff of the Air Force (CSAF).

1.6.4. Chief of Space Operations (CSO)

1.6.5. Chief, National Guard Bureau (CNGB).

1.6.6. The Adjutant General (TAG) of all states, Puerto Rico, the US Virgin Islands, Guam, and The Commanding General of the District of Columbia as well as The Assistant Adjutant General for Air of all states, Puerto Rico, the US Virgin Islands, Guam, and the District of Columbia.

1.6.7. MAJCOM, FLDCOM, FOA, DRU, Numbered Air Force (NAF), Center, Wing, Delta, and Joint Base commanders.

1.6.8. MAJCOM, FLDCOM, Joint Force Headquarters (JFHQ), FOA, DRU, NAF, Component, Center, NGB, Delta, and Wing Inspectors General, if designated in writing by their respective commander. At the MAJCOM, FLDCOM and Center level, commanders can delegate appointing authority to their deputy Inspectors General or IGQ division chief.

1.6.9. In all cases, the appointing authority, military or civilian, will be of equal or greater grade than the subject(s) or suspect(s) being investigated.

1.6.10. Appointing authorities will not initiate investigations into allegations against themselves. Such allegations will be forwarded to the next higher-level IG for resolution. **(T-1)**

1.6.11. Appointing authorities will not initiate investigations into allegations against their commander. **(T-1)** Such allegations will be transferred to the next higher-level IG for resolution.

1.7. Authority to Conduct Investigations.

1.7.1. Appointed investigating officers are authorized to conduct IG investigations within the scope of their appointment and under the authority and guidance of this instruction. Appointed investigating officers' responsibilities expire when the report of investigation is approved by the appointing authority or after final higher headquarters approval, whichever is later.

1.7.2. Under the authority of this instruction, properly appointed inspectors general may conduct complaints analyses to determine resolution paths for complaints received by their IG office. If the recommended resolution path at the conclusion of the complaint analysis includes investigation, the IG may serve as the IO but must be appointed by his/her appointing authority to conduct the investigation.

1.8. Authorized IG Positions. The below are authorized to have IG positions:

1.8.1. The Secretary of the Air Force.

1.8.2. Chief of the National Guard Bureau (CNGB).

1.8.3. The Adjutant General (TAG) of all states, Puerto Rico, the US Virgin Islands, Guam, and The Commanding General of the District of Columbia.

1.8.4. MAJCOM, FLDCOM, FOA, DRU, NAF, Center, Joint Base, Delta, and Wing commanders.

1.8.5. Commanders must request SAF/IG, through the MAJCOM or FLDCOM IG (as appropriate), approval to establish IG positions not identified in this instruction. **(T-1)** Commanders requesting IG authorization must certify the individual assigned will function solely as a full-time IG. **(T-1)** SAF/IG must approve requests for such positions in writing prior to individuals functioning in this capacity. **(T-1)** ANG commanders must route such requests through the National Guard Bureau, Inspections (NGB/IG) at the ANGRC. **(T-1)**

1.8.6. IGs approved by SAF/IG have the same authority and responsibilities as IGs in positions identified in this instruction.

1.9. Authority for IG Access to Records/Documents. 1.34.1. The concept of appointing a separate, full-time wing IG was implemented to remove any perceived conflict of interest, lack of independence, or apprehension by Department of the Air Force personnel as a result of the previous practice of assigning vice commanders IG duties.

1.34.2. To sustain a trustworthy relationship with Department of the Air Force personnel, the wing IG must be independent (see paragraphs [1.2.3](#) and [1.39.3](#)). Department of the Air Force personnel must be free from any form of retribution, retaliation, or reprisal for communicating with the wing IG.

1.35. Establishment of the Wing/Delta IG Program.

1.35.1. Independent IGs will be established at all active component, Air Force Reserve, and Air National Guard wings. **(T-1)**

1.35.1.1. Wing/Delta IG (87GX). Will be a Lieutenant Colonel or higher or Department of the Air Force civilian with a substantial breadth of experience, exceptional maturity, and demonstrated sound judgment. **(T-2)** Appointing authorities are discouraged from selecting IGs lower than the rank of Lieutenant Colonel or civilian equivalent.

1.35.1.2. Wing/Delta Director of Complaints Resolution (87QX) will be a Major or higher or Department of the Air Force civilian with a substantial breadth of experience, exceptional maturity, and demonstrated sound judgment. **(T-3)**

Host wing IG support to associate and tenant units will be defined and documented in memorandums of agreement (support agreements). **(T-2)**

1.36. Wing/Delta IG Organization.

1.36.1. The wing IG is organized as a staff function and will report directly to the wing commander. **(T-1)**

1.36.2. The two-letter functional address code for the Office of the Inspector General at all levels will be "IG" and the office symbol shall be "unit designation/IG" (e.g., 51 FW/IG) . **(T-1)**

1.37. Assigning Additional Duties to IGs.

1.37.1. The focus of wing IGs must be the Department of the Air Force Complaints Resolution and Inspection Programs. **(T-1)** Any activities that may diminish the effectiveness of IGs in the performance of their complaints resolution responsibilities are not acceptable.

1.37.2. The IG position will not be combined with another position in the organization. **(T-1)** Operational duties required to maintain qualification/currency, as well as inspection related responsibilities and duties defined in DAFI 90-302, are not considered additional duties for the IG and staff.

1.37.3. IGs must not be constrained by additional duties that detract from their primary responsibilities. **(T-1)** Therefore, IGs and IG staff members, to include IGI, must not be:

1.37.3.2. Given responsibility for the wing commander's "action line." **(T-2)**

1.37.3.3. Assigned duties as the congressional inquiry manager or point of contact for SAF/LLC. **(T-2)** This does not preclude the IG from answering IG related congressional inquiries as directed by the wing commander.

1.39. Roles of the IG in Relation to the Commander.

1.39.1. The roles of the IG are to:

1.39.3. The independence of the IG must be firmly established and supported to overcome any perceived lack of autonomy that would discourage potential complainants and preclude disclosures of misconduct from being brought to the attention of the IG. IG offices should be located in areas that foster open and unfettered access to everyone and which are not in proximity to the commander's office. **(T-1)** Active Duty JFHQ IGs will have unfettered access to The NGB Inspector General when circumstances arise within a state involving complaints from Airmen against the command chain within the state.

1.41. Commander Directed Investigations (CDIs).

1.44.1. Newly assigned IGs and IGQ staff members should attend the IG Training Course-Complaints Resolution (IGTC-Q) prior to assignment, but must attend no later than 90 days after assignment. **(T-2)** Air Reserve Component (ARC) members must attend no later than 180 days after assignment. **(T-1)** Training will be coordinated through the MAJCOM/FLDCOM/NGB or equivalent command IG.

1.44.1.1. Under no circumstances will an untrained IG or IG staff member conduct complaint analysis beyond assistance (i.e., no evidence or assertion of misconduct) and/or investigate allegations of misconduct brought forward by a complainant until completing IGTC-Q. **(T-3)**

1.44.1.2. Army and National Guard personnel assigned to NGB/JFHQ IG offices with assigned responsibilities for ANG complaints resolution matters will attend the IGTC-Q as soon as practicable after assignment.

1.44.1.3. Department of the Air Force and Air National Guard personnel assigned to NGB/JFHQ IG offices with assigned responsibilities for ANG complaints resolution matters will attend the IGTC-Q as soon as practical after assignment. **(T-2)**

1.44.1.4. Other DoD or US Government agencies who desire to send IG personnel to AF IG training will nominate their IG personnel directly to SAF/IGQ.

1.44.1.5. Course dates and locations may be found on the SAF/IGQ portal website.

1.44.1.6. IGTC-Q completion provides eligibility for award of Special Experience Identifier YHR for officers and Special Experience Identifier 309 for enlisted.

1.44.2. All IG staff members designated to receive complaints or conduct investigations will be familiar with DAFFD 90-3 and this instruction. **(T-1)**

1.44.3. IGs and their IGQ staff will receive refresher training every three years or if returning to the office after being detailed, deployed, or incurring any other break in service, for at least 12 months. **(T-1)** Refresher training includes attendance at IGTC-Q or any other SAF/IGQ approved refresher training (e.g., MAJCOM conference, IG DoD course, etc.). MAJCOM, FLDCOM, and any “command unit-level” ACTS organization will report the percentage of

IGs with current training dates to SAF/IGQ at the end of each April and October. Training dates will be maintained in ACTS.

1.44.4. For IGs assigned to AF units which conduct intelligence or intelligence-related activities, refer to AFI 14-404 for specific intelligence oversight training requirements.

1.44.5. All IG staff members designated to receive complaints or conduct investigations will complete at a minimum the Combating Trafficking in Persons (CTIP) for Investigative Professionals Training on the Joint Knowledge Online web site:

[https://jkodirect.jten.mil/html/COI.xhtml?course_prefix=J3T&course_number=A-US1328-](https://jkodirect.jten.mil/html/COI.xhtml?course_prefix=J3T&course_number=A-US1328-B)

B. (T-0) SAF/IGQ will maintain a list of additional training tools and resources for all IGQ staffs. The refresher training interval for investigative professionals, after the initial entry training, will be every 3 years IAW DoDI 2200.01, *Combating Trafficking in Persons (CTIP)*.
(T-0)

Section II—Wear of the Inspector General Badge

1.45. Department of the Air Force Inspector General Duty Badge. The IG Duty Badge is required for wear by any military personnel performing official duties, appropriately trained, and assigned to an IG office or performing full-time duties with IGQ.

1.46. Wear Criteria. The IG Duty Badge is worn by assigned military IGQ personnel only under the following conditions:

1.46.1. Upon completion of formalized training. Personnel must complete the Inspector General Training Course-Q or, upon authorization, other SAF/IGQ approved course and be assigned to SAF/IG, or an authorized Inspector General office at a MAJCOM, FLDCOM, NGB, NAF, Center, JFHQ, Delta, or Wing. **(T-2)**

1.46.2. The badge is not authorized for continued wear when no longer assigned to an authorized IG position or when withdrawn for cause by the Commander. **(T-2)**

Section IJ—Education of Department of the Air Force Personnel

1.47. Educating Department of the Air Force Personnel on the IG System.

1.47.1. IGs at every level are responsible for ensuring Department of the Air Force members are aware of and understand their rights and responsibilities regarding the IG Complaints Resolution Program. **(T-3)** Document any training conducted in ACTS using DAFCRPSG Attachment 22 as a template.

1.47.2. IGs at every level will actively publicize the IG CRP and train Department of the Air Force members by taking the following actions. **(T-3)**

1.47.2.1. Publicize the IG Complaints Hotline through base websites/newspapers, bulletins, newcomers' orientations, staff meetings, commander's calls, and by visiting work areas. **(T-3)**

1.47.2.2. Distribute IG Complaints Resolution Program posters for unit high traffic areas (for maximum exposure), reflecting the IG's name, location, and contact information, and the DoD Hotline, AF Complaints Hotline, MAJCOM Hotline, FLDCOM Hotline, and any base level hotline. **(T-3)** The purpose of these posters is to assist personnel in contacting

the IG. IGs at every level are authorized to develop and publish visual aids using DAFI 90-301 as the prescribing directive.

1.47.2.3. Educate personnel on how to use the IG system and the Department of the Air Force policy on reprisal and restriction. **(T-3)**

1.47.2.4. Educate commanders and civilian leaders (squadron and above) within 90 days of their assignment:

1.47.2.4.1. On reporting responsibilities regarding allegations against senior officials (see **Chapter 8**) and open investigations against officers (2d Lt through Col) (see **Chapter 7**). **(T-3)**

1.47.2.4.2. On reporting responsibilities regarding substantiated findings of misconduct and/or adverse information against officers, including documentation requirements detailed in **Chapter 7**. **(T-3)**

1.47.2.4.3. On the rights of service members to make protected communications. **(T-3)**

1.47.2.4.4. On responsibilities regarding processing non-IG issues referred to them for appropriate action. **(T-3)**

1.47.2.5. Locally disseminate IG-related news, innovative ideas, and lessons learned. **(T-3)**

1.47.2.6. On reporting responsibilities regarding allegations, and all follow-up actions specified in **paragraph 3.12.1** and sub-paragraphs, that a service member engaged in an activity prohibited under paragraphs 8 through 10. of Enclosure 3 to DoDI 1325.06, *Handling Protest, Extremist, and Criminal Gang Activities Among Members of the Armed Forces*, to Wing, Delta, or servicing IG office no later than 30 calendar days after receiving an allegation. For Air Reserve Component (ARC) officials, transmission is required not later than 60 calendar days.

1.48. IG Oath. The IG oath reminds inspectors and inspection augmentees of the special trust and confidence inherent with the IG position and of the need for impartial and independent evaluations on behalf of the commander. Uniformed personnel and Department of the Air Force civilians performing duties on behalf of the IG will take the IG oath (**Figure 1.1**). **(T-1)**

1.48.1. Administering the IG Oath. Normally, the IG oath will be administered at the conclusion of IGTC. Otherwise, the commander will administer the IG oath to the IG (delegable to the deputy commander/MAJCOM IG). **(T-3)**

Figure 1.1. Oath for personnel assigned to the IG.

I, _____, having been assigned as an Inspector General (or a member of a MAJCOM/FLDCOM/Wing Inspection Team), do solemnly swear (or affirm) that I accept the special obligations and responsibilities of the position freely, that I will uphold the standards for Inspectors General prescribed by Law and regulations and that I will discharge investigative (or inspection) duties without prejudice, bias or partiality on behalf of the commander. [So help me God.]

Chapter 2

FILING AN IG COMPLAINT

Section 2A—Filing a Complaint

2.1. Procedure for Filing an IG Complaint.

2.1.1. In accordance with AFI 1-1, *Air Force Standards*, Department of the Air Force military personnel, unless otherwise exempted by operation of law, regulation, or policy, have a duty to promptly report fraud, waste, abuse or gross mismanagement; a violation of law, policy, procedures, instructions, or regulations; an injustice; abuse of authority, inappropriate conduct, or misconduct (as defined by this instruction); or a deficiency or like condition, through appropriate supervisory channels, to an IG or other appropriate inspector, or through an established grievance channel. Civilian employees (appropriated and nonappropriated fund) should report such activities and conduct IAW DAFI 36-147, *Civilian Conduct and Responsibility*. Fraud, waste and abuse complaints may also be reported to the AFAA, AFOSI, Security Forces, or other proper authority. All military and civilian employees, unless otherwise exempted by operation of law, regulation, or policy, must promptly advise the AFOSI of suspected criminal misconduct or fraud.

2.1.2. Complainants should, but are not required to, attempt to resolve complaints at the lowest possible level (appropriate for the circumstances) using supervisory channels before addressing them to higher-level command channels or the IG.

2.1.3. When complaints are addressed to a higher level (the President, Congress, IG DoD, CSAF, SAF/IG, etc.), the IG office tasked with the complaint will determine the appropriate level or organization for redress of the complaint. The complaint may be referred back to the complainant's local IG for resolution.

2.1.4. When complainants send the same or a similar complaint to several levels of the government, the highest level with which the complainant corresponds will reply, unless determined otherwise by the higher level office or other directives. **(T-1)** If it is decided that a lower level will respond, the IG must inform the complainant he/she will not receive separate replies from various levels of the government and inform the complainant which level will provide the response. **(T-1)** IGs must verify the higher level of government is addressing the complaint before it is closed at the lower level.

2.1.5. Complainants use DAF Form 102, *Inspector General Complaint Form*, to file complaints with an IG. DAF Form 102 collects name, grade/rank, military status, contact information and sufficient information regarding the complainant's issue to assist in resolution of the complaint. Use of the DAF Form 102 is not required, but highly recommended.

2.2. Approval of Official Travel to Submit Complaints.

2.2.1. Complainants normally do not travel at government expense to present a complaint unless authorized. If authorized, funding will come from the complainant's unit or will be funded by complainant's personal funds and travel will be conducted in leave or permissive TDY status. Such travel may only be funded IAW the Joint Travel Regulations.

2.2.2. Requests to travel to meet with SAF/IG personnel must be coordinated with SAF/IGS or SAF/IGQ prior to unit approval of the TDY request.

2.3. Complaints Resolved Through Other Agencies and Grievance Channels.

2.3.1. The IG Complaints Resolution Program may result in complaints being addressed through other established grievance or appeal channels, unless there is evidence those channels mishandled the matter or process.

2.3.1.1. If a policy directive or instruction provides a specific means of redress or appeal of a grievance, complainants should exhaust those procedures.

2.3.1.2. Complainants must provide relevant evidence that the process was mishandled or handled prejudicially before the IG will process a complaint of mishandling. Mere dissatisfaction or disagreement with the outcome or findings of an alternative grievance or appeal process is an insufficient basis to establish IG mishandling.

2.3.2. **Table 3.7** outlines agencies with established programs for the redress of various complaints. The table is not all-inclusive. Matters without specific grievance channels or not mentioned in **Table 3.7** may generally be referred to the appropriate level of the chain of command.

Section 2B—Complainant’s Rights and Responsibilities

2.4. Complainant’s Rights.

2.4.1. Any person may file a complaint with the Inspector General.

2.4.2. In accordance with The Inspector General Act of 1978, as amended by The Inspector General Reform Act of 2008, Title 5 Appendix 3, Section 7; Complaints by Employees, Disclosure of Identity, Reprisals:

2.4.2.1. The Inspector General may receive and investigate complaints or information from an employee (employee in this context includes military, civilian and nonappropriated fund employees) of the establishment concerning the possible existence of an activity constituting a violation of law, rules, or regulations, or mismanagement, gross waste of funds, abuse of authority or a substantial and specific danger to the public health and safety.

2.4.2.2. The Inspector General shall not, after receipt of a complaint or information from an employee, disclose the identity of the employee without the consent of the employee, unless the Inspector General determines such disclosure is unavoidable during the course of the investigation.

2.4.2.3. Any employee who has authority to take, direct others to take, recommend, or approve any personnel action, shall not, with respect to such authority, take or threaten to take any personnel action against any employee as a reprisal for making a complaint or disclosing information to an Inspector General, unless the complaint was made, or the information disclosed, with the knowledge that it was false or with willful disregard for its truth or falsity.

2.4.3. Complainants have the right to:

2.4.3.1. File an IG complaint at any level without going through their supervisory channel.

2.4.3.2. File a complaint with an IG without fear of reprisal.

2.4.3.3. Request withdrawal of their IG complaint in writing; however, IGs may still examine the issues at their discretion and treat it as a third-party complaint.

2.4.3.4. Request the next higher-level IG review the lower-level IGs resolution path determination within 90 days of receiving the IG response. However, simply disagreeing with the action taken will not justify additional IG review. The request for review must:

2.4.3.4.1. Be in writing and give specific reasons why the complainant believes the original IG complaint resolution was not valid or adequate.

2.4.3.4.2. Provide additional new and compelling information to justify a higher-level review on previously considered issues.

2.4.3.4.3. Request review by the referral agency, or, if appropriate, the next higher organizational level within that agency, when a complaint is referred by the IG to an agency outside of the IG.

2.4.3.4.4. Requests for reconsideration of IG resolution strategy must go to the higher level IG. For referrals, complainants may request reconsideration of the complaint resolution to the next level in the chain of command or appropriate agency. Requests for reconsideration must be filed within 90 days of receiving the resolution from the IG.

2.4.3.5. Submit complaints anonymously. Additionally, when the complainant's identity is known, the complainant may still elect to be treated as an anonymous filer when submitting the complaint. This is not the same as a complainant electing to not release the complainant's identity outside of the IG system. For anonymous complaints, the ACTS record should not reflect the identity of the complainant, if known. For complainants who do not consent to release of their identity, the IG will obtain the referral agency response and forward to the complainant.

2.4.3.6. Submit a complaint if they reasonably believe inappropriate conduct has occurred, or a wrong or violation of law, policy, procedure, instruction, or regulation has been committed, even if the complainant is not the wronged party or was not affected by the alleged violation. Individuals who have witnessed a violation or misconduct first-hand, or have direct evidence a violation or misconduct took place, will be considered first-party complainants.

2.4.3.6.1. Individuals who submit a complaint on behalf of another individual against an DAF military member, civil service employee, program, or organization; or only have indirect evidence of a violation or misconduct will be considered third-party complainants. Third-party complainants are not entitled to a response regarding the substance of alleged wrongs not directly affecting them. Third-party complainants are only entitled to have receipt of their complaint acknowledged.

2.4.3.6.2. Third-party complainants are not entitled to personal information or other information not releasable to the public under the FOIA/Privacy Act (PA). To release personal information concerning a first-party individual (complainant, subject), a written and signed consent to release private information must be acquired from the affected individual. **(T-2)** If the individual does not give his or her consent to release

first-party information to a third party, IGs must inform the requestor that personal privacy information will not be released. See **Chapter 10** for additional release information. Lawyers representing complainants are not considered third-party and may receive information regarding complaint on behalf of the complainant, if written proof of representation is provided.

2.4.3.7. Request whistleblower protection under 10 USC § 1034 if they are military members and believe they have been reprimanded for making or preparing a protected communication. Refer to **Chapter 5** for more specific information regarding reprisal complaints.

2.4.3.8. File complaints with allegations that have been previously investigated and then reviewed by a higher-level IG office. If the current complaint does not provide new information or evidence that justifies further investigation, it will be dismissed.

2.4.3.9. Address their complaints to any IG if their unit does not have an appointed IG.

2.4.3.10. Contact an IG or Member of Congress regarding any issue.

2.5. Complainants' Responsibilities.

2.5.1. Normally, complainants will prepare, sign, and submit to an IG an DAF Form 102 to ensure awareness of the Privacy Act and their responsibilities. Complainants making verbal or telephonic complaints should normally return a completed DAF Form 102 to an IG within 5 calendar days. Complaints not submitted on an DAF Form 102 should be drafted following the same format outlined in **Table 2.1**, steps 3, 4 and 5.

2.5.2. Time limit: An evaluation of timeliness is fact-dependent, taking into account factors such as whether there is a known complainant, the specificity of the allegation, how long the complainant has known about the alleged misconduct, the ability to conduct a focused investigation, etc. While there is no stringent rule regarding timeliness, complainants should submit IG complaints in a timely manner in order for the IG to resolve them effectively. Complaints should be submitted to the IG within 90 days of learning of the alleged misconduct, and within one year of learning of the alleged misconduct for reprisal complaints. There is no time limit for filing restriction complaints. IG complaints not reported within the appropriate time limit may seriously impede the gathering of evidence and testimony. IGs may accept and refer complaints that exceed the above time requirements if the complaint is of special Department of the Air Force interest or the complainant is able to demonstrate that he/she was unable to meet the time standards due to unforeseen or extraordinary circumstances, and such circumstances justifies the delay. The IG may dismiss a complaint if, given the nature of the alleged wrong and the passage of time, there is a reasonable probability insufficient information can be gathered to make a determination, and/or no special Department of the Air Force interests exist to justify investigating the matter. See **paragraph 3.22** and **Table 3.13**.

2.5.3. Cooperation. Complainants must cooperate with IGs and IOs by providing factual and relevant information regarding the issues and/or allegations (unless exercising Article 31 of the Uniform Code of Military Justice (UCMJ), or Fifth Amendment of the United States Constitution rights). If complainants do not cooperate, the IG may dismiss the complaint if the IG is unable to conduct a thorough complaint analysis due to lack of information. Complainants will be allowed at least 10 calendar days to provide requested information prior to the IG dismissing their complaint. The case may be dismissed IAW **Table 3.13**, Rule 4 if

after three attempts within 10 days by the IG, the complainant fails to respond to requests for additional information. If a complaint is dismissed, and complainant later files the same complaint issues, the complaint will be accepted as a new complaint (i.e., with a new ACTS file reference number).

2.5.4. Truthfulness. Complainants providing information to the Department of the Air Force IG system must understand they are submitting official statements within official Department of the Air Force channels. Therefore, they remain subject to punitive action (or adverse administrative action) for knowingly making false statements and for submitting other unlawful communications. Additionally, unless otherwise protected by law, any information complainants provide to the IG is subject to release during or after the IG inquiry.

2.5.5. In situations where a complainant has a documented history of presenting patterns of issues or allegations that are false, baseless, malicious, deceptive, defamatory, improbable, or previously addressed as baseless, not substantiated, or not appropriate for the Department of the Air Force IG System, the IG may limit the response or resolution path to the complainant.

2.6. Removing Complaints from the IG System.

2.6.1. Complainants may elect to withdraw a complaint from IG channels in writing. Withdrawing the complaint does not prohibit the complainant from submitting the complaint to another grievance channel for resolution. However, IGs may elect to address the complaint if the allegations identify a wrong or a violation of law, policy, procedure, regulation or other recognized standard. **Exception:** Allegations of reprisal or restriction must be resolved within IG channels. **(T-0)**

2.6.2. Unless there is evidence of mishandling by the appropriate grievance agency/channel, IGs will direct, via assistance or referral, complaints that belong in another Department of the Air Force investigative or grievance channel to the appropriate grievance channel. See [paragraph 3.15](#) and [Table 3.7](#) for assistance in determining if a complaint belongs in other channels.

2.6.2.1. Inform the complainant of the alternatives and advise the complainant it would be appropriate to submit their complaint via that channel.

2.6.2.2. IGs may refer a complaint even if the complainant disagrees with the referral. Such referrals may include, but are not limited to: allegations of crimes, notice of danger to people and/or property, personnel matters, and problems with potential impact on national defense.

2.7. Requests to Delay Command or Personnel Actions.

2.7.1. IGs cannot delay command and personnel actions based on the filing of an IG complaint or the initiation of an IG investigation. Filing an IG complaint will not delay or prevent completion of command actions such as reassignment, retirement, discharge, nonjudicial punishment, etc., unless deemed necessary by appropriate commanders.

2.7.2. IGs do not have the authority to place individuals on administrative hold. The authority to place an individual on administrative hold or to delay command action rests only with commanders and the respective personnel center. Therefore, complainants must submit such requests through their respective commander or servicing personnel office.

Section 2C—How to File an IG Complaint

2.8. Procedures for Filing an IG Complaint.

2.8.1. Complainants may file complaints through an IG Complaints Hotline, the DoD Hotline, or directly with an IG. Complainants may file anonymously.

2.8.2. Complainants should follow the steps in **Table 2.1** and complete an DAF Form 102, *Inspector General Complaint Form*, prior to filing a complaint with the IG office.

2.8.3. Complaints not submitted on a DAF Form 102 should draft their complaint following the same format outlined in **Table 2.1**, steps 3, 4 and 5. Complaints not submitted in the outlined format may cause a delay in the processing of the complaint and the determination of IG action.

Table 2.1. How to File a Complaint.

Step	Action
1	If unable to resolve the complaint in supervisory channels, review Table 3.6 to determine if the complaint should be filed with the IG. Complainants should file a complaint if they reasonably believe inappropriate conduct has occurred or a violation of law, policy, procedure, instruction, or regulation has been committed.
2	Complete the personal data information on an DAF Form 102 (typed or printed legibly), the preferred format for submitting complaints so it may easily be reproduced.
3	Briefly outline the facts and relevant background information related to the issue or complaint on the DAF Form 102 in chronological order. The complainant should include witnesses who can corroborate the allegations or provide additional evidence relevant to the issues. The complainant is responsible for describing what each recommended witness can provide regarding the issues and/or allegations.
4	List the issues and/or allegations of misconduct BRIEFLY , in general terms, and provide supporting narrative detail including chronology and documents. Allegations should be written as bullets and should answer: <ol style="list-style-type: none"> 1. When did the issue occur? 2. Where did the issue occur? 3. Who took the action in question 1. (e.g., Maj John A. Smith, XXSQ/CC)? 4. What did the person (or people) in question 3. do (e.g., gave a letter of reprimand, wasted resources)? 5. To whom did the action in question 4. happen (e.g., complainant, SSgt Smith, etc.)? 6. What law or regulation was violated (e.g., DAFI 36-2803, <i>Military Awards and Decorations Program</i>, 10 U.S.C, etc.)? 7. What remedy is being sought?

5	If more than 90 days (one year for reprisal, no limit for restriction) have elapsed since learning of the alleged wrong, the complaint should also include: <ol style="list-style-type: none">1. The date the complainant first became aware of the conduct.2. How the complainant became aware of the conduct.3. Why the complainant delayed filing the complaint.
6	Submit the completed DAF Form 102 to any Department of the Air Force IG and set up a follow-on meeting to discuss the complaint.
7	If an IG is named in the complaint, contact the next higher-level IG.

Chapter 3

MANAGING IG COMPLAINTS

Section 3A—Introduction to the Complaints Resolution Process

3.1. Overview. This chapter instructs IGs at every organizational level how to manage and process IG complaints and discusses the complaint lifecycle from receipt through resolution. The Department of the Air Force endorses a proactive oversight and follow-up system that achieves the high program standards described in the President’s Council on Integrity and Efficiency, *Quality Standards for Federal Offices of Inspector General*.

3.2. Protection of Information. A key goal of the IG CRP is to facilitate a complaints resolution environment that promotes confidence in Department of the Air Force leadership. Assurance that an individual's privacy will be safeguarded to the maximum extent practicable encourages voluntary cooperation and promotes a climate of openness in identifying issues requiring leadership intervention. Specifically, the IG has the responsibility to safeguard the personal identity of individuals seeking assistance or participating in an IG process, such as an investigation, including complainants, witnesses and subjects. While this does not mean communications made to an IG are privileged or confidential, it does mean disclosure of those communications (and the identity of the communicant) should be strictly limited to an official, need-to-know basis. This information should not be disclosed unless required by law or regulation, when necessary to take adverse action against a subject, or with the approval of SAF/IG, or IAW [paragraph 3.2.2](#). See [Chapter 10](#) for guidance on the Department of the Air Force IG Records Release Program. Persons who request anonymity or who express a concern about confidentiality must be informed of this policy. All personnel reviewing or processing IG information shall be briefed on this policy. **(T-1)** All IGs and staff members are obligated to protect IG information when their tenure of service as an IG is completed. The following guidance applies to all personnel at all organizational levels:

3.2.1. IG personnel must protect the identity of all complainants as described in [paragraph 3.2](#). **(T-0)** At the time the IG receives a complaint, he or she will advise the complainant that in accordance with The Inspector General Act of 1978, as amended by The Inspector General Reform Act of 2008, Title 5 Appendix 3, Section 7; Complaints by Employees, Disclosure of Identity, Reprisals:

3.2.1.1. The Inspector General may receive and investigate complaints or information from an employee (employee in this context includes military, civilian and nonappropriated fund employees) of the establishment concerning the possible existence of an activity constituting a violation of law, rules, or regulations, or mismanagement, gross waste of funds, abuse of authority or a substantial and specific danger to the public health and safety.

3.2.1.2. The Inspector General shall not, after receipt of a complaint or information from an employee, disclose the identity of the employee without the consent of the employee, unless the Inspector General determines such disclosure is unavoidable during the course of the investigation and/or complaint analysis. **(T-0)**

3.2.1.3. Any employee who has authority to take, direct others to take, recommend, or approve any personnel action, shall not, with respect to such authority, take or threaten to take any action against any employee as a reprisal for making a complaint or disclosing

information to an Inspector General, unless the complaint was made or the information disclosed with the knowledge that it was false or with willful disregard for its truth or falsity.

3.2.2. IGs/IOs should not divulge a complainant's name to a subject or to any witness, or permit a witness to read the complaint without the appointing authority's written permission (reference [paragraph 4.10.8.](#)).

3.2.3. In accordance with DoDI 7050.01, *DoD Hotline Program*, inspector general personnel may disclose the identity of the complainant when:

3.2.3.1. It is necessary to address an emergency situation; or

3.2.3.2. Transfer of cases to local law enforcement or other authorities outside the Department of the Air Force in instances where the recipient has jurisdiction over the matter or where complainants appear to be a danger to themselves or others or appear in need of assistance by local health officials. In such instances, the inspector general will provide a Privacy Act Notice to the complainant informing them where and why their identity was disclosed (unless the privacy notice may jeopardize safety or compromise an investigation).

3.3. Procedures for Managing IG Complaints.

3.3.1. IG complaints will be managed in a manner that facilitates efficient and effective mission accomplishment. **(T-1)** IG complaints will be reported and resolved with due diligence and in a timely manner. **(T-1)** IGs at all organizational levels must document all complaints and adhere to the process timeline outlined in [Table 3.1.](#) **(T-1)** Complaints within the purview of the IG CRP should be addressed at the lowest appropriate level, including high-level complaints (e.g., those sent to the President, Congress, DoD, SECAF, SAF/IG). This ensures the higher-level IGs remain unbiased and are available to review any rebuttals or appeals of the lower-level investigations or actions.

3.3.2. IGs should resolve complaints at the lowest possible level, but may elevate complaints when appropriate. IGs must elevate complaints when self-investigation or the perception of self-investigation is an issue. Complaints that involve a conflict of interest with the local chain of command will be referred to the next-level of command. Complaints that involve a conflict of interest with the IG, will be transferred to the next-level IG. Even perceptions of conflict of interest can undermine the confidence of our Airmen and Guardians in the IG system. If in doubt on specific cases, consult with your MAJCOM/FLDCOM/NGB IGs. Complaints involving the local chain of command should not be referred back to the local chain of command and must be elevated at least one level up.

3.3.3. Complaints against senior officials will be processed IAW [Chapter 8.](#) **(T-0)**

3.3.4. Complaints against all officers (or civil servants grade 15) will be processed IAW [Chapter 7.](#) **(T-0)**

3.3.5. Complaints of Primary Interest Under the Department of the Air Force CRP. IGs will always retain responsibility to resolve complaints of:

3.3.5.1. Reprisal (see [Chapter 5.](#)) **(T-0)**

3.3.5.2. Restriction (see [Chapter 6.](#)) **(T-0)**

3.3.5.3. IG misconduct regarding actions taken relating to the CRP or Air Force Inspection System (AFIS). The next higher-level IG will conduct the complaint analysis and investigate complaints if required.

3.4. The Complaint Resolution Process. To assist IGs in managing complaints, the following table describes actions required to resolve a complaint from receipt through investigation to closure. The process contains 15 steps and is divided into 3 phases: complaint analysis, investigation, and quality review. The goal for completing assistance and dismissal cases is 30 days (contact, 5 days; conduct complaint analysis, 20 days; finalize complaint analysis and determine resolution path, 5 days). **(T-1)** For referrals, 30 days for decision to refer, and 60 days for a response from command. For Air National Guard and Air Force Reserve IGs: To meet the goal to resolve all case matters promptly, Phase 1 actions need to be completed no later than the end of the next unit training assembly (UTA) after receipt of the complaint.

Complaint Analysis

Section 3B—Step 1: Contact (< 5 Days)

3.5. Procedure for Receiving Complaints. Air Force, Space Force, Air National Guard, and Air Force Reserve IGs receive and process complaints from any source (including anonymous), via any medium, regarding operations, organizations, functions, and personnel. IGs can accept telephonic and verbal complaints, but every attempt should be made to obtain a written complaint. For telephonic and verbal complaints, IGs should obtain adequate information for clarification and follow-up actions. IGs will enter all contact/complaint data into ACTS within 5 calendar days of initial contact (or by the conclusion of the UTA for the Air Reserve Component (ARC)). **(T-1)** Follow the administrative procedures in [Table 3.2](#) to process complaints made to their office.

Table 3.2. Processing Complaints.

Step	Action
1	Log complaint into the ACTS database (Note: ACTS case notes should contain a complete description of the facts, sequence of IG actions taken, record of persons/organizations contacted, and date contact was made.)
2	Mark/type/insert text, “CUI” and “COMPLAINANT PROVIDED” on each page of documents provided by the complainant. Load as a portable document file (PDF) attachment to the ACTS case file and put a check mark in the “complainant provided” box. The IG loading the documents in ACTS must mark them complainant provided.

3	Contact complainant in writing, by telephone, or in person within 5 duty days to acknowledge receipt (unless received directly from complainant). Provide a periodic update to the complainant, regardless of resolution path (to include referrals), 60 days after receipt of the complaint and every 60 days (for ANG/Air Force Reserve: every other UTA weekend) thereafter until a final response is provided. Log the periodic update in ACTS and add a case note to reflect completion of the update. If the update is done via memo or email, upload the memo or email to the Attachment Tab.

3.6. Higher Headquarters Taskings.

3.6.1. When complaints are addressed to a higher-level IG office, that office will decide if tasking to a lower-level IG is appropriate by determining whether:

- 3.6.1.1. The complaint was previously addressed and merits a higher-level IG review.
- 3.6.1.2. There is a need to avoid the appearance of self-investigation at a lower level.
- 3.6.1.3. There is evidence the lower-level IG or command may be biased.

3.6.2. Absent any of the circumstances described in [paragraph 3.6.1](#), the higher-level IG should transfer the complaint to the lower level IG for complaint resolution. This ensures the higher-level IG office remains unbiased and is available to review any rebuttals or appeals of the lower-level investigation.

3.7. Complaint Intake Procedures. Thoroughly understanding a complaint is the foundation for conducting a complete and accurate complaint analysis. The IG will conduct a complaint intake for all cases using the procedures in [Table 3.3. \(T-1\)](#) Fully document the contact in ACTS.

Table 3.3. How to Conduct a Complaint Intake.

Step	Action
1	Find a private location if the complaint is made in person.
2	If the complainant has not yet done so, ask them to complete a DAF Form 102 or some other record that documents their complaint.
3	Determine if the individual has sought assistance from an appropriate support agency (for example military personnel section, finance, or equal opportunity office). Advise them to go to that agency if they have not. Refer to Table 3.7 .
4	If the complainant has not talked to their supervisory channel, find out why. Unless circumstances warrant otherwise, encourage the complainant to utilize the chain of command first. Explain why this is the preferred approach (faster resolution, commanders have the authority to remedy the situation, etc.). Explain if the matter is clearly a command issue and not an IG matter, the complaint should be addressed by supervisory or command channels regardless of the desires of the complainant.
5	If it has been more than 90 days since the complainant learned of the alleged wrong, one year for reprisal cases (no time limit for restriction cases), inform them the complaint may be dismissed. Explain that complaints are reviewed for dismissal on a case-by-case basis and the length of time since the alleged event can seriously impede the effectiveness of an investigation. Ask the complainant why they delayed filing the complaint and if there were compelling circumstances that justified the delay.

6	Ask the complainant to clarify their issues and provide a chronology, as necessary. Generally, a statement of fact must identify the nature and substance of the alleged wrong with sufficient detail and facts to enable the IG to ascertain what potential violations may have been committed. The complainant should also identify the source (for example, the documents or names of witnesses who can corroborate the issue); the date; and the act or condition that occurred or existed at that date. Obtain answers to the questions identified in sections II and III on the DAF Form 102. If the complainant alleges reprisal or restriction, or words to that effect, explain the whistleblower protection afforded by 10 USC § 1034 and have complainant sign the Department of the Air Force Complaint Resolution Program Supplemental Guide Attachment 14 Whistleblower Protection Under 10 USC § 1034. Explain to all military complainants that their communication with the IG is protected under 10 USC § 1034.
7	Advise the complainant any records or documents he/she provides to the IG become part of an IG record and are not returnable unless they complete a FOIA request. See Chapter 10 and AFI 33-332, <i>Air Force Privacy and Civil Liberties Program</i> . At the time of intake, ask complainant if he or she has copies of his or her complaint.
8	Ask the complainant what remedy is being sought. Advise complainant the IG does not have the authority to direct actions to initiate remedy sought by complainant. Additionally, explain that IGs cannot delay or prevent command and personnel actions nor do IGs have the authority to place individuals on administrative hold.
9	Explain the steps involved in processing an IG complaint and/or conducting an investigation.
10	Inform the complainant when you expect to get back to him/her. See Table 3.4 for complaint clarification procedures.

3.7.1. Complaint Clarification Procedures. Complaint clarification interviews may be necessary, but are not required for allegations being referred outside of IG channels, transferred to another Department of the Air Force IG, or those addressed through assistance. All IGs receiving complaints that allege misconduct to be addressed in IG channels will complete a complaint clarification interview after the initial complaint intake. **(T-1)** This interview must be documented and attached in the ACTS case file before the Inspector General of the Department of Defense, Whistleblower Reprisal Investigations (IG DoD/WRI) will approve the case recommendation. **(T-0)** Follow the steps in **Table 3.4** when conducting a complaint clarification. **(T-1)**

3.7.1.1. It is highly recommended that this interview be recorded so that it is available for verbatim transcription if needed for analysis and report documentation later during the inquiry process. In the absence of the ability to transcribe the complaint clarification interview, the IG may summarize the testimony using the recorded interview and request the complainant certify the IG's summarized complainant's testimony as accurate. If unable to record the complaint clarification interview, document the discussion with a memo for record (MFR) stating when the interview occurred, the medium by which it was conducted, and a general synopsis of the contents of the discussion. **(T-1)**

3.7.1.2. If the IG is unable to complete a complaint clarification interview with the complainant, the complainant will be asked to complete a signed memorandum detailing his or her testimony. Email is acceptable.

Table 3.4. How to Conduct a Complaint Clarification.

Step	Action
For cases that do not involve 10 USC § 1034 issues	
1	Review DAF Form 102 and any other documentation provided by the complainant.
2	Update/create chronology based on review of information received during Intake and complaint analysis conducted by the IG. Starting with a solid chronology based on information learned at intake is critical and will allow the IG to better validate the dates and key details with the complainant.
3	Acquire relevant documents, as necessary, so evidence is available to ensure an accurate complaint clarification can be performed.
4	Contact the complainant to schedule the clarification interview (can be accomplished in-person, via telephone, or with an interrogatory. Email is acceptable). If a complainant requests the presence of legal representation during the interview, it may be granted.
5	Ask questions to clarify the issues to determine the best resolution strategy. Recording the complaint clarification is encouraged; however, recorded or not, the interview will be summarized and attached as part of the ACTS case file. (Note: If the interview is recorded, complainant must acknowledge awareness of the recording.)
For cases that involve 10 USC § 1034 issues	
6	The IG should focus the complaint clarification interview on the protected communications, personnel actions and information that suggests the possibility of a causal connection between the protected communications and the personnel actions. Include questions that identify potential responsible management officials, their knowledge of protected communications, and what motive they would have to reprise against the complainant. Have complainant explain why he/she believes the personnel actions were taken in reprisal. See DoDI 7050.09, <i>Uniform Standards for Evaluating and Investigating Military Reprisal or Restriction Complaints</i> and the DoD Guide to Investigating Military Whistleblower Reprisal and Restriction Complaints for example questions.
7	Obtain as much detail as possible. Dates are particularly important regarding the protected communications and personnel actions and whether an inference of reprisal is evident.
8	As necessary, ask complainant to provide what information each witness identified in the complaint can provide regarding the issues being addressed. Failure to identify primary witnesses early can lead to insufficient fact-gathering and analysis.
9	When evaluating restriction issues, clarification interview questions should focus on what was done or said to restrict the member. Keep in mind that allegations of restriction are not subject to the 1 year filing deadline.
10	If complaint clarification interview is completed prior to submitting reprisal and restriction notification, annotate with entry in “Comments” section. If the interview is conducted after the notification was made, record in “Date Complainant Interviewed” block on the decision document.

Section 3C—Step 2: Analysis (≤ 20 Days) Conducting a Complaint Analysis

3.8. Procedure for Complaint Analysis. In each case, IGs at every organizational level will conduct a thorough complaint analysis to determine the appropriate complaint resolution strategy. **(T-1)** A complaint analysis is always required and results in: assistance, dismissal, investigation, referral or transfer of the complaint. Complaints containing multiple assertions may require multiple resolution strategies, e.g., transfer, assist, referral, dismissal and/or investigation. For every contact, document the rationale for the selected resolution strategy in ACTS in accordance with [paragraph 3.11.2](#).

3.8.1. When complaints have different resolution strategies (e.g., assist, referral, and dismissal), or the same resolution strategies but to different agencies, create an additional ACTS case for each resolution strategy. **(T-2)** Cross-reference cases in the “Nature of Complaint.” **(T-2)**

3.8.2. When transferring portions of contacts/complainants to different IGs, create an additional ACTS case for the transfer.

3.8.3. All IGs, during the complaint analysis process, will consider whether the evidence supports allegations of reprisal and restriction regardless of whether the complainant specifically makes those allegations. **(T-1)** If complainant does not think they received an adverse action in reprisal, analyze the complaint as a non-reprisal complaint.

3.9. Conducting a Complaint Analysis. A complaint analysis is a preliminary review of assertions and evidence to determine the potential validity and relevance of the issues to the Department of the Air Force and to determine what action, if any, is necessary within IG, supervisory, or other channels.

3.9.1. During complaint analysis, complaints of misconduct will be treated as issues until it is determined through the analysis that further investigation is warranted. **(T-1)** If a complaint analysis recommends further investigation, the IG will conclude the analysis of each issue in the complaint analysis by framing proper allegation(s) for investigation. **(T-1)** Refer to [paragraph 5.5](#) when completing a complaint analysis into allegations of reprisal or [paragraph 6.5](#) for allegations of restriction. If the complaint analysis recommends dismissal, in that an investigation is not warranted, then the IG will conclude the analysis of those issues as issues rather than allegations. **(T-1)** When framing allegations, IGs shall consult with their servicing legal office to ensure that all allegations clearly and concisely identify the complainant's assertions as specific violations of law, regulation, procedure. **(T-2)**

3.9.2. A framed allegation is a factual proposition to be proved or disproved during an investigation, and which if true, would constitute misconduct. If an allegation cannot be properly framed, then an investigation is inappropriate. Framed allegations must contain the following: **(T-1)**

3.9.2.1. When did the alleged violation occur?

3.9.2.2. Who committed the alleged violation?

3.9.2.3. What violation was committed?

3.9.2.4. What law, regulation, procedure, standard, or policy was violated?

3.9.2.5. A properly framed allegation is constructed as follows:

When (on or about 10 January 2004), **Who** (Major John A. Smith, XX Sq/CC) **did what** (gave a referral EPR to SrA William Tell), **in violation of what standard** (in reprisal for a protected communication in violation of 10 USC § 1034).

3.9.3. Do not combine allegations to simplify the process. If the complainant asserts multiple violations on different occasions, make each of these a separate allegation. The same rule applies when the complaint contains multiple subjects, occurrences, or standards.

3.10. Complaint Analysis Procedures. Use the complaint analysis procedures in **Table 3.5** to determine the appropriate complaint resolution strategy.

Table 3.5. How to Conduct a Complaint Analysis.

Step	Action
1	If issues are appropriate for IG action but should be addressed by another IG, see paragraph 3.14 and Table 3.8 . If appropriate for transfer to another IG, follow the guidance in paragraph 3.15 and Table 3.9 .
2	Determine if the complaint is appropriate for IG channels, typically complaints of reprisal, of restriction, or against IG personnel in the performance of their IG duties. See Table 3.6 .
3	Determine if the issues fall under the category of special interest complaints in Table 3.6 . If issue meets the criteria for a special interest complaint, follow the directions in Table 3.6 . If the issue does not meet the criteria, return to this table.
4	If the complainant, based on information provided by the IG, voluntarily elects to address their personal concerns or alleged misconduct in an alternate grievance channel or outside agency, follow the guidance in paragraph 3.18 and Table 3.10 and resolve the complaint as an assist. If the complainant elects instead to address the issue using the IG CRP, continue with this table as necessary.
5	If Table 3.7 indicates the issues are more suitable for resolution for designated agencies and grievance channels, follow the guidance in paragraph 3.20 and Tables 3.7 and 3.11 .
6	Determine whether the issues are appropriate for dismissal. See Table 3.13 . If appropriate for dismissal, follow the guidance in Table 3.14 .
7	Determine whether the issues asserted are appropriate for investigation. See paragraph 4.2 .
8	Document the rationale for the selected complaint resolution strategy. The complaint analysis documentation in DAFCRPSG Attachment 1 provides a template for documenting complaint analysis. See paragraph 3.11 .
9	Document appropriate complaint information in ACTS, either by case note or as an attachment. See paragraph 3.11 .

3.11. Documenting a Complaint Analysis. IGs and IG staff members at every organizational level will document each complaint analysis and include the rationale for the selected complaint resolution strategy. (T-1)

3.11.1. If, during the initial complaint analysis, the IG deems the complaint should be handled by another IG office, contact that IG office and discuss rationale of potential transfer. If transferred, the gaining IG office will accomplish a detailed complaint analysis and required documentation. **(T-1)**

3.11.2. Document the complaint analysis (see DAFCRPSG Attachment 1, for example) and attach the document to the ACTS case file. **(T-1)** For complaints that are resolved through an assist, dismiss, transfer or referral, the IG can document the complaint analysis in an ACTS case note in place of the complaint analysis documentation letter. The case note must include the background, issues, analysis, and resolution path as separate paragraphs. If any special interest category is marked on the main tab in ACTS, include a discussion of the special interest category in the complaint analysis.

3.11.3. If the complaint analysis recommends an IG investigation, the complaint analysis document must contain properly framed allegations. **(T-1)** For allegations of reprisal, see **Chapter 5** and for allegations of restriction, see **Chapter 6** for additional requirements.

3.11.4. A complaint analysis recommending an IG investigation will be approved by the appointing authority. **(T-1)**

3.12. Processing Allegations/Issues of a Special Nature. **Table 3.6** explains special processing instructions when a complainant makes assertions against senior officials, officers, IGs, or allegations of a special nature.

Table 3.6. Processing Special Interest Complaints. (T-1)

R U L E	A	B
	If the complainant makes assertions...	Then...
1	Against a senior official	Report the allegations IAW paragraph 8.1.2 notify SAF/IGS via SAF/IGQ through MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG using DAFCRPSG Attachment 13 and reference Chapter 8. (T-0) When sending a notify, always notify the agency (NAF, MAJCOM, FLDCOM, or SAF) Group Box. When sending a notify to SAF, always notify the SAF Group Box in ACTS. If the senior official is not a member of the DAF, contact SAF/IGS for assistance.

2	Against a colonel, (but not a colonel-select or GS-15)	Notify SAF/IGQ, through the appropriate MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG, after receiving complaints containing allegations of misconduct against colonels. (T-0) Follow the procedures in Chapter 7 .
3	Against an IG	After consultation and coordination with the next higher-level IG, transfer the complaint to the next higher-level IG for action and document as a transfer in ACTS. When transferring a case to SAF, always transfer to the SAF Group Box in ACTS. (T-1)
4	That a military member was reprimed against for making a protected communication	Advise complainants of whistleblower protection under 10 USC § 1034. Follow the procedures in Chapter 5 . (T-1) If not completed as part of Complaint Intake, Step 6, explain the whistleblower protection afforded by 10 USC § 1034 and have them sign the DAFCRPSG Attachment 14, Whistleblower Protections Under 10 USC §1034.
5	That a military member was restricted	Advise complainants of whistleblower protection under 10 USC § 1034. Follow the procedures in Chapter 6 . (T-1) If not completed as part of Complaint Intake, Step 6, explain the whistleblower protection afforded by 10 USC § 1034 and have them sign the DAFCRPSG Attachment 14, Whistleblower Protections Under 10 USC § 1034.
6	Of violations of Equal Opportunity policy	Assist/Refer, as appropriate, the complaint by directing the complainant to the Equal Opportunity office for a complaint clarification following the procedures in Table 3.7, Rule 11 . (T-1)
7	Of fraud, espionage, sabotage, treason, subversion, disloyal statements, disaffection, or other criminal offenses (i.e., to include but not limited to homicide, use/possession/sale of drugs, theft, etc.)	Consult with the JA and local AFOSI office or AFOSI/IG to determine whether the allegations should be handled through command or law enforcement channels. (T-0)

8	Of sexual harassment	Determine if complainant has made a restricted or unrestricted report of military sexual harassment with SAPR or if the complainant has engaged in any EO complaint processes. If no report or complaint has been made, advise the complainant of his or her options IAW DAFI 36-2710, <i>Equal Opportunity Program</i> or DAFI 90-6001, <i>Sexual Assault Prevention and Response (SAPR) Program</i> . (T-0) Handle case according to complainant's decision regarding reporting of the sexual harassment. (T-1) If referred to EO, no response from EO or SAPR is necessary.
9	Of sexual assault	Determine if complainant has made a restricted or unrestricted report of sexual assault. If no report has been made, advise the complainant of his or her options (restricted or unrestricted) IAW DAFI 90-6001, <i>Sexual Assault Prevention and Response (SAPR) Program</i> . Handle case according to complainant's decision regarding reporting of the sexual assault. (T-1) If referred to command, no response from command is necessary. IGs are not mandatory reporters for purposes of DAFI 90-6001.
10	Of reprisal, ostracism, or maltreatment related to a sexual assault.	Determine if complainant has made a restricted or unrestricted report of sexual assault. If no report has been made, advise the complainant of his or her options (restricted or unrestricted) IAW DAFI 90-6001. (T-1) If complainant has made an unrestricted report of sexual assault, the complainant has the option to file a report of retaliation with SAPR via the DD Form 2910-2. If complainant has made a restricted report of sexual assault, advise the complainant of the consequences of going forward with a complaint (e.g., it will be difficult to maintain the complainant's anonymity or conduct an effective investigation with an anonymous complainant). Ensure notifications of reprisal of a sexual assault victim are sent to IG DoD and clearly emphasize the sexual assault nature of the complaint to determine if they will investigate the allegation IAW DoDI 6495.03. See paragraph 5.4 . (T-1) Close the case as an Assist after DoD IG takes the case. Ostracism and maltreatment are referred to command.
11	Of retaliation (ostracism or maltreatment) not related to sexual assault	Ensure complaint is regarding retaliation not reprisal, then refer to command IAW AFI 36-2909, <i>Air Force Professional Relationships and Conduct</i> . (T-1)

12	Of reprisal affecting eligibility for access to classified information (Presidential Policy Directive – 19, <i>Protecting Whistleblowers with Access to Classified Information</i> , Part B)	Ensure notifications of reprisal clearly emphasize the effect on access to classified information for coordination with IG DoD. See paragraph 5.4 .
13	Of Intelligence Oversight violations	Refer complaints to the senior intelligence officer of the organization where the alleged violation occurred and provide a copy of the complaint to the servicing legal office. (T-1) Refer to AFI 14-404. When creating the ACTS case, do not attach classified documents.
14	Of Civil Liberties violations	Determine if complaint meets the guidelines of AFI 33-332, <i>Air Force Privacy and Civil Liberties Program</i> and annotate the ACTS special interest category as appropriate. (T-1) For a list of civil liberties that must be monitored, see Attachment 1.
15	Through a congressional inquiry	For IG issues contained in congressional inquiries (i.e., reprisal, restriction, and allegations against an IG), see rules 2-4 above as appropriate. Ensure the appropriate box in ACTS is checked.
16	Of a complaint to OSC referred to SECAF and SAF/IG for investigation pursuant to AFI 51-1102, <i>Cooperation with the Office of Special Counsel</i>	Follow procedures in AFI 51-1102. SAF/GC is SECAF’s liaison to OSC for all allegations referred to SAF/IG. SAF/IGQ will closely coordinate with SAF/GC, AF/JA, and the coordinating Air Force Legal Office during the course of any IG Investigations based on OSC referrals IAW AFI 51-1102. (T-1)
16	Of supremacist, extremist, or criminal gang activity	Consult with servicing legal office to determine whether issue should be referred to command or AFOSI. Refer to DAFI 51-508, <i>Political Activities, Free Speech and Freedom of Assembly of Air Force Personnel</i> and DoDI 1325.06, <i>Handling Dissident and Protest Activities Among Members of the Armed Forces</i> . Annotate the appropriate ACTS special interest category. Ensure reporting requirements IAW paragraph 3.12.1 and sub-paragraphs are met. (T-0)

17	Requesting reconsideration of the resolution path of a previous IG complaint.	Complete a complaint analysis and document in ACTS with either a case note IAW paragraph 3.11.3. or an attachment (see Air Force Complaints Resolution Program Supplemental Guide Attachment 1, for example) and follow guidance in Chapter 3 as appropriate.
18	Which are more appropriately handled by another service IG (e.g., Army, Navy, Marine)	Treat as assists except when the complaint asserts misconduct by an Department of the Air Force member. Based on the context and complexity of the complaint, may require coordination with SAF/IGQ and the appropriate service IG.

3.12.1. Reporting and Tracking of Activity Prohibited under Department of Defense Instruction (DoDI) 1325.06, *Handling Protest, Extremist, and Criminal Gang Activities Among Members of the Armed Forces.*

3.12.1.1. Initial reporting of allegations of prohibited activity. The term “referral” in this section indicates placement of allegations under investigation or inquiry by a competent agency outside the AF IG system and should not be confused with the DAFI 90-301 referral resolution path.

3.12.1.1.1. Military criminal investigative organizations, security police, military commanders, and other military organizations and officials must report all allegations to wing, elta, or servicing IG office no later than 30 calendar days after receiving an allegation. **(T-0)** For ARC officials, transmission is required not later than 60 calendar days.

3.12.1.1.2. IG offices receiving these allegations will electronically transmit the initial notification to SAF/IGQ within seven calendar days. **(T-0)**

3.12.1.1.3. SAF/IGQ will then report the allegation to DIG (DIEM) within 15 calendar days of initial wing, delta, or servicing IG notification.

3.12.1.1.4. Allegations received must be reported to DIG (DIEM) in de-identified form. These reports will not include the name, DoD ID number, phone number, or other personally identifiable information that would directly identify alleged offenders or victims. **(T-0)** For alleged offenders, reports will contain only the grade/rank, unit, occupational or specialty code, gender, age, military service, how the offender is alleged to have violated DoDI 1325.06 or other relevant military department or service policies (if applicable), and the date and location of the alleged prohibited conduct (if known, while balancing the need for operational security for open investigations). **(T-0)** For victims, if known, reports should contain only the age, gender, and military service or other military affiliation (as applicable), grade/rank, occupational or specialty code, and unit. SAF/IGQ will coordinate with the DoD IG and DIG (DIEM) to create a D-

- CATSe number to assign to each allegation. This unique identifier will be provided to the commander of any alleged offender, to the organizational party or parties that reported the allegation and to the IG (unless reported in a non-official duty capacity), and to DIG (DIEM). **(T-0)** The D-CATSe number will be used with any future reporting or tracking requirements relating to the same incident. **(T-0)** See DAFCRPSG Attachment 37 for instructions. If more than one Airman or Guardian is implicated by an allegation, the identifier should reflect this fact so that each allegation, and the number of service members involved, can be tracked without over-reporting the total number of allegations (for example, an allegation that the joint actions of three service members constituted active participation in extremist activities might be coded as Case-01, Case-02, and Case-03). To the maximum extent possible, SAF/IQG will work with the Offices of the Army Inspector General, Naval Inspector General, and Inspector General of the Marine Corps to ensure that allegations implicating service members from multiple military services are assigned corresponding D-CATSe number for concurrent tracking.
- 3.12.1.2. All allegations described in [paragraph 1.13.12](#) that are not referred for investigation or inquiry, the commander, or other authority responsible for that determination will notify the wing, delta, or servicing IG of the decision not to proceed within 30 calendar days (60 calendar days for allegations reported to ARC officials) after the decision not to investigate or inquire is made and provide the reason(s) an investigation or inquiry was not initiated. **(T-0)**
- 3.12.1.2.1. IG offices receiving these notifications will electronically transmit the decision to SAF/IQG within seven calendar days. **(T-0)**
- 3.12.1.2.2. SAF/IQG will then report the disposition to DIG (DIEM) within 15 calendar days of initial wing, delta, or servicing IG notification.
- 3.12.1.2.3. SAF/IQG's report to DIG (DIEM) will include the unique identification code for the allegation, that the allegation is not being referred for investigation or inquiry, and the date of the decision to not refer.
- 3.12.1.3. The referral of any allegation described in paragraphs 8 through 10. of Enclosure 3 to DoDI 1325.06 for purposes of investigation or inquiry, to (i) a military criminal investigative organization; (ii) an IG; (iii) a military police or security police organization; (iv) a military commander; (v) the Insider Threat Hub; (vi) another organization or official of the Department of Defense; or (vii) a civilian law enforcement organization or official:
- 3.12.1.3.1. The commander or other authority responsible for the referral must report all allegations to Wing, Delta, or servicing IG office within 30 calendar days (or 60 calendar days for ARC officials). **(T-0)** In the case of referrals to civilian law enforcement organizations or officials, this timeline begins when any individual or entity who may receive an allegation becomes aware of the civilian law enforcement referral.
- 3.12.1.3.2. IG offices receiving these allegations will electronically transmit the initial notification to SAF/IQG within seven calendar days. **(T-0)** The report to SAF/IQG must include the D-CATSe number for the allegation, the entity to which the allegation

- is referred for investigation or inquiry (including contact information) and the date of the referral. **(T-0)**
- 3.12.1.3.3. SAF/IGQ will report the allegation to DIG (DIEM) within 15 calendar days of initial wing, delta, or servicing IG notification.
- 3.12.1.4. Upon receipt of the final report of any such investigation or inquiry to a commander or other appropriate authority for action for each allegation described in paragraphs 8 through 10. of Enclosure 3 to DoDI 1325.06, a military commander or civilian equivalent, servicing legal office, or other appropriate authority shall notify the appropriate IG within 15 calendar days (or 30 calendar days for ARC officials). **(T-0)**
- 3.12.1.4.1. IG offices receiving these allegations will electronically transmit the initial notification to SAF/IGQ within seven calendar days. **(T-0)** The report to SAF/IQ must include the D-CATSe number for the allegation, the name of the military commander, servicing legal office, or other authority that received the final report of the investigation or inquiry for action (including contact information); the date of the final report; and the date of receipt of the final report. **(T-0)**
- 3.12.1.4.2. SAF/IGQ will report the allegation to DIG (DIEM) within 15 calendar days of initial wing, delta, or servicing IG notification.
- 3.12.1.4.3. The report to SAF/IGQ and DIG (DIEM) must include, at a minimum, the unique identification code for the allegation; the name of the commander, servicing legal office, or other authority that received the final report of the investigation or inquiry for action (including contact information); the date of the final report; and the date of receipt of the final report. **(T-0)**
- 3.12.1.5. Upon final determination of whether any allegation described in paragraphs 8 through 10. of Enclosure 3 to DoDI 1325.06. was substantiated, commanders or their civilian equivalents, servicing legal offices, or other appropriate approval authorities shall notify the appropriate IG office within 15 calendar days (30 calendar days for ARC officials) of a final determination of whether an allegation is substantiated. **(T-0)**
- 3.12.1.5.1. IG offices receiving these allegations will electronically transmit the notification to SAF/IGQ within seven calendar days. **(T-0)** The report to SAF/IGQ must include, at a minimum, the D-CATSe number for the allegation; the name of the military commander, servicing legal office, or other authority that assessed the allegation was substantiated (including, if possible, contact information); the date that the allegation was deemed substantiated; and the date of receipt of the determination of whether a service member engaged in a prohibited activity under paragraphs 8 through 10. of Enclosure 3 to DoDI 1325.06. **(T-0)**
- 3.12.1.5.2. SAF/IGQ will report the allegation to DIG (DIEM) within 15 calendar days of initial wing, delta, or servicing IG notification.
- 3.12.1.6. Commanders and their civilian equivalents will notify the appropriate wing, delta, or servicing IG of any resulting action taken against a service member (including judicial, disciplinary, adverse, or corrective administrative action, mitigation resulting from insider threat reporting, or counseling), to include no action (as the case may be), of

such actions (or non-action), within 15 calendar days (30 calendar days for ARC officials) of a final decision. **(T-0)**

3.12.1.6.1. IG offices receiving these notifications will electronically transmit the decision to SAF/IGQ within 7 calendar days. **(T-0)** The report to SAF/IGQ must include, at a minimum, the D-CATSe number for the allegation, and whether any action was taken against a service member. **(T-0)** If action was taken against the service member, the transmission should also include the type(s) of action taken, and in the case of an administrative separation or judicial action, the basis for the action (i.e., the specific policy or Uniform Code of Military Justice (UCMJ) article violated), the sentence or decision reached (i.e., acquittal or conviction and sentence, retention or separation and characterization of discharge, etc.) and contact information for the servicing legal office. If no action was taken despite a finding that an allegation was substantiated, the transmission should explain the reasons why no action was taken.

3.12.1.6.2. SAF/IGQ will then report the disposition to DIG (DIEM) within 15 calendar days of initial wing, delta, or servicing IG notification.

3.12.2. Quarterly Reports. SAF/IGQ will submit quarterly reports to Office of the Under Secretary of Defense for Personnel and Readiness (OUSD(P&R)) and the Office of the Under Secretary of Defense for Intelligence and Security (OUSD(I&S)) within 30 calendar days of the end of each quarter of the fiscal year. **Attachment 6** describes the required elements for each quarterly report.

3.13. Other Agencies and Grievance Channels. DoD and Department of the Air Force policy mandate the use of specialized investigative agencies or procedures for certain types of complaints made against non-senior officials. In these cases, complainants should be advised of the appropriate agency which can address their complaint. **Table 3.7** assists IGs in determining if a complaint belongs in other channels. Also see DAFCRPSG Attachment 27, Common Personnel Actions and Applicable Standards as a reference for many personnel issues.

Note 1: [Table 3.7](#) is not all-inclusive.

Note 2: If a complainant has an issue identified in column A, the IG will assist the complainant by putting him or her in contact with the agency most appropriate to help them solve his or her issue or refer the issue to the appropriate agency.

Note 3: When the subject is a senior official, process the complaint IAW [Chapter 8](#) and [Table 8.1](#).

Note 4: If the complaint does not concern reprisal or restriction and is not in [Table 3.7](#), the complainant or complaint should normally be directed to command channels.

Section 3D—Step 3: Tasking: Transfer, Assist, Refer, Dismiss, or Investigate (≤ 5 Days)

3.14. Transferring a Complaint. A complaint is transferred when the complaint analysis discloses that the matter is appropriate for Department of the Air Force IG action, but an IG other than the one receiving the complaint should handle the matter. IGs will comply with the requirements of [Table 3.8](#) and [paragraph 3.15](#) concerning the transfer of complaints to other IGs. (T-1).

Table 3.8. When to Transfer A Complaint to Another Department of the Air Force IG (T-1)

RULE	A If...	B And...	C Then...
1	The complaint has not been addressed at the level where the alleged misconduct occurred	The higher-level IG determines transfer to the lower-level IG is appropriate and no evidence of bias by lower-level IG exists	Transfer the case to the lower-level IG.
2	The complaint presents a conflict of interest for the appointing authority or IG		Transfer the complaint to the next higher-level IG. When transferring a case, always transfer to agency (NAF, MAJCOM/FLDCOM or SAF) group box.
3	The subject is the IG's commander or vice wing commander		Transfer the complaint to the next higher-level IG. When transferring a case, always transfer to agency (NAF, MAJCOM/FLDCOM or SAF) group box.
4	The subject is an IG or an IG staff member	The allegations are regarding IG specific duties (e.g., violation of DAFI 90-301)	Transfer the complaint to the next higher-level IG. When transferring a case, always transfer to agency (NAF, MAJCOM/FLDCOM or SAF) group box.
5	The subject is an IG or an IG staff member	The allegations are regarding professional conduct as an officer or non-commissioned officer (e.g., DUI, inappropriate relationship)	Transfer the complaint to the next higher-level IG for referral to command. When transferring a case, always transfer to agency (NAF,

			MAJCOM/FLDCOM or SAF) group box.
6	The subject is assigned to AFOSI or the issue is related to AFOSI	The complaint is received by any IG other than SAF/IGQ	Transfer the complaint to AFOSI/IG via MAJCOM/FLDCOM, NGB, NAF, or DRU.
7	The subject is assigned to a higher-level of the Air Force, Space Force or MAJCOM/FLDCOM other than the IG receiving the complaint, or deployed	The alleged wrong happened in a unit under the other MAJCOM/FLDCOM or higher IG’s jurisdiction	Transfer the complaint IAW Table 3.9 to the IG at the same level and command as the subject or where the alleged wrong happened. Coordinate with SAF/IGQ to direct solution if there is disagreement between offices.
8	The complainant is assigned to the host wing, a tenant unit, or is anonymous/third-party	The subject (person, process, or agency) is assigned to the host wing	The host IG will process the complaint and oversee or conduct the investigation (if required).
9	The complainant is assigned to the host wing, a tenant unit, or is anonymous/third-party	The subject (person, process or agency) is assigned to a tenant unit	Follow the guidance in paragraph 1.18.13 .

3.15. Procedures for Transferring a Complaint. Use the procedures in **Table 3.9** to transfer a complaint. (T-1)

Table 3.9. How to Transfer a Complaint (T-1).

Step	Action
1	Conduct a complaint analysis to determine if the complaint should be transferred to another IG. Do not make any notifications regarding reprisal or restriction or officer adverse information reporting. These notifications will be done by the receiving IG.
2	Ensure all documents attached to the ACTS case file are properly marked IAW paragraph 3.2 and paragraph 10.3 .
3	Coordinate a complaint transfer with the appropriate IG explaining the rationale for transfer telephonically or via email before initiating transfer. If the transferring and receiving IGs do not agree whether a transfer is appropriate, elevate the case to the MAJCOM or FLDCOM IGQ office(s) for resolution.
4	Notify the complainant of the transfer in writing and attach the response in ACTS.
5	Transfer case file to receiving IG office through the applicable MAJCOM/FLDCOM, JFHQ, NAF, or DRU IG. Transfers must be accomplished in ACTS.

6	If the complainant expresses concern about bias at a lower-level, advise him/her of the right to appeal the lower-level IGs finding and the fact that the higher-level IG oversees the action of lower-level IG.
7	Document the case IAW paragraph 3.11.2 in ACTS as a “Transfer” and take other actions needed to ensure the ACTS record is transferred to the appropriate IG office. The IG office which resolves the issue will close the case in ACTS at the appropriate time.

3.16. Procedures When Another Appeal or Grievance Channel Exists. When a member has a complaint or appeal regarding adverse actions for which law and/or regulation provide a specific means of redress or remedy, IGs will advise the complainant of those other redress or appeal channels as provided for by the specific law or regulation. **(T-3)** Dissatisfaction with the outcome of an appeal is not sufficient basis for an IG inquiry. For complaints that are not appropriate for the IG CRP see Tables [3.10](#), [3.11](#), [3.12](#), [3.13](#) or [3.14](#). **(T-1)**

3.16.1. IGs will assist or refer complaints when they fall under the purview of another office or agency, or when they are covered by other directives with established grievance channels IAW paragraphs [3.18](#) and [3.20](#). **(T-3)**

3.16.2. If the member alleges the appeal process was improperly or prejudicially handled, and has no other means of redress, the complainant may enter a complaint of mishandling under this instruction for IG complaint analysis which may result in referral to the process owner.

3.17. Assisting a Complainant. The purpose of assistance is to quickly resolve complainant’s issues and allow him or her to refocus on the assigned mission. Assistance involves providing information to complainants that allows them to address their concerns quickly with an appropriate outside agency or grievance channel. IGs may facilitate the process by making phone calls, asking questions of functional experts, soliciting helpful information from an appropriate organization or agency, or putting the complainant in contact with the person, organization, or agency that can appropriately address the problem IAW [Table 3.7.](#), **Note 2.** **(T-0)** [Table 3.10](#) explains when and how to assist a complainant. Do not disclose the identity of the complainant to the complainant’s command or supervision chain during assistance process without the complainant’s consent; disclosure of the complainant’s identity to other neutral helping agencies such as EO, SARC, JA, etc. is authorized if needed to facilitate assistance.

3.18. Procedures for Assisting a Complainant. Use the procedures in [Table 3.10](#) to assist a complainant. **(T-3)**

Table 3.10. How to Assist a Complainant (T-3).

Step	Action
1	Discuss concerns/issues with the complainant.
2	Conduct a complaint analysis to determine if the complaint can be appropriately handled through assistance.
3	Document the complaint analysis using the complaint analysis documentation letter (DAFCRPSG Attachment 1) and attach the document to the ACTS case file or document the analysis in an ACTS case note (include all appropriate information as referenced in DAFCRPSG Attachment 1).

4	Advise the complainant that the IG can assist the complainant in resolving their concerns and provide them the appropriate agency contact information from Table 3.7 .
5	If the complainant is not comfortable independently contacting the appropriate agency the IG can make phone calls or other contacts to provide the complainant with assistance needed.
6	Document the case IAW paragraph 3.11.2 in ACTS as an “Assist,” inform complainant, record appropriate information, and close the case once it is clear the complainant’s issue is resolved.

3.19. Referring a Complaint. When the complaint analysis determines an organization or agency outside the Department of the Air Force IG can more appropriately handle a complaint alleging a violation of instruction, policy, or procedure, IGs may refer the complaint to the appropriate organization or agency following the procedures described in **Table 3.12** and **paragraph 3.20**. When referring complaints, IGs will include the Referral Completion Report template (see DAFCRPSG Attachment 21) with the complaint, and complainant response template (see DAFCRPSG Attachment 28). **(T-1)** The organization receiving the referral will respond to the complainant, complete the Referral Completion Report, and return it to the IG within 60 days of receipt along with a courtesy copy of any written response to the complainant. **(T-1)** The Referral Completion Report is an IG record, regardless of which office writes the report.

3.19. 1. Ensure Referral Completion Reports include all required information contained in DAFCRPSG Attachment 21. **(T-1)**

3.19.2. Attach completed Referral Completion Reports and agency response to complainant in ACTS under ”Disposition/Resolution Documents.” **(T-1)**

Table 3.11.

R U L E	A If...	B Then...
1	The complaint is appropriate for another agency or grievance channel	Refer the complaint and the Referral Completion Report template to the office having functional responsibility.
2	The complaint is a command issue (i.e., financial irresponsibility, adultery, etc.)	Refer the complaint and the Referral Completion Report template to the appropriate commander.

3.20. Procedures for Referring a Complaint. Use the procedures in **Table 3.12** to refer a complaint, and DAFCRPSG Attachment 4 for a sample referral letter, but do not attach the IG’s complaint analysis. **(T-1)**

Table 3.12. How to Refer a Complaint (T-1).

Step	Action
1	Conduct a complaint analysis to determine if the complaint should be handled by another agency or grievance channel.

2	Document the complaint analysis IAW paragraph 3.11.2 (see DAFCRPSG Attachment 1 for example) and attach the document to the ACTS case file. The analysis may also be documented in an ACTS case note (include background, issue, analysis and resolution path).
3	Notify the complainant of the intent to refer the complaint and, if not already indicated on the DAF Form 102, request permission from the complainant to provide his or her name and contact information to the referral agency. If the complainant refuses permission, inform the complainant that in certain cases, release of his or her personal information is integral to resolution of the complaint and communications between the complainant and the referral agency may be necessary to arrive at a desired outcome. Do not mark the ACTS case complainant tab as anonymous just because the complainant has not consented to release of his or her personal information. At no time should a complainant's identity be released to a referral agency without the complainant's permission, unless the Inspector General determines such disclosure is unavoidable during the course of the investigation and/or complaint analysis. It is highly encouraged that this permission is received in writing (e.g., a letter, email or check box on DAF Form 102).
4	For all complaints, refer the complaint (e.g., DAF Form 102, DoD Hotline, etc.), in writing, to the appropriate agency, grievance channel or commander (Note 1) at least one level above the highest ranking responsible management official (RMO), to ensure an independent and objective review. If there is any potential or perceived conflict of interest, it is imperative the complaint is referred to the appropriate level of command or agency, well above the perceived conflict interest. Use the Sample Referral Memorandum, DAFCRPSG Attachment 4. DO NOT attach the Complaint Analysis, but share enough IG analysis to the referred agency to ensure an accurate assessment and review of the referred situation will be addressed by the referral agency. Redact portions of the complaint that do not directly apply to the referral action. Redact the complainant's identity if the complainant has not given permission for the release (see Step 3 of this table). Instruct the referral office, agency or commander that they may not divulge complainant identity to any office or individual other than minimum necessary to address the complainant's matter. Include a copy of the Referral Completion Report template, DAFCRPSG Attachment 21 and Complainant Response Template, DAFCRPSG Attachment 26. Referral Completion Reports are not included when referring complaints to EO or AFOSI. See Chapter 9 when referring DoD Hotlines. Notify the complainant, in writing, of the referral.
5	If the complainant provided consent, direct the referral agency to provide the complainant with a final response explaining the resolution of the issue. Direct the referral agency to provide you a copy of the finished Referral Completion Report, and a courtesy copy of any written closure response to the complainant for your case file. IGs will follow up with the referral agency if a closure response has not been received within 60 days.

6	Document the case in ACTS as “Refer,” and record appropriate information. If the referral results in the investigation of an officer, ensure SAF/IGQ is notified IAW paragraph 7.5 . Additionally, if an officer is the subject in an investigation, monitor/track the case until completion and collect a copy of any ROI, legal review, command action, rebuttal to the command action for all officer IAW Table 7.1 and for any substantiated findings against any other subject, including enlisted or civilian. Additionally, commanders must provide all completed CDI ROIs to the local IG for retention, regardless of rank or finding. When a copy of the Referral Completion Report and other documents as required by Table 7.1 are provided to the IG, close the case in ACTS (Note 2). For referrals to EO or AFOSI, after confirming EO or AFOSI has accepted the case, make a case note and close the case.
----------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Note 1: Referrals should not normally be made below squadron/detachment commander or agency head levels.

Note 2: If the complainant notifies the referring IG that he/she did not receive a final response from the referral agency, the IG should follow-up to ensure the referral agency received the complaint and provided a response to the complainant. Responses will not be sent to anonymous or third party complainants. For complainants who do not consent to release of their identity, the IG will obtain the referral agency response and forward to the complainant.

3.21. Dismissing a Complaint. A complaint may be dismissed following a thorough complaint analysis if there is no assertion or evidence of a standard being violated or when the complaint falls under one of the rules in [Table 3.13](#). Tables [3.13](#) and [3.14](#) help IGs determine when and how to dismiss a complaint.

Table 3.13. When to Dismiss a Complaint (T-1).

R U L E	A If...	B And...	C Then...
1	If the complaint analysis reveals the complainant has not brought forth credible evidence of a violation of law, instruction, regulation, or policy		Dismiss the complaint.
2	The complaint is appropriate for another agency or grievance channel	The complainant has exhausted procedural appeals with the administrative process and there is no evidence of a process problem	Dismiss the complaint.

3	Timeliness of complaints. The complainant did not contact the IG within 90 days of learning of the alleged misconduct, one year of learning of the alleged misconduct for reprisal complaints. There is no time limit for restriction complaints.(see paragraphs 2.5.1 and 2.5.2)	An evaluation of timeliness is fact-dependent, taking into account factors such as whether there is a known complainant, the specificity of the allegation, how long the complainant has known about the alleged misconduct, the ability to conduct a focused investigation, etc. If the IG determines: (a) there are no extraordinary circumstances justifying the delay; and/or (b) there is no special AF interest in the matters alleged; and (c) given the nature of the alleged wrong and the passage of time, there is a reasonable probability that insufficient information can be gathered to make a determination	Dismiss the complaint. (Note 1)
4	The complainant refuses to provide sufficient evidence to properly conduct the complaint analysis	The complainant fails to respond to requests for additional information after three attempts to contact them within 10 calendar days	IGs will document contact attempts via case notes and dismiss the complaint.
5	The complainant files a concurrent complaint under Article 138, UCMJ (Note 2)	The Article 138 complaint addresses the same non-10 USC § 1034 matters addressed in the IG complaint (NOTE-10 USC § 1034 issues cannot be addressed using Art 138 and must be addressed in the IG CRP)	Dismiss the IG complaint.

6	After completing a thorough complaint analysis, the IG determines the complaint cannot be referred and is: without merit; or that an IG investigation would not appreciably affect the outcome or remedy sought (Note 3)		Dismiss the complaint.
7	Complainant requests higher level review of previously adjudicated IG complaint action	The complainant provides no new evidence or information that justifies further investigation	Dismiss the complaint.
8	The complainant requests to withdraw the complaint	There is no overriding Department of the Air Force interest in the complaint	Dismiss the complaint.
9	Complainant concurrently filed the same claim/complaint with another non-IG grievance channel and that complaint remains active/open	The complaint is NOT a 10 USC § 1034 issue. See paragraph 5.4.8 . for 10 USC 1034 reprisal and paragraph 6.4.6 . 10 USC § 1034 restriction	Dismiss the complaint.
10	The complainant has a history of presenting patterns of issues or allegations that are false, baseless, malicious, deceptive, defamatory, improbable, or previously addressed as baseless, not substantiated, or not appropriate for the Department of the Air Force IG System	The issues or allegations were previously addressed as unfounded, not substantiated, or not appropriate for the Department of the Air Force IG System	Dismiss the complaint.

Note 1: The most important consideration before dismissing a complaint based on the time requirement established in [paragraph 2.5.2](#) is the potential to gather sufficient information to determine the facts and circumstances surrounding the alleged misconduct. With the passage of time, it becomes increasingly difficult to gather relevant evidence, testimony, and information for many reasons. For example, it may be difficult or impossible to collect relevant witness testimony if the witnesses have moved, retired, or died. In addition, as time passes, witnesses' memories may fade and documents are destroyed when their retention periods expire. The IG may dismiss a complaint if, given the nature of the alleged wrong and the passage of time, there is reasonable probability insufficient information can be gathered to make a determination. However, if it is possible to gather sufficient information, a further analysis may be warranted.

Note 2: Do NOT dismiss the complaint when there is an allegation of reprisal or restriction and conduct the appropriate CRP actions without delay.

Note 3: See definition of *complaint without merit* in [Attachment 1](#).

3.22. How to Dismiss a Complaint. Follow the procedures in [Table 3.14](#) to dismiss a complaint. (T-1)

Table 3.14. How to Dismiss a Complaint (T-1).

Step	Action
1	Conduct a complaint analysis to determine if the complaint should be dismissed.
2	Prepare a complaint analysis letter and supporting decision documents IAW paragraph 3.11.2 , then attach the documents to the ACTS case file. Use the complaint analysis documentation (DAFCRPSG Attachment 1) For cases involving reprisal or restriction; follow the guidance in Chapter 5 or 6 as appropriate. For cases not involving reprisal or restriction, the analysis may also be documented in an ACTS case note (include all appropriate information as referenced in DAFCRPSG Attachment 1).
3	For issues of reprisal or restriction, refer to Chapters 5 or 6 , respectively.
4	Notify the complainant in writing of the dismissal ensuring the rationale for the dismissal is clearly communicated. Upload the PDF document to the case "Disposition/Resolution Document. For issues of reprisal or restriction, the MAJCOM, FLDCOM IGQ or NGB will notify the complainant once IG DoD has approved the AF recommendation to dismiss.
5	Advise the complainant of his/her right for reconsideration by the next higher-level IG and Air Force Board for the Correction of Military Records (or other appeal channels), if applicable.
6	Document the case in ACTS as a "Dismiss," record appropriate information, and close the case.

Chapter 4

IG INVESTIGATIONS

Section 4A—Procedures for Initiating an Investigation

4.1. Overview. This chapter instructs IGs at every organizational level how to manage and conduct IG investigations and discusses the investigation lifecycle from complaint analysis through resolution. The Department of the Air Force endorses a proactive oversight and follow-up system that achieves the high program standards described in the Council of the Inspectors General on Integrity and Efficiency (CIGIE) *Quality Standards for Investigations* (QSI).

4.1.1. All IG investigations are conducted IAW **Chapter 4**, or **Chapter 5** in the case of reprisal, or **Chapter 6** in the case of restriction, as well as other applicable laws and regulations concerning the specific allegations. (T-1) Investigations involving allegations of IG misconduct must be completed IAW this chapter. (T-1)

4.1.2. IG investigations are administrative in nature--they are fact finding rather than judicial proceedings. Preponderance of the evidence is the standard of proof. It is preferred that IG investigations be conducted by investigating officers assigned as members of an IG office.

4.2. Investigating a Complaint. Appointing authorities can direct an IG investigation into allegations within their authority, with the understanding that the investigation will follow the procedures outlined in this instruction and the investigation will be an IG record. (T-1)

4.2.1. An IG will investigate a complaint when a properly framed allegation is derived from the issues asserted or implied by the complainant and the IG determines that there is sufficient evidence collected during complaint analysis which indicates that an investigation is warranted. (T-1)

4.2.2. Not all matters are appropriate for the IG, nor are all matters relevant to the Department of the Air Force. Most Department of the Air Force processes have embedded appeal procedures that provide complainants with due process, and should be used as the best avenue for resolution. **Table 3.7** outlines matters that are not appropriate for the IG to investigate. The complaint must be timely to ensure information is available to support the investigative process.

4.2.3. Refer to **Table 4.1** when initiating an IG investigation. (T-1)

4.3. Procedures for Conducting Investigations. The decision to conduct an IG investigation will only be made after completing a thorough complaint analysis of all issues presented. (T-1) IG investigations are performed to address complaints by checking records, correspondence, reviewing applicable instructions, examining material evidence, and interviewing the complainant, subject(s), expert witnesses, and persons having direct knowledge of the matter. IAW **paragraph 4.6.**, Procedures for Appointing an Investigating Officer, all investigations require an appointment letter from the appointing authority.

4.4. Procedures for Tasking an Investigation. Use the procedures in **Table 4.1** to task an investigation. (T-1)

Table 4.1. How to Task an Investigation (T-1).

Step	Action
1	Using a complaint analysis, determine if the issues raised by the complainant warrant an IG investigation. When an investigation is warranted the complaint analysis will determine which issues are to be investigated and properly frame allegations for each. IGs shall consult with JA to ensure that all allegations clearly and concisely identify the complainant's assertions as specific violations of law, regulation, procedure, standard, or policy. The appointed IO will use the framed allegations verbatim when conducting the investigation.
2	Prepare and forward a complaint analysis document and supporting decision documents to the appointing authority.
3	The appointing authority reviews the complaint analysis and supporting material to determine whether an investigation is warranted. If a non-IG appointing authority declines the IG's recommendation to initiate an IG investigation, transfer the case in ACTS to the next higher-level IG for review and resolution at the higher-level.
4	The appointing authority directs an investigation by appointing an IO in writing (see paragraph 4.7). Any changes, to include additional allegations, must be approved by the appointing authority. See paragraph 4.12.4.1 .
5	Follow appropriate notification procedures per paragraphs 4.5 and/or 8.2 .
6	The IG places the case in "Under Investigation" status using the "Investigate" action in ACTS and continues to record appropriate information (e.g., tasking date, etc.) in ACTS until the case is closed.

4.5. Notification Requirements for Investigations. [Table 4.2](#) describes the notification requirements when an IG investigation is started. (T-1)

Table 4.2. Notification Matrix for Investigations. (Complaint Analysis and Investigation Phases) (T-1)

1	Complaint Analysis Phase	Complaint analysis identified the need for an IG investigation	<ol style="list-style-type: none"> 1. Appointing authority directs an investigation by appointing an IO in writing (see DAFCRPSG Attachment 6). 2. Appointing authority notifies subject’s commander in writing of the specific allegations against the subject. (See DAFCRPSG Attachment 5). 3. Commander notifies subject in writing of the specific allegations against the subject. (Note 1) 4. IG or IO notifies witnesses. 5. IG notifies complainant. 6. The IG places the case in “Under Investigation“ status using the “Investigate” action in ACTS and continues to record appropriate information in ACTS until the case is closed. 7. For cases involving an officer as the subject, notify SAF/IGQ via MAJCOM, FLDCOM, JFHQ, NAF, or DRU IG IAW Chapter 7.
2	Investigation phase	Investigation is ongoing	IG provides periodic updates to complainant and subject per paragraph 4.22 . Document in ACTS under Suspense Tab.

Note 1: Commanders will comply with DAFI 90-5001, *Integrated Resilience*, when notifying subjects of the initiation of an IG investigation in which they are a named subject. (T-1)

Section 4B—Step 4: Pre-fact Finding (≤ 5 Days, see Table 3.1)

4.6. Procedures for Appointing an Investigating Officer (IO).

4.6.1. An appointment letter is an IO’s authority to conduct an investigation: swear in witnesses, collect evidence, and examine/copy documents, files and other data relevant to the investigation.

4.6.2. An appointment letter is necessary for all investigations, including those conducted by an IG or IG staff member. **(T-1)** (**Note:** Air Force Reserve and Air National Guard IGs may be appointed to conduct CDIs at installations other than their own.)

4.6.3. An IO is the personal representative of the appointing authority. IOs must be impartial, unbiased, objective, thorough, and have the availability to complete the investigation. **(T-1)**

4.6.4. The IO must be equal or senior in grade and rank to the most senior subject and not in the subject’s chain of command. **(T-1)** When no IO in the required grade is reasonably available for appointment, the appointing authority will request a waiver, in writing, from the MAJCOM IG, FLDCOM IG, Deputy IG, or MAJCOM IGQ. **(T-1)** MAJCOM IG or FLDCOM IG is the waiver authority for cases investigated at the MAJCOM or FLDCOM level and below. The waiver request should describe the measures taken to locate an IO in the required grade prior to requesting the waiver. If approved, the MAJCOM IG will document the waiver in writing. Refer to DAFCRPSG Attachment 8 to determine where to place the document in the case file.

4.6.5. To support IO impartiality and independence, follow either of the two subsequent paragraphs:

4.6.5.1. There must be at least one level of command between the IO and the complainant, and there must also be at least one level of command between the IO and person(s) who are the subject(s) of the allegation(s). **(T-0)**

4.6.5.2. The IO must be separated by organizational assignment from the complainant, and the IO must also be separated by organizational assignment from the person(s) who are the subject(s) of the allegation(s). **(T-0)**

4.6.6. If necessary, an IO may be verbally appointed; however, a written directive must follow within three working days. **(T-1)**

4.6.7. The investigation will be the IO's primary duty until the report is completed and approved by the appointing authority. **(T-1)**

4.6.8. Appointing authorities should not appoint an IO who is retiring, separating, expects reassignment, or expects deployment within 180 days.

4.7. How to Appoint an Investigating Officer. DAFCRPSG Attachment 6 shows a sample letter for appointing an IO to conduct an investigation. If the IG assumes the role of the IO, he/she is also required to be appointed and must receive an appointment letter from the appointing authority. **(T-1)** IGs who have been designated as the appointing authority cannot appoint themselves as an IO. IGs will prepare an investigation plan (see DAFCRPSG Attachment 7 and **paragraph 4.9.8**) as the "Directive to the IO" shown as **Attachment 1** in the IO appointment letter (see DAFCRPSG Attachment 6). **(T-1)** The IO's appointment and responsibilities expire when the ROI is approved by the appointing authority or after final higher headquarters approval, whichever is later (see DAFCRPSG Attachment 6). **(T-1)**

4.8. Requirements for Investigation Preparation.

4.8.1. IGs will train IOs before they begin an investigation by using this instruction, the Air Force Inspector General Investigating Officer Overview course, and the SAF/IGQ *Guide for Investigating Officers (IO Guide)* available at IGQ Portal Page and SharePoint. **(T-1)** In addition, the IG will discuss the investigative requirements and answer questions. **(T-1)**

4.8.2. IOs must confer with their legal advisor, preferably by meeting in person, before initiating the investigation. **(T-1)** The legal advisor will assist the IG in training the IO. **(T-1)**

4.8.3. IOs must review the allegations and supporting documentation as part of their investigative preparation. **(T-1)** All appropriate regulations/directives should be identified and reviewed.

4.8.4. Based on the review of the allegations, supporting documentation, and applicable directives, the IG will revise and update the investigation plan (Directive to IO) as necessary. **(T-1)** See DAFCRPSG Attachment 7 for a sample investigation plan. This plan will assist the IO in completing periodic updates and in keeping track of the dates he/she completes the planned actions.

Section 4C—Step 5: Fact Finding (≤ 21 Days)

4.9. IG Responsibilities. IGs are responsible for managing the investigative process. The IG must assist the IO in solving investigative challenges while managing the investigation's quality and schedule. **(T-1)** It is the IG's responsibility to ensure the report of investigation is completed on time and meets qualitative standards. **(T-1)** Specifically, the IG:

- 4.9.1. Must provide the IO an appointment letter from the appointing authority describing the scope of investigation, authorizing the collection of evidence, and setting the suspense date for completion. **(T-1)**
- 4.9.2. Must provide the IO the complaint analysis, all complainant-provided materials, and the framed allegations. **(T-1)** Additionally, the IG must enter all allegations addressed in the ROI in the subject tab of the ACTS case file. **(T-1)**
- 4.9.3. Must verify the IO has completed the Investigating Officer Overview Course (see [paragraph 4.10.1](#)) and train the IO using the SAF/IGQ *IO Guide* and DAFI 90-301. **(T-1)** IG should document training in an ACTS case note.
- 4.9.4. Must brief the IO on the Hand-Off Procedures. **(T-1)** See [paragraph 4.16](#).
- 4.9.5. Must schedule appointments with key support staff including legal and technical advisors as necessary. **(T-1)**
- 4.9.6. Should provide the IO suitable workspace, computers, administrative support, and technical assistance.
- 4.9.7. Should review the proposed witness questions and associated rights advisement, if any.
- 4.9.8. Will prepare an investigation plan (DAFCRPSG Attachment 7) identifying key milestones, standards, witnesses, evidence, and administrative requirements. **(T-1)**
- 4.9.9. May prepare an evidence matrix facilitating evidence collection IAW the DoD IG Guide to Investigating Military Whistleblower Reprisal and Restriction Complaints.
- 4.9.10. Has no authority to grant promises of confidentiality to subjects, suspects, complainants, or witnesses.
- 4.9.11. Will provide the ROI format. **(T-1)** See DAFCRPSG Attachments 9 and 10 for examples of ROI format.

4.10. Responsibilities of IOs. The IO:

- 4.10.1. Must complete the Air Force Inspector General Investigating Officer Overview Course, and review the SAF/IGQ Guide for Investigating Officers (IO Guide) available at IGQ Portal Page and SharePoint. **(T-1)**
- 4.10.2. Must advise the appointing authority immediately of any personal relationships or other factors that may affect his/her impartiality. **(T-1)**
- 4.10.3. Must advise the appointing authority if he/she is retiring, separating, expects reassignment, or expects deployment within 180 days. **(T-1)**
- 4.10.4. For ANG: Should be put on continuous orders for 30 days initially to conduct the investigation. Should continue on orders if the investigation is not complete within 30 days. **(T-3)**

- 4.10.5. Must begin the investigation without any preconceived notions. (T-1) Never take sides with any party--be impartial, unbiased, and objective. (T-1)
- 4.10.6. Must investigate the complaint, not the complainant. (T-1) Keep the investigation focused on the allegations in the complaint and not the person making them. (T-1)
- 4.10.7. Must interview the complainant first in order to re-clarify the allegations and obtain specific details to help with the investigation. (T-1)
- 4.10.8. Must protect information IAW [paragraph 3.2](#) and: (T-1)
- 4.10.8.1. Will only report the results of the case only to the appointing authority, IG, and legal advisor. (T-1)
 - 4.10.8.2. Will not comment to any complainant, subject, or other witnesses regarding his or her opinions, findings, conclusions, or recommendations during or after completion of the investigation. (T-1)
 - 4.10.8.3. Will not provide copies of testimony to complainants, subjects, or witnesses. (T-1) If a subject/witness requests case file information, refer them to the appropriate FOIA office. (T-1)
- 4.10.9. Shall not grant express promises of confidentiality to subjects, suspects, complainants, or witnesses. (T-1)
- 4.10.10. Should not take leave except in emergencies or be involved with activities that would interfere with the timely completion of the case.
- 4.10.11. Must consult with the appointing authority and/or supporting IG, legal advisor, and read all applicable instructions and directives before beginning an investigation. (T-1) Must consult in advance with legal advisor about the need for rights advisement when applicable. (T-1)
- 4.10.12. Should use the *SAF/IGQ IO Guide* for proper guidance on how to conduct an investigation. For reprisal or restriction investigations, IOs will reference DoDI 7050.09, *Uniform Standards for Evaluating and Investigating Military Reprisal or Restriction Complaints*. (T-1)
- 4.10.13. Must inform the IG of any significant changes (e.g., key milestones, standards, witnesses, evidence, administrative requirements, etc.) to the investigation plan. (T-1)
- 4.10.14. Must verify the duty status of Air Force Reserve and Air National Guard personnel (witnesses, subjects, suspects, complainants) at the time of the occurrence and at the time of any scheduled interviews. (T-1) Consult with legal advisor if questions arise as to the duty status of the individual.

4.11. Gathering Evidence. Evidence is information that tends to prove or disprove the existence of a fact. Evidence comes in many forms. It can be written or oral, direct or circumstantial, relevant or irrelevant, first-person or hearsay.

- 4.11.1. Documentary Evidence. During the course of investigations IOs normally collect copies of documents, records, and other physical evidence to aid them in their duties. Assuming it is authentic, documentary evidence gives the investigator a snapshot in time. One way to verify the authenticity of a document is to have it identified by its author, especially in the case

of correspondence, personal notes, and computer records. This process is known as authentication and must be referenced in the final report if the document has been so verified. **(T-1)**

4.11.2. Computer Records. Data contained on computer hard drives, local area networks, e-mail systems, disks, etc., are considered to be documentary in nature but pose special challenges in accessing. Obtaining access to this information should be coordinated through the servicing SJA office.

4.11.3. Testimony. The other major form of evidence is presented by a witness in the form of testimony. Normally, the bulk of evidence during an investigation is collected in this format and will be discussed separately in this section.

4.11.4. Hearsay. A statement or testimony given by a witness who relates not what he/she knows personally, but what others have said and is therefore dependent on the credibility of someone other than the witness. Although IOs may consider evidence obtained as hearsay, whenever possible, an IO should always try to talk to the actual witness who made the statement, especially if they are reasonably available and the statement is important.

4.11.5. Privileged Communication. Judge Advocates, to include ANG Judge Advocates, and Department of the Air Force civilian attorneys represent the Department of the Air Force as it acts through its authorized representatives. Per AFI 51-110, *Professional Responsibility Program*, Rule 1.13, when a Department of the Air Force official, member, or employee acting within the scope of his or her official duties communicates with a Department of the Air Force lawyer, the communication is generally protected (but see Title 5 United States Code Section 1212(b)(5)(c)) from disclosure to anyone outside the Department of the Air Force. The disclosure requirements of 5 USC § 1212(b)(5)(c) do not apply to attorneys acting in their capacity as defense counsel.

4.12. Interviewing Witnesses. The bulk of evidence collected during IG investigations will normally come from witness testimony. After properly framing the scope and purpose of the investigation, the next most important aspect is the preparation of intelligent, well-planned questions. Effective, cogent interviews can only be accomplished through thorough preparation. IOs should consult with their legal advisor when formulating interview questions and should determine whether the legal advisor's presence during interviews would be beneficial.

4.12.1. A witness' status will determine how they will be interviewed. **(T-1)**

4.12.1.1. The complainant is a key witness who must be interviewed first to clarify allegations and focus the investigation. **(T-1)** Exception: IOs should interview any SME or Technical Advisors first so the IO can adequately understand what the complainant is presenting

4.12.1.2. The subject is equally important since he or she is the one against whom the allegations have been made. The subject(s)/suspect(s) must be interviewed. **(T-1)** A subject should be considered a suspect if, prior to the subject interview, the IO has a reasonable belief, based on the evidence discovered during the investigation, that the allegation(s) against the subject will be substantiated by a preponderance of the evidence. This person should be interviewed last and given an opportunity to respond to the specific allegations against him/her. Additionally, he or she should be given a reasonable opportunity to respond to significant adverse information or changes in the investigation

scope or allegations that may come about subsequent to the subject's initial interview. If the subject is no longer associated with the Department of the Air Force, every attempt must be made to contact him or her to give him or her an opportunity to give his or her side of the story. **(T-1)** This process is also important to the complainant as a substantiated allegation may enable the complainant to correct his or her AF record and become whole again. If a subject/suspect elects not to testify, the IO must not base any findings only on the fact the subject/suspect elected not to testify, but must consider all available evidence. **(T-1)**

4.12.1.3. Expert witnesses have special knowledge and expertise in a particular subject matter. They may be used as consultants for background information or as a regular witness during the investigation.

4.12.1.3.1. Because of their special expertise, their testimony is normally given more weight than the testimony of non-experts in their area of specialty.

4.12.1.3.2. IOs should not allow the testimony of an expert witness to control their final findings and recommendations. IOs should base their final findings and recommendations on all the testimony and facts gathered.

4.12.1.4. Character witnesses are people who can verify the reputation of a particular person for certain conduct or personality traits, for example, honesty, violence, etc.

4.12.2. Regardless of their status, all witnesses in investigations must be sworn. **(T-1)** This puts witnesses on notice that the investigation is a serious matter and they are expected to testify truthfully. The IO must:

4.12.2.1. For each witness who is neither a suspect nor a subject, tailor the witness interview format outlined in **Attachment 2** as appropriate. **(T-1)** Use the individually-tailored witness interview format for each witness interview. **(T-1)** For each subject, tailor the subject interview format outlined in **Attachment 3** as appropriate and use it for that subject's interview. **(T-1)** For suspect interviews, use the suspect interview format in **Attachment 4** and guidance in **paragraph 4.15**. Provide each witness with a Privacy Act Statement found in **Attachment 5**. **(T-1)**

4.12.2.2. Advise subjects/suspects they may submit additional relevant information for the IO's consideration within a reasonable time following their interview. **(T-1)**

4.12.2.3. Electronically record (audio only) all witness testimony to accurately capture what was said during the interview. **(T-1)** Advise all witnesses they are not authorized to record the interview in any manner. Witnesses can take notes, but the notes become an IG record and cannot be retained by the witness. At the completion of the investigation, the IO must provide all electronic recordings to the IG. **(T-1)**

4.12.2.4. Transcribe verbatim (word-by-word) the testimony of complainants, subjects, and key witnesses for 10 USC § 1034 cases. **(T-1)** At the discretion of the appointing authority, summarized testimony may be acceptable in all other cases.

4.12.2.5. IO will review transcripts and correct errors/omissions/incomplete statements based on firsthand knowledge to provide reviewers the most complete document possible. **(T-1)**

4.12.2.6. Sign all testimony to certify its validity. Add the following statement to the end of the testimony: "I certify the above to be a true sworn (or affirmed) testimony given to me on (date) at (place)." (T-1) Witnesses should also sign summarized testimony whenever the witness is reasonably available to do so.

4.12.3. For witnesses outside the local area, an IO can either travel to meet and interview the witness, or interview the witness telephonically/virtually. If the witness is interviewed telephonically, the IO should make arrangements to verify the witness' identity. The appointed IO will (when possible) interview all subjects or suspects in person. (T-1)

4.12.4. If a witness' status changes during the course of an investigation to that of a subject or suspect, the witness must be re-interviewed (following the format outlined in [Attachment 3](#) or [Attachment 4](#), as applicable) and given an opportunity to respond to the suspected misconduct or allegations in light of his or her new status. (T-1)

4.12.4.1. The appointing authority will determine whether additional or modified allegations will be investigated separately and, if necessary, expand the scope of the investigation. If the scope of investigation is expanded, an addendum to the appointment letter must be completed. (T-1) The IO will take no further action on any additional allegation until consulting with the appointing authority and the legal advisor. (T-1)

4.12.4.2. Conduct the proper read-in/rights advisement for a subject/suspect prior to the interview/re-interview. (T-1) Refer to [paragraph 4.15](#) for further rules regarding rights advisement. The read-in/rights advisement is mandatory. (T-1) Consult with the legal advisor prior to rights advisement. (T-1)

4.12.5. Witnesses who are military members or federal civilian employees may refuse to testify only if they believe they might incriminate themselves (refer to [paragraph 4.16.3](#)). If self-incrimination is not a concern, witnesses may be ordered/directed by their commander to testify. Further refusal may be the basis for disciplinary action. Subjects are required to participate in the interview process, but may elect to not answer specific questions based on self-incrimination. Suspects, on the other hand, may elect not to participate in the interview based on invoking their Article 31 rights.

4.13. Persons Present During an Interview. A typical interview will involve the IO, the witness/subject/suspect, any technical advisor (if necessary), and the legal advisor (if deemed beneficial). The introduction of any unauthorized party into the process reduces the ability to preserve a reasonable level of confidentiality.

4.13.1. A suspect has the right to have an attorney present during an interview. The suspect may consult with the attorney during the interview; however, the attorney must not be allowed to answer any question for the suspect. (T-1)

4.13.2. When witnesses are considered subjects, they may consult with an attorney prior to any interview, and their attorney may be present (but will not answer questions) during the interview.. (T-1)

4.13.3. Union officials may have the right to be present during interviews per the provisions in [paragraph 4.14](#) of this instruction. (T-1)

4.13.4. Victim's Counsel may be present during interviews of victims who are their client.

4.13.5. Even if a witness has not been named as a subject/suspect, if an witness has retained legal counsel and the witness requests their legal be present during the interview, legal counsel will not be excluded from the interview, but will not answer questions. The IO has no duty to inform the witnesses of this opportunity unless required by law or service regulation..

4.14. Civilian Employees Represented by Unions. Civilian employees (including non-appropriated fund employees) may have a right to union representation when interviewed as a suspect, subject, or witness. This right applies if the employee's position meets the definition for inclusion in the collective bargaining unit. The employee's status as a dues paying or non-dues paying union member has no bearing on his or her right to representation. Additionally, the union has an independent right to be present during formal discussions (sworn/recorded IG interviews are considered formal discussions) involving bargaining unit members and if the discussion concerns a grievance (complaint by a bargaining unit employee about any term or condition of employment) or personnel policy or practice or general condition of employment. The union must be notified and given an opportunity to attend whenever such formal interviews will take place. **(T-1)** Presence by a union representative is a statutory right meant to protect the interests of the bargaining unit as a whole, regardless of the employee's wishes. The union determines who will represent the union during the interview, not the employee and not the agency. Before interviewing witnesses, subjects, or suspects represented by unions, consult with the legal advisor to determine what, if any, rights advisement is required IAW any applicable collective bargaining agreement.

4.14.1. Weingarten Rights, per the Federal Service Labor-Management Relations Statute ("FSLMRS" or "Statute"), are the rights to union representation for federal civilian employees who belong to an appropriate bargaining unit. This right arises during interviews with a federal employee in connection with investigations if: (a) the employee reasonably believes disciplinary action may be taken against him or her as a result of the interview, and (b) the employee requests union representation. This right does not apply to management personnel.

4.14.2. FSLMRS does not require an IO to advise an employee of the right to union representation before an interview. The Statute merely requires management to inform its employees annually of this right unless the collective bargaining agreement provides that the IO will advise the employee of this right. If the employee invokes Weingarten rights, the IO should consult with the legal advisor and civilian personnel office before proceeding with the interview.

4.14.3. The exercise of the right to union representation shall not interfere with the investigation. **(T-1)** Determinations regarding union representation should be coordinated in advance with the legal advisor and the Civilian Personnel Office Labor Relations Specialist. The union representative is a personal representative of the employee and may advise the employee, ask questions to clarify issues, and suggest other employees who may have knowledge of the facts at issue. However, he or she may not do so in a manner that interferes with the interview and may not testify for the employee. **(T-1)** The IO has authority to terminate the interview if he or she determines the union representative is impeding or attempting to impede the investigation. Consult with the legal advisor on how to proceed after terminating the interview. **(T-1)**

4.15. Procedures Regarding Rights Advisements. In order to protect due process and the rights of subject/suspects, the following guidance should be used on a case-by-case basis to determine

when a witness or subject should be considered a suspect and, if so, when a suspect must be advised of his or her rights and which rights are applicable to the suspect. As a general rule, a subject should be considered a suspect and read the appropriate rights advisement as discussed below if, prior to the subject interview, the IO has a reasonable belief, based on the evidence discovered during the investigation, that the allegation(s) against the subject will be substantiated by a preponderance of the evidence.

4.15.1. For active duty military suspects (and retired or separated military members subject to recall, and Air Force Reserve members or Air National Guard members in Title 10 status at the time of the interview), advise them of their rights as specified under Article 31, UCMJ. **(T-0)**

4.15.2. In regard to Air Force Reserve and Air National Guard personnel, IOs need to verify the Title 10/Title 32 status of the suspect at the time of the occurrence and at the time of the scheduled interview. **(T-1)** If the IO reasonably believes the member is a suspect, and in Title 32 status, consider requesting the member be in Title 10 status for the interview, which would then require advising the member of his or her rights under Article 31, UCMJ.

4.15.2.1. There is no constitutional or statutory requirement to read any version of rights to an Air National Guard suspect. As a matter of policy, advise such personnel of his or her rights under the state code equivalent of Article 31, UCMJ. **(T-1)**

4.15.2.2. If a member is a dual-status technician and is in technician (civilian) status during the interview, the member need not be advised of his or her Fifth Amendment rights.

4.15.3. Civilian witnesses, to include state employees, Senior Executive Service employees, and Department of the Air Force civil service employees, even if suspected of a criminal offense, do not have to be advised of their Fifth Amendment rights when interviewed as part of an IG investigation. Under the law, such rights advisements are only required in conjunction with custodial interrogations (i.e., interrogations in which the interviewee is not free to leave at will) by law enforcement personnel. Interviews by an IG/IO under authority of this instruction do not meet that threshold requirement (i.e., IGs and IOs are not considered law enforcement personnel for Fifth Amendment purposes). The lack of a requirement to advise civilian witnesses of their Fifth Amendment rights does not preclude them from invoking such rights if circumstances warrant.

4.15.4. Aside from those civilian witnesses discussed in [para 4.15.3](#), if, during the course of an interview, the IO discovers information leading him or her to believe the witness or subject is a suspect, the IO must stop the interview, consult with the appointing authority and legal advisor, and (if allowed to proceed) advise the suspect of his or her rights. **(T-1)** [Attachment 4](#) provides a template format for a suspect interview and rights advisement and must be read to the suspect verbatim. If, after rights advisement, the suspect refuses to testify or requests an attorney, then the interview must stop. **(T-1)** Consult with the legal advisor before attempting to re-interview the suspect. **(T-1)**

4.15.5. “Kalkines/Garrity” warnings are required to be given to civilian *subjects* being interviewed in an IG investigation. **(T-0)** Consult your legal advisor with questions concerning rights advisement. The following warning would be appropriate:

“You are being asked to provide information as part of an administrative investigation. This is a voluntary interview, and you will not be kept here involuntarily. You have the right to be fully

informed of any allegations against you. You have the right not to answer a question if the answer would be self-incriminating. No disciplinary action will be taken against you solely for refusing to answer questions. However, the evidentiary value of your silence may be considered in administrative proceedings as part of the facts surrounding your case.”

4.16. Procedures Regarding Subject/Suspect/Witness Hand-offs. Department of the Air Force procedures regarding investigative interviews of Regular Air Force personnel, USSF personnel, AFR personnel, ANG personnel, and Department of Air Force civilian employees requires special handling of certain interviewees.

4.16.1. Department of the Air Force experience has found that subjects/suspects of an investigation may be at a greater risk of committing suicide, or making irrational decisions. A primary concern is that being a subject/suspect of an investigation may result in stress and turmoil within an individual’s life. The hand-off procedure is intended to act as a safety net to those individuals who might be so emotionally distraught as to pose a danger to themselves or others, and ensure wingman support is available through command lines.

4.16.1.1. These hand-offs require person-to-person contact between the IO and the subject’s/suspect’s commander or designee, civilian leading an organization designated as a unit IAW AFI 38-101 or designee, first sergeant, or supervisor. Hand-offs will require pre-coordination and advanced planning. As a general rule, the command representative designated to receive the hand-off should be of equal or greater rank than the subject/suspect. In-person hand-offs are preferred. However, if in-person hand-off is impractical, a virtual hand-off can be coordinated if the IO believes the hand-off representative can make an accurate assessment of the subject/suspect’s mental state through the virtual means.

4.16.1.2. Following interviews with Department of the Air Force personnel who are the subject/suspect of an investigation, IOs must refer such individuals to their commander or designee, civilian leading an organization designated as a unit IAW AFI 38-101 or designee, first sergeant, or supervisor. **(T-1)** The command representative must make person-to-person contact immediately following the interview and receive the subject/suspect. **(T-1)**

4.16.1.3. Before providing the hand-off, the IO should advise the commander or designee that the individual is the subject or suspect of an IG investigation. The IO should also explain the reason for any concern he or she has about the individual’s personal safety (e.g., individual was emotionally distraught, shocked, etc.).

4.16.1.3.1. However, the IO will not disclose the identity of the complainant or the substance of testimony or other evidence obtained during the investigation. **(T-1)**

4.16.1.3.2. If time permits, the IO should coordinate with the IG before handing off an individual or notifying the commander. However, an IO should not delay obtaining appropriate assistance for an individual whose emotional state demands immediate attention simply to obtain IG coordination.

4.16.1.4. The hand-off must be documented at the end of the testimony. **(T-1)** IOs may use the documentation at the end of the readout or include the following annotation: “At the conclusion of the interview, the witness/subject/suspect was handed off by the IO to the commander (or commander's representative) IAW DAFI 90-301, **paragraph 4.16.**”

4.16.2. If any witness appears to be emotional, distraught, or stunned during the process of any interview, he or she should not be allowed to depart alone, but should be released to his or her commander or designee, civilian leading an organization designated as a unit IAW AFI 38-101 or designee, first sergeant, or supervisor, who will help ensure the individual receives the necessary support to safely handle his or her personal crisis (referred to as handing-off).

4.16.2.1. In most instances, hand-offs will require pre-coordination so consider the possible impacts of the interview on the witness during advanced planning.

4.16.2.2. A hand-off is only required for witnesses if the IO determines the witness has been sufficiently disturbed by the interview to warrant person-to-person contact.

4.16.2.3. The IO should also explain the reason for any concern he or she has about the individual's personal safety (e.g., individual was emotionally distraught, shocked, etc.). However, the IO will not disclose the identity of the complainant or the substance of testimony or other evidence obtained during the investigation. **(T-1)**

4.16.2.4. The hand-off must be documented at the end of the testimony. **(T-1)** IOs may use the documentation at the end of the readout or include the following annotation: "At the conclusion of the interview(s), the witness(es)/subject(s)/suspect(s) was/were handed off by the IO to the commander (or commander's representative) IAW DAFI 90-301, **paragraph 4.16.**"

4.16.3. When suspects, subjects or witnesses invoke their Fifth Amendment or Article 31, UCMJ rights during an interview, the commander or designee, civilian leading an organization designated as a unit IAW AFI 38-101 or designee, first sergeant, or supervisor will be informed of this fact and instructed to avoid any questioning, interrogation, or discussions in the subject's/suspect's presence of a nature likely to elicit statements or admissions regarding the alleged offenses. **(T-0)** Document this in the Report of Investigation. **(T-0)**

4.16.4. If subjects are represented by an attorney for the matter under investigation, notify the attorney of the hand-off. **(T-1)** Notify the legal advisor of any suspect, subject, or witness represented by an attorney. **(T-1)**

4.16.5. When dealing with civilian employee subjects or distraught witnesses, the IO must make a reasonable effort to hand-off the individual directly to his or her unit representative, commander or designee, civilian leading an organization designated as a unit IAW AFI 38-101 or designee, or supervisor. **(T-1)**

Section 4D—Step 6: Writing the Report (≤ 34 Days)

4.17. Standard of Proof.

4.17.1. The standard of proof applicable to IG investigations is preponderance of the evidence. A preponderance of the evidence is defined as the greater weight of credible evidence. When the greater weight of credible evidence supports the alleged events, it means the events as alleged are more likely than not to have occurred and the IO may consider the events proven.

4.17.2. IOs must be careful not to apply this standard too mechanically. Quality counts as much as quantity and an IO may choose to believe one witness rather than five others if the one is sufficiently credible and the five are not. In addition, there is no way to measure the

weight of a document against the testimony of a witness other than by evaluating credibility as discussed in [paragraph 4.18.2](#).

4.18. Analyzing the Evidence. Keeping in mind the standard being sought (preponderance of the evidence), IOs will follow a four-step process when analyzing the evidence they collected. **(T-1)**

4.18.1. What are the allegations? Review the allegations framed prior to starting the investigation. Do they still make sense? The report must include properly framed allegations. Consult with the legal advisor and appointing authority if allegations need to be revised after the investigation has begun. The revision may require notification to the subject/suspect, depending on the change and the stage of the investigation.

4.18.2. What are the facts (what happened)? Facts are not conclusions, but rather information and data, from which the IO must draw logical conclusions. Each fact contained in the report of investigation must be supported by evidence contained in an exhibit attached to the report. Facts are not always consistent and are often in dispute. The IO is responsible for determining what the facts were at a specific point in time. He or she evaluates the credibility of witness testimony considering factors such as demeanor, bias, motive to lie, knowledge, ability to observe, recency of observations, corroborating evidence, and prior inconsistent statements. The IO must analyze the available evidence and use the preponderance of the evidence standard to make the tough call and arrive at logical/concrete conclusions. **(T-0)**

4.18.3. What standards apply? What laws, regulations, policies, or other controlling standards were allegedly violated? Applicable standards should have been identified at the beginning when framing the allegations. The report should include a complete discussion of the standards in effect at the time of the alleged violation.

4.18.4. Were the standards violated (was a rule, regulation, policy, or law broken)? To reach a conclusion, the IO must consider and discuss the credible evidence that supports or does not support whether the subject violated a particular standard. Utilizing the preponderance of the evidence standard, the IO concludes the allegation is or is not substantiated. IOs should consult their technical advisor, policy experts, in conjunction with the legal advisor when in doubt about whether a particular action violated Department of the Air Force standards. However, the final decision rests with the appointing authority during the final approval process.

4.19. Category of Findings. There are only two possible findings for each allegation:

4.19.1. **Substantiated:** A substantiated finding results when a preponderance of the evidence supports the allegation of a wrong or violation of law, regulation, procedure, or Department of the Air Force policy or standard. The facts indicate a violation of standards occurred.

4.19.2. **Not Substantiated:** A not substantiated finding results when a preponderance of the evidence supports the conclusion the alleged misconduct did not occur. The facts indicate no violation of standards occurred.

4.20. Procedures Regarding Report Writing.

4.20.1. All IG investigations (and their findings) must be documented with objectivity, thoroughness, and in a timely manner. **(T-1)** The ROI must maintain an impartial and balanced tone and exclude any biases for or against the complainant, subject, or witnesses. **(T-1)** An ROI must be a stand-alone document—all the essential facts, documents, portions of

regulations, interviews, etc., must be included in the report so a reviewer can arrive at a determination without reference to information outside the report. **(T-1)**

4.20.1.1. The IO must sign the report. **(T-1)**

4.20.1.2. The appointing authority approves the report in writing. **(T-1)**

4.20.1.3. The IO must address each of the framed allegations in the report. **(T-1)** If the appointing authority determines an allegation should not be examined in the investigation, the IO must document the appointing authority's decision. **(T-1)**

4.20.2. Recommendations are required.

4.20.2.1. In not substantiated cases, at the end of Section II, Tab C, state: "We make no recommendations in this matter."

4.20.2.2. In substantiated cases, state at the end of Section II, Tab C: "We recommend that the commander take appropriate corrective action regarding the substantiated finding;" and "We recommend that the complainant petition the Air Force Board for Correction of Military Records to reconsider [appropriate action based upon the case] based upon the substantiated finding(s)."

4.20.3. IGs will refer IOs to this instruction and the *SAF/IGQ IO Guide* for specific information and techniques on report writing. **(T-1)**

4.20.4. All IG investigative case files must comply with the standardized IG case file format described in **paragraph 4.21**, see DAFCRPSG Attachment 8 for a template. **(T-1)**

4.21. Case File Format. A case file is a standardized compilation of documents relevant to an IG complaint. The case file consists of three sections. Section I, the Administrative File, is always used and contains documents such as the Complainant Notification Letter, and recommendations if requested. The documents in Section I are solely used to supervise and manage the complaint resolution. Section II, Report of Investigation, is the formal investigative report prepared by the investigating officer. For example, this section contains the chronology, background and allegations, as well as the findings of fact, analysis, and conclusion. Section II contains the bulk of the IO's work and is normally releasable under FOIA. Section III, Support Documents, contains all the supporting evidence associated with the Report of Investigation and additional Quality Control Checklists. The witness testimony, documentary evidence, and the appointment letter are maintained in Section III. All case file documents will be attached to the applicable ACTS electronic case file. **(T-1)**

4.21.1. DAFCRPSG Attachment 8 shows the case file format which matches the ACTS Attachments tab.

4.21.2. The investigative case file should be organized according to DAFCRPSG Attachment 8 using the tabs applicable in each situation. Prepare a Table of Contents showing the contents of the case file. Unused tabs should be documented in the table of contents with the statement "This tab not used." **(T-3)** Do not include the unused tabs in the actual case file. **(T-3)**

4.21.3. As a minimum, case files for cases resulting in investigation must contain the following documentation (indexed and inserted in Sections I, II, and III at the prescribed tab): the complaint; tasking memos (if any); ROI; legal review; the testimony (transcribed or summarized, if taken); copy of response to complainant; copy of notification to the subject's

commander; copy of commander's action (if applicable); and administrative documents including memos, and complaint acknowledgment or periodic memos to the complainant. **(T-1)**

4.21.4. ACTS is the System of Record for storing IG records; IG offices should not maintain paper copies of records.

4.22. Reporting Requirements Periodic Updates (PU). IGs will use DAFCRPSG Attachment 11 to provide the complainant a PU within 60 days after receipt of the complaint and approximately every 30 days (not to exceed 60 days) thereafter. **(T-1)** PUs are the responsibility of the IG working the case when the update is due. For ANG and Air Force Reserve IGs, provide PUs not to exceed every other UTA. If complaint results in an IG investigation, IGs must also provide a PU to the complainant and subject whenever a case transfers between agencies or levels of command, which satisfies the intent of PU frequency. **(T-1)** IGs will use the DAFCRPSG Attachment 26 to provide the subject(s) a PU approximately every 30 days (not to exceed 60 days) days after the investigation is initiated and approximately every 30 days (not to exceed 60 days) thereafter. **(T-1)** A PU does not take the place of the 180 Day Notification Letter referred to in [paragraph 5.6.2](#).

Section 4E—Step 7: IG Quality Review (≤ 7 Days)

4.23. Requirement for IG Quality Reviews. All investigations will receive a quality review (QR) by the IG staff to ensure completeness, compliance with this instruction and other appropriate directives, and objectivity. Use SAF/IGQ Quality Review Checklist (DAFCRPSG Attachment 18) to assist in the review. **(T-1)**

4.23.1. If the IG QR detects deficiencies with the investigation or report, the IG should return the case to the IO to be reworked.

4.23.2. If a case needs to be returned to the IO to be reworked due to deficiencies, the IG must explain the specific problems and rationale to the IO. **(T-1)**

4.23.3. If an IG disagrees with the IOs findings and conclusions, document the disagreement and proceed with the next step in the Complaint Resolution Process. **(T-1)**

Section 4F—Step 8: Technical Review (≤ 3 Days)

4.24. When is a Technical Review Necessary?

4.24.1. Sometimes an IO will be asked to evaluate information or interpret guidance in a technical field beyond his/her normal range of expertise. When this happens, the appointing authority should ask for a technical (expert) review of the applicable evidence, findings, and conclusions before the report is sent for a legal sufficiency review.

4.24.1.1. The key question will be how important the technical information is to the overall conclusions in the report.

4.24.1.2. A good faith effort will be made to retain complainant confidentiality. **(T-1)** The Technical Advisor should only review the portion of the investigation required to provide the technical assistance and should be advised of the need to maintain confidentiality.

4.24.2. A technical review must explain, in detail, whether the report is technically sufficient. **(T-1)** If the report is found to be technically inaccurate or deficient, it will be returned to the IO to be reworked. **(T-1)** In this case, the technical review must explain, in detail, the reasons why the report was deficient and the minimum requirements for sufficiency. **(T-1)**

Section 4G—Step 9: Legal Review (≤ 10 Days)

4.25. Requirement for Legal Reviews.

4.25.1. IGs will have all Reports of Investigation reviewed by a JA for legal sufficiency. **(T-1)** The JA will provide written reviews before the appointing authority approves the report and its findings. **(T-1)** IGs should ensure the local servicing SJA is familiar with the SAF/IGQ *JAG Guide to IG Investigations*.

4.25.2. A different JA should perform the legal review other than the individual assigned to advise the IO.

4.25.3. A thorough legal review is critical to the IG investigative process and IG-JA-CC relationships. The written review must reflect a thorough review of the case, to include an independent review of all testimony and evidence. When conducting a legal review of any IG investigation, the attorney performing the legal review must complete the Inspector General Investigations Legal Review Checklist, which is available on the Air Force Military Justice and Discipline-Investigations, Inquires and Relief Division(AF/JAJI) Flite Knowledge Management website under the JAJI Investigations, Inquiries & Relief IG Legal Review Checklist and Templates tab. **(T-1)**

4.25.4. Each legal review must examine whether: (1) Each allegation has been addressed; (2) Allegations allege a violation of law, regulation, procedure, or policy; (3) The IO reasonably applied the preponderance of the evidence standard in arriving at findings; (4) Conclusions are supported by, and consistent with, the findings; (5) The investigation complies with all applicable legal and administrative requirements; (6) Any errors or irregularities exist, and if so, their legal effects, if any. **(T-1)** Along with documenting conclusions concerning each of these matters, the legal review must contain as an attachment a completed Inspector General Investigations Legal Review Checklist. **(T-1)**

4.25.4.1. If the legal review states the case is not legally sufficient, it must include a detailed explanation of what the report is missing or lacking that makes it legally insufficient. **(T-1)** The IG will return the case to the IO to be reworked IAW [Section 4H](#). **(T-1)** The IO must make the report legally sufficient. **(T-1)**

4.25.4.2. In cases in which the legal review simply disagrees with the IO's ultimate findings and conclusions, the rationale for that disagreement will be provided to the IO for consideration. **(T-1)** If the IO, after considering the review, disagrees with the legal review, the IO will not be directed to change the disputed findings or conclusions. **(T-1)** Instead, the ROI and legal review will be provided to the appointing authority for a final determination. **(T-1)** In situations where the disputed findings pertain to an investigation of reprisal or restriction, the appointing authority will provide their determination but, DoD IG will be the final determination authority. **(T-1)**

4.25.5. After the legal review and when the ROI is presented for review and approval of the appointing authority, if the appointing authority disagrees with the IO's findings and/or

conclusions, the appointing authority must issue alternative findings and conclusions and document them in an addendum. **(T-1)** In such case, the appointing authority’s determination must include the rationale for his or her decision. **(T-1)** Merely deferring to or referencing the legal review is insufficient. Rather, the appointing authority’s determination must separately set out the basis for the determination through an analysis and issue new findings and/or conclusions. **(T-1)** If the appointing authority arrives at findings different than the original ROI and documents those alternate findings in an addendum, a subsequent legal review must be accomplished. **(T-1)** 4.25.6. For ROIs requiring a higher headquarters review, MAJCOMs, FLDCOMS, NGB, FOAs, DRUs, and SAF/IGQ may adopt a lower-level legal review. All investigations require a minimum of one legal review. **(T-1)** Additional reviews are optional; however, additional reviews are required if higher level quality review indicates the need for an additional legal review or if an addendum is accomplished that alters the findings or significantly changes the analysis in the ROI. **(T-1)** HHQ IGs may consult with HHQ JA on sufficiency of lower level legal review as part of their QR.

Table 4.3. Actions to Take Based on Legal Sufficiency Review. (T-1)

R U L E	A	B
	If an investigation is found to be...	Then...
1	Legally sufficient	Appointing authority approves and sends final response to complainant, unless higher-level QR and approval is required. If the appointing authority disagrees with the IO, see paragraph 4.25.5 or paragraph 4.27.2 .
2	Not legally sufficient	Report is returned to the IO to be reworked. The IO must make the report legally sufficient.
3	Administratively sufficient	Appointing authority approves and sends final response to complainant, unless higher-level QR and approval is required. If the appointing authority disagrees with the IO, see paragraph 4.25.5 or paragraph 4.27.2 .
4	Not administratively sufficient	Report is returned to the IO to be reworked if required.

Section 4H—Step 10: Reworking the Report (≤ 5 Days)

4.26. When Reports are Returned for Rework. If a report is found to be insufficient, then the report will be returned to the IO for rework. **(T-1)**

4.26.1. The reason for the rework and the dates must be logged into ACTS. **(T-1)**

4.26.2. IG quality reviews, technical reviews, and/or legal reviews must provide reasons why the report was not sufficient and detail the minimum requirements for sufficiency. **(T-1)**

Section 4I—Step 11: Completing the Case (≤ 7 Days)

4.27. Appointing Authority Approval. Final approval of an IG investigation rests with the appointing authority, except for investigations of reprisal or restriction. **(T-1)**

4.27.1. The appointing authority will sign and approve the ROI in writing. **(T-1)**

4.27.2. In cases where the appointing authority disagrees with the IO's findings and conclusions, the appointing authority will non-concur with the ROI in writing in an addendum to the ROI. **(T-1)** Merely deferring to or referencing the legal review (if applicable) or findings and conclusion is insufficient. The appointing authority must clearly explain the reasons for the disagreement and the supporting rationale in the addendum. **(T-1)** The IO's findings, legal review, and the appointing authority's addendum will be retained as part of the investigation case file. **(T-1)** If the appointing authority arrives at findings different than the original ROI and documents those alternate findings in an addendum, a subsequent legal review must be accomplished. **(T-1)** Should a non-IG appointing authority overturn the IO's findings in an IG investigation, the case file must be reviewed by the next higher-level IG office. **(T-1)** See [paragraph 4.32](#).

4.27.3. Prior to final approval and signature of the ROI containing substantiated findings, the appointing authority will provide the subject/suspect's commander a tentative conclusion letter (TCL). **(T-3)** The commander will then provide the TCL to the subject/suspect. **(T-3)** When making TCL notifications to the subject/suspect, commanders will comply with DAFI 90-5001, *Integrated Resilience*. **(T-1)** The TCL will briefly outline the allegations substantiated against the subject/suspect, the primary reasons that support the substantiated conclusion, and will include a redacted copy of the relevant portions of the preliminary ROI as well as a transcript of the subject/suspect's testimony as attachments. **(T-3)** The relevant portions are the portions of the ROI where the investigation officer analyzed the evidence used to determine the finding against the subject. That would be the allegation, facts, analysis, and conclusion related to allegations against the subject. If there are multiple substantiated allegations against the subject, provide the same for each allegation. **(T-3)** Provide portions of the ROI that contain not substantiated allegations (if any) if relevant to any response by the subject. All portions of the ROI provided must be redacted to remove all third party PII (name, email address, rank (lower ranked)) to include witnesses. **(T-0)** Information that could identify the third parties includes items such as duty titles, position, etc. If the ROI has testimony embedded in it, redact portions of the testimony where the information can be tied to a particular witness. **(T-0)** If a subject or suspect elects not to participate in an interview, the requirement to initiate the TCL process is not required.

4.27.3.1. Prior to transmitting the letter, the appointing authority will coordinate the draft TCL with his or her legal advisor and the investigating officer. **(T-3)**

4.27.3.2. The subject/suspect will be allowed no more than two calendar weeks to provide a response to the appointing authority with any relevant documentation/evidence not previously considered. **(T-3)**

4.27.3.3. Upon receipt of the response from the subject, the appointing authority will provide the response to the IO who will consider any modifications of the analysis or findings of the allegation(s). **(T-3)** If the IO determines no change to the analysis or findings is necessary, he or she notifies the appointing authority who notes the completion

of the TCL process in their approval of the ROI, and proceeds with [paragraph 4.28.](#), Closure Requirements.

4.27.3.4. If the IO believes the response from the subject/suspect indicates modification of the analysis or findings is appropriate, the IO will:

4.27.3.4.1. Consider the relevant documentation and evidence submitted by the subject/suspect, to include modifying the conclusions. **(T-3)**

4.27.3.4.2. Request the legal advisor review the TCL, response and any modifications to the analysis or findings and determine if a second legal review is required. **(T-3)**

4.27.4. The IO returns the modified ROI and associated documentation to the appointing authority. If the appointing authority disagrees with the IO, see [paragraph 4.27.2.](#) If the appointing authority agrees with the IO, the appointing authority proceeds with [paragraph 4.28.](#) Upon appointing authority approval of the ROI, the IG will place the case in completed status in ACTS. **(T-1)**

4.28. Closure Requirements. Upon the appointing authority's approval of an investigation, all notification procedures IAW the applicable notification matrix must be completed, unless otherwise directed by a higher-level IG. Use [Table 4.4](#) for investigations, [Table 7.1](#) for officers, and [Table 8.2](#) for senior officials.

4.28.1. Mandatory actions required to close a case are:

4.28.1.1. ROI approved by appointing authority. **(T-1)**

4.28.1.2. Subject's commander notified of results. **(T-1)**

4.28.1.3. Complainant notified of results. **(T-1)**

4.28.1.4. Command action if appropriate. **(T-1)**

4.28.1.5. For closure requirements on reprisal cases, refer to [paragraph 5.8.](#)

4.28.1.6. For closure requirements on restriction investigations, refer to [paragraph 6.9.](#)

4.28.1.7. For additional closure requirements for investigations conducted as a result of a DoD Hotline complaint, refer to [Chapter 9.](#)

4.28.2. IGs at every level are required to update all completed actions in ACTS (refer to the *ACTS User's Manual*) and are required to maintain an electronic case file in ACTS until its final disposition date. **(T-1)** Leave case in completed status in ACTS until all required quality, legal, and higher-level reviews as well as required notifications and any command actions are complete, at which time the case will be closed in ACTS by the appropriate IG (MAJCOM-FLDCOMIGQ for reprisal and restriction cases). **(T-1)**

4.28.3. Cases pending command/corrective action may be assigned a follow-up suspense on the suspense tab in ACTS until a copy of the action taken is received. **(T-1)**

4.29. Notification Requirements for Case Closures.

4.29.1. **Table 4.4** describes the notification requirements upon completion of IG investigations.

4.29.2. The appointing authority must notify the subject's current commander of the results of the investigation in writing. **(T-1)** The commander must, in turn, notify the subject of the

results of the investigation in writing. (T-1) Documentary evidence of this notification is required. (T-1) When notifying the subject/suspect of the final result, the commander will comply with DAFI 90-5001, *Integrated Resilience*. (T-1) The notification letters must include a description of the specific allegations and related findings. (T-1) The letters must not contain the names of the complainants, witnesses, or other subjects of the investigation. (T-1) Refer to DAFCRPSG Attachment 12 for a sample results notification to the subject's commander with an endorsement for the commander's notification to the subject.

4.29.3. The appointing authority will automatically provide the subject's commander with a copy of the relevant portions of an approved and substantiated report of investigation (without attachments) for determining appropriate command action. (T-1) Recipients must comply with all applicable guidance in [Chapter 10](#). For Senior Official cases, see [paragraph 8.4.2](#). In the case where there is an addendum that becomes part of the ROI, the originating appointing authority of the addendum is the authority responsible for making release determinations.

4.30. Responding to Complainants after Closing an Investigation. Providing a final response to the complainant is generally the final step before case closure.

4.30.1. Responses to complainants must be timely, and supported by the evidence. (T-1)

4.30.2. Responses to complainants should address all allegations as framed for the investigation. The response does not necessarily have to address each individual question or allegation originally made by the complainant.

4.30.3. Complainants will receive a response from the level that conducted the investigation, unless otherwise directed by higher-level IG. (T-1)

4.30.4. Complainants will receive a final response, in a publicly-releasable format (must not contain subject or witness names), in writing, with the findings of the investigation. (T-0) When responding to third-party complainants, refer to [paragraph 4.30.7](#).

4.30.5. Final responses to complainants must inform them of their right to petition the Air Force Board for Correction of Military Records regardless of the findings in the case. IGs should inform them of the need to exhaust all appeals and remedies before petitioning the Air Force Board for Correction of Military Records. (T-1) Final responses to complainants must also inform them of their rights to request review by the next level IG above that which conducted the investigation. (T-1) For reprisal cases, see [paragraph 5.8.2](#) and for restriction cases, see [paragraph 6.9.2](#), respectively.

4.30.5.1. Simply disagreeing with the findings or with the command action taken in response to the findings is not sufficient reason to justify a higher-level review or additional investigation. (T-1)

4.30.5.2. It is the complainant's responsibility to provide new and compelling information that justifies a higher-level review on previously considered issues. (T-1)

4.30.5.3. It is the complainant's responsibility to request this review in writing to the next level IG within 90 calendar days of receiving the response and to provide specific reasons why they believe the original complaint resolution was not valid or adequate. (T-1)

4.30.6. Ensure responses to complainants are in a publicly releasable format consistent with FOIA and PA release guidelines in [Chapter 10](#). (T-1)

4.30.7. Third party complainants are only entitled to an acknowledgement that their complaint was received, which should be done immediately after receipt. **(T-3)** They will not receive information regarding the resolution unless the affected party authorizes the release of information to that third-party via a Privacy Act release. **(T-3)**

Table 4.4. Notification Matrix for Closure of IG Investigations. (T-1)

R	A	B
U L E	If an investigation is conducted and the allegations are...	Then...
1	Substantiated	1. Appointing authority notifies subject’s commander in writing (see paragraph 4.29.2). 2. Commander notifies subject, in writing (see paragraph 4.29.2), and takes disciplinary/corrective action. 3. For 10 USC § 1034 cases, MAJCOM/IG, or FLDCOM/IG provides final response to complainant. For other investigations, the IG at the level where the investigation was conducted provides the final response (see paragraph 4.30). 4. Commander notifies appointing authority of command or corrective action. 5. Appointing authority provides IG with a signed copy of the notification to the subject’s commander and the completed command action, to include any rebuttal, for inclusion in the ACTS case file. Notify SAF/IGQ via ACTS.
2	Not Substantiated	1. Appointing authority notifies subject’s commander in writing (see paragraph 4.29.2). 2. Commander notifies subject in writing (see paragraph 4.29.2). 3. For 10 USC § 1034 cases, MAJCOM/IG, or FLDCOM/IG provides final response to complainant. For other investigations, the IG at the level where the investigation was conducted provides the final response (see paragraph 4.30). 4. Appointing authority provides IG with a signed copy of the notification to the subject’s commander and the completed command action, to include any rebuttal, for inclusion in the ACTS case file. Notify SAF/IGQ via ACTS.

4.31. Command Action. Command action is the responsibility of the commander who is responsible for, and maintains accountability of, the process, operation, organization, or individual.

Section 4J—Step 12: Higher Headquarters Review (≤ 23 Days, see Table 3.1)

4.32. Requirement for Higher Headquarters Quality Review (QR).

4.32.1. The following cases will be sent to higher headquarters for QR: **(T-1)**

4.32.1.1. Allegations of reprisal or restriction. **(T-1)**

4.32.1.2. A non-IG appointing authority overturns an IG investigation's findings.

4.32.1.3. ANG cases will be routed from the unit through the JFHQ to NGB to SAF/IGQ for higher headquarters QR. **(T-1)**

4.32.2. NGB, MAJCOMs, FLDCOMs, NAFs, JFHQs, FOAs, and DRU IGs will conduct oversight and reviews for investigations; complete the checklist in DAFCRPSG Attachment 18, before forwarding the case file to SAF/IGQ for review, (T-1) to ensure that:

4.32.2.1. All valid allegations were addressed. **(T-1)**

4.32.2.2. The investigation was conducted with thoroughness, objectivity, and in a timely manner. **(T-1)**

4.32.2.3. The findings and conclusions are supported by a preponderance of the evidence. **(T-1)**

4.32.2.4. Legal reviews were conducted as required by this instruction. (see [paragraph 4.27](#)). **(T-1)**

4.32.2.5. Command action (when required) is/was taken and is documented. **(T-1)**

4.32.3. When deficiencies are identified, reopen the investigation if necessary to correct any shortcomings. Whenever possible, have the original IO complete the additional work needed and revise the report. When circumstances warrant, SAF/IGQ, MAJCOM, FLDCOM or NGB may complete the additional work needed, conduct an additional legal review, and revise the report with an addendum. When an addendum is accomplished, IGs must check the "Addendum Accomplished" checkbox in the ACTS case file main tab. **(T-1)**

4.32.4. MAJCOM, FLDCOM, NGB, FOA, and DRU IGs will provide feedback to lower-level IGs upon completion of the QR. Each level of review will complete the SAF/IGQ Quality Review Checklist (DAFCRPSG Attachment 18) and upload it to ACTS. Refer to [paragraph 4.33](#) if disagreeing with lower-level findings. **(T-3)**

4.33. Disagreement with Findings. In cases where a higher headquarters QR disagrees with the findings, conclusions, or determinations made at the level immediately below, the higher-level IG will reach a determination and document the findings in an addendum. The higher-level IG will review the issues and consult a JA before forwarding the report to SAF/IGQ, if required. Under no circumstances will MAJCOM, FLDCOM, or NGB IG forward a disputed case to SAF/IGQ for resolution. The higher-level IG will:

4.33.1. Reopen the case at their level to address the issues in dispute or unresolved issues, when warranted. **(T-1)**

4.33.2. Document any discrepancies/new findings in writing with an addendum to the ROI, fully explaining the rationale for the new findings, and address any disagreements between IOs, legal reviewers or other reviewers. **(T-1)**

4.33.3. Notify lower-level IG of the disagreement and change in findings and provide them a copy of the applicable addendum. **(T-1)** Document this action in an ACTS case note. **(T-1)**

4.33.4. If a higher headquarters' review overturns a not substantiated finding to substantiated, the higher headquarters must complete the TCL process described in [paragraph 4.27.3](#). **(T-1)**

4.33.5. If the higher headquarters arrives at findings different than the original ROI and documents those alternate findings in an addendum, a subsequent legal review must be accomplished. (T-1)

Section 4K—Step 13: SAF/IGQ Review (≤ 5 Days)

4.34. Requirement for SAF/IGQ Review. SAF/IGQ will:

4.34.1. Conduct a review for military reprisal or restriction cases before forwarding them to IG DoD, as required.

4.34.2. Conduct a QR on other cases when so specified in the SAF/IGQ tasking letter to MAJCOM, FLDCOM, NGB, FOA, and DRU IGs.

4.34.3. Notify MAJCOM, FLDCOM, NGB, FOA, or DRU IGs of discrepancies or deficiencies noted in reports.

4.34.4. Return (when required) all case documents and re-task cases for any supplemental information or additional investigation required to be incorporated into the original report.

4.34.5. Examine cases for systemic problems or trends and notify DAF/IG. Notify commanders, civilians leading an organization designated as a unit IAW AFI 38-101, or appropriate agencies as needed to ensure resolution or future preventive action.

4.34.6. In cases where SAF/IGQ is the reviewing authority on an IG report (but is not the appointing authority) and the SAF/IGQ QR disagrees with the findings, conclusions, or determinations made at the level immediately below or significantly changes the analysis in the ROI, SAF/IGQ will:

4.34.6.1. Before significantly changing the analysis or formally overturning an investigation finding through an addendum, SAF/IGQ will coordinate with the originating IG office on the identified deficiencies, affording that office the opportunity to address those deficiencies. If the originating office declines to address the deficiencies, SAF/IGQ will address through an addendum.

4.34.6.2. Obtain an additional legal review for legal sufficiency before determining the final finding (substantiated or not substantiated).

4.34.6.3. Non-concur with the report or legal review determinations in writing in an addendum to the ROI. Clearly adopt an official position on the disputed item(s) and explain the rationale for the new findings in the addendum. When an addendum is accomplished, IGQ must check the "Addendum Accomplished" checkbox in the ACTS case file main tab.

4.34.6.4. Notify the lower-level IG office or commander of the different findings and provide them with a copy of the addendum. The lower-level IG must follow [Table 4.4](#) to inform recipients of the findings. Document this action in an ACTS case note.

Chapter 5

REPRISAL COMPLAINTS

5.1. Governing Directives. 10 USC §1034, *Protected communications; prohibition of retaliatory personnel actions* and DoDD 7050.06, *Military Whistleblower Protection*, and DoDI 7050.09, *Uniform Standards for Evaluating and Investigating Military Reprisal or Restriction Complaints* provide guidance on whistleblower rights and responsibilities.

5.2. Whistleblower Protection Against Reprisal Under Title 10 United States Code, Section 1034 (10 USC § 1034).

5.2.1. Members of the armed forces shall be free from reprisal for making or preparing or being perceived as making or preparing to make a protected communication (PC). **Regular Air Force members, Air Force Reserve members, and Air National Guard members, and civilian employees who fail to obey the prohibitions of this chapter are in violation of 10 USC 1034 and may be punished.**

5.2.1.1. No person may take (or threaten to take) an unfavorable personnel action; or withhold (or threaten to withhold) a favorable personnel action as reprisal against a member of the armed forces for making or preparing to make, or being perceived as making or preparing to make, a protected communication.

5.2.1.2. Civilian employees who violate this prohibition are subject to administrative or disciplinary action under applicable directives or implementing instructions governing civilian disciplinary or administrative action.

5.2.1.3. No commander or supervisor may refer a military member for an mental health evaluation (MHE) as a reprisal for making or preparing to make a protected communication.

5.2.2. The following may receive protected communications (**Note:** see the definition of protected communication in [Attachment 1](#) for more guidance on when a communication made to any of the following is a protected communication):

5.2.2.1. Member of Congress or a member of their congressional staff.

5.2.2.2. An Inspector General or a member of the Inspector General's investigative staff.

5.2.2.3. Personnel assigned to DoD audit, inspection, investigation, or law enforcement organizations, equal opportunity, safety, sexual assault prevention and response designees, and family advocacy.

5.2.2.4. Any person in the member's chain of command.

5.2.2.5. The Chief Master Sergeant of the Air Force, Chief Master of Sergeant of the Space Force, command chiefs, group/squadron superintendents, and first sergeants.

5.2.2.6. A court-martial proceeding.

5.2.2.7. Any other person or organization designated pursuant to regulations or other established administrative procedures for such communications.

5.2.2.8. Testimony, or otherwise participating in or assisting in an investigation or proceeding related to a communication under paragraphs [5.2.2.1](#) through [5.2.2.7](#), or filing,

causing to be filed, participating in, or otherwise assisting in an action brought under this section.

5.2.3. Nothing in this issuance will be construed to limit the ability of a commander to consult with a superior in the chain of command, an IG, or a judge advocate on the disposition of a complaint against a service member for an allegation of collateral misconduct or for a matter unrelated to a protected communication. Additionally, nothing in this instruction will dissuade commanders from taking timely and appropriate corrective actions for legitimate reasons, including violations of the UCMJ, violations of other criminal statutes, or other misconduct, whether or not information regarding the misconduct came through a protected communication. Commanders should understand the prohibitions on reprisal and restriction and should coordinate with the servicing SJA office for effective legal guidance on these issues.

5.2.4. Department of the Air Force military members may file complaints of reprisal with IGs at any level and receive the protections of 10 USC § 1034.

5.2.5. To gain statutory protection of the law, the service member must file the complaint with any IG within one year of becoming aware of the personnel action that is the subject of the allegation. **(T-0)** The IG may waive this time requirement if they determine there are extenuating circumstances justifying the delay in filing the complaint or there is special Department of the Air Force interest in the matter. See **Table 3.13., Rule 3.**

5.3. Procedures for Receipt of Reprisal Complaints. The following outlines Department of the Air Force procedures for receiving reprisal complaints. All IGs during the complaint analysis process will consider the personnel actions and protected communications (PCs) presented by the complainant in the complaint regardless of whether reprisal is raised. **(T-1)**

5.3.1. **Military Members.** Department of the Air Force IGs must advise military members alleging reprisal of the provisions of 10 USC § 1034 (the Military Whistleblower Protection Act) and DoDD 7050.06, and of the rights afforded to complainants the statute. **(T-0)** IGs should use DAFCRPSG Attachment 14, Whistleblower Rights under 10 USC § 1034, to assist them.

5.3.1.1. IGs should ask complainants whether they have also filed their complaint with IG DoD. If the complainant has, then IGs should include this in the notification letter to IG DoD (refer to **paragraph 5.4.**). No complaint analysis by the IG receiving the complaint is required unless otherwise directed by a higher-level IG (refer to **paragraph 5.5.3.**).

5.3.1.2. IGs must ask the complainant whether the allegations that constituted the member's protected communication were previously addressed. **(T-1)** For additional information, refer to **paragraph 5.5.1.**

5.3.2. **Civilian/Nonappropriated Fund Employees and Defense Contractors.** If an IG receives a complaint from a civilian/nonappropriated fund employee or a defense contractor in which they allege reprisal, follow the guidance in **Table 5.1.** **(T-1)**

Table 5.1. Reprisal Referral for Civilian Employees.

R	A	B
----------	----------	----------

U L E	If the aggrieved party is a...	Then...
1	Department of the Air Force civil service employee	Direct the complainant to IG DoD Hotline (http://www.dodig.mil/hotline/), the Office Special Counsel (OSC) or local EO office for reprisal allegations relating to an EEO complaint.
2	Department of the Air Force nonappropriated fund employee	Direct the complainant to IG DoD Hotline (http://www.dodig.mil/hotline/), the Office Special Counsel (OSC) or local EO office for reprisal allegations relating to an EEO complaint.
3	Defense contractors	Direct the complainant to IG DoD Hotline (http://www.dodig.mil/hotline/).

5.3.3. Department of the Air Force IGs will not conduct investigations into complaints of reprisal actions alleging Department of the Air Force civil service employees, nonappropriated fund employees, or defense contractor employees are the target of reprisal. **(T-0)** These employees receive protection from statutes other than 10 USC § 1034. Do NOT add allegations of reprisal to an ACTS case file if the complainant is civilian.

5.3.4. 29 Code of Federal Regulations Part 1614 requires civilian reprisal allegations in connection with an EEO complaint be processed through the EEO procedures. **(T-0)**

5.3.5. If IG DoD receives a reprisal complaint directly from a complainant, IG DoD will conduct the intake. If IG DoD elects to refer the complaint to the Department of the Air Force, they will forward the analysis and a tasking letter to SAF/IGQ. SAF/IGQ will forward the package to the MAJCOM, FLDCOM, NGB, FOA, or DRU IG for proper handling of the complaint.

5.4. Notification Requirements for Reprisal Complaints. IAW DoDD 7050.06, IG DoD must be notified (through SAF/IGQ) within 10 duty days from the date an IG receives sufficient documentation (e.g., written complaint, DAF Form 102, etc.) from the complainant to determine if prima facie reprisal elements have been met. **(T-0)** If DoD IG referred the complaint to the Department of the Air Force, no notification is required. To meet IG DoD's notification requirement, IGs at all levels will notify SAF/IGQ through MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG within 7 duty days using DAFCRPSG Attachment 15. **(T-1)** Attach the completed notification in ACTS and send the notification in ACTS to the next higher-level IG. All named RMOs of a reprisal complaint must be added to the subject tab of ACTS, with the appropriate allegation type (reprisal) selected on the allegation tab. This ensures that ACTS tracks the case as a 1034 case, and makes the appropriate automatic special interest category selections on the Main tab.

5.4.1. If the IG receiving the complaint determines the complaint needs to be transferred to another IG, notification requirements belong to the receiving IG. **(T-1)** Reference Tables **3.8** and **3.9**.

5.4.2. Prior to sending the notification, if the IG determines that answers to questions one and two of the elements of reprisal (DAFCRPSG Attachment 16) are not both "yes," or, that while the answers to questions one and two are "yes," the reason for the personnel action is not

reprisal (i.e., the action was taken for a valid reason), the required notification can include a recommendation to dismiss the issue. **(T-1)** A recommendation to dismiss the allegation on the DAFCRPSG Attachment 2 must include the rationale, based on the elements of reprisal, for the selected resolution strategy and supporting documentation. **(T-1)** The IG must then analyze the complaint for abuse of authority using DAFCRPSG Attachment 17.

5.4.3. Upload a copy of the written complaint, or a detailed narrative of the allegations, with the notification template (DAFCRPSG Attachment 15) in ACTS and notify SAF/IGQ through the appropriate MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG. **(T-1)** Clearly document if the complaint of reprisal involves sexual assault reporting or loss of access to classified information. **(T-1)** IG DoD may retain these types of cases for resolution.

5.4.4. IGs receiving allegations not within the purview of the Department of the Air Force will transfer the complaint to SAF/IGQ through their MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG. **(T-1)** For complaints appropriate for transfer to DHA, the IG receiving the allegations will complete the notification to DoD annotating that the DAF is transferring the case to DHA. **(T-1)**

5.4.5. Dismissals for untimeliness of complaint. If it becomes apparent during the intake process that the complaint was not filed within one year of the complainant becoming aware of the most recent alleged personnel action, IGs will consider whether the untimely complaint filing, based on compelling reasons or circumstances, should not be dismissed. **(T-1)**

5.4.5.1. These circumstances may include situations in which the service member:

5.4.5.1.1. Was actively misled regarding his or her rights;

5.4.5.1.2. Was prevented in some extraordinary way from exercising his or her rights;
or

5.4.5.1.3. Filed the same allegation within the one year period with the wrong office or agency.

5.4.5.2. After consideration of the above factors, if no such circumstances exist, the IG may recommend dismissal of the case as untimely. The MAJCOM-NGB-FLDCOM-FOA-DRU/IGQ or JFHQ/IG will approve recommended dismissal by a lower-level IG and, if approved, send a letter to the complainant explaining that the case is dismissed and closed.

5.4.5.3. Document the untimeliness on the DOD approved decision document (DAFCRPSG Attachment 2) and transfer the case to SAF/IGQ through the MAJCOM, NGB, NAF, JFHQ, FOA, or DRU IG for higher-level review, including the appropriate checklist from DAFCRPSG Attachment 18.

5.4.6. Dismissal for unresponsive or uncooperative complainant. In general, complainants understand that investigations require their timely cooperation. In the infrequent case in which, during the intake or investigation process, the complainant becomes unresponsive, IGs will make at least three attempts to reach the complainant using appropriate methods of contact. **(T-1)** If the complainant remains unresponsive, the IG will advise the complainant in writing that it will not be possible to investigate the alleged reprisal without the complainant's cooperation and that the case will be dismissed unless a response is received within 10 days. **(T-1)** If no response is received after allowing a minimum of 10 days for the complainant to respond, the IG may recommend dismissal of the case for lack of cooperation. Documentation

of the dates and methods used in attempts to contact the complainant will be included in the DAFCRPSG Attachment 2. **(T-1)** Transfer the complaint to SAF/IGQ through the MAJCOM, NGB, NAF, JFHQ, FOA, or DRU IG, including the appropriate checklist from DAFCRPSG Attachment 18. **(T-1)** The MAJCOM-FLDCOM-NGB-FOA or DRU/IGQ will review the recommended dismissal by a lower-level IG and, if approved, send a letter to the complainant explaining that the case is dismissed and closed. **(T-1)**

5.4.7. Dismissal for withdrawals. When a complainant communicates the intent to withdraw a complaint in writing, IGs must evaluate whether the withdrawal was voluntary. **(T-1)** IGs are not obligated to approve withdrawals, particularly if investigative efforts to date indicate misconduct may be substantiated. If the IG is satisfied that the request was not coerced, he or she may approve the withdrawal and recommend dismissal. The MAJCOM-FLDCOM-NGB-FOA or DRU/IGQ will review the recommended dismissal by a lower-level IG and, if approved, send a letter to the complainant explaining that the case is dismissed and closed. **(T-1)** Transfer the complaint to SAF/IGQ through the MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG for higher-level review. **(T-1)**

5.4.7.1. If the request for withdrawal occurs before initial complaint notification to IG DoD is made, the notification and the withdrawal may be sent simultaneously, accompanied by the DAFCRPSG Attachment 2 and a copy of the complaint to SAF/IGQ through the MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG. **(T-1)**

5.4.7.2. If the request for withdrawal occurs after the initial complaint notification to IG DoD was made, the copy of the withdrawal letter or email, copy of the complaint, and the DAFCRPSG Attachment 2 will suffice to close the case. Transfer the complaint to SAF/IGQ through the MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG, including the appropriate checklist from DAFCRPSG Attachment 18. **(T-1)**

5.4.8. Dismissal for duplicate complaint. IGs may cease evaluation if the incoming complaint is a duplicate or is intrinsically related to a previously filed complaint and contains no new and compelling information that would warrant the reopening of a closed case or the creation of a new one. Once an IG confirms that a complaint meets these criteria, close the case as a duplicate. **(T-1)**

5.5. Conducting Complaint Analysis for Allegations of Reprisal. The IG receiving the complaint must expeditiously conduct a complaint analysis to determine whether an investigation is warranted. **(T-1)** Within 30 days after receipt of the complaint, the IG must notify SAF/IGQ (through the MAJCOM, NAF, NGB, JFHQ, FOA, or DRU IG) of the results of the complaint analysis. **(T-0)** Reserve and Guard IGs must complete the complaint analysis within three UTAs after receiving the complaint. **(T-1)**

5.5.1. Before conducting the complaint analysis, the IG must find out if the issues that constituted the protected communication were previously addressed. **(T-1)** If the complainant files concurrent complaints with an Department of the Air Force IG and IG DoD, IG DoD will determine which office will conduct further analysis. **(T-1)**

5.5.1.1. If the issues were previously addressed, IGs should obtain a copy of the applicable documents from the appropriate agency.

5.5.1.2. If the issues were not previously addressed, the IG will conduct a complaint analysis on them to determine the appropriate avenue for resolution. **(T-1)**

5.5.2. A complaint analysis will be conducted following the procedures in [Section 3C](#) and this paragraph. **(T-1)** Document the complaint analysis following the format in DAFCRPSG Attachment 2. The IG completing the complaint analysis will create, as a separate document, a chronology of protected communications, personnel actions and other significant events and attach it to the complaint analysis. **(T-1)** The IG may consult with the servicing SJA office prior to formalizing the complaint analysis.

5.5.2.1. IGs should refer to the elements of reprisal (DAFCRPSG Attachment 16) as a guide to complete DAFCRPSG Attachment 2. DAFCRPSG Attachment 2 will be completed within 30 days of receipt by the office conducting the complaint analysis. **(T-1)** When documenting the complaint analysis, the IG will answer the first three elements of the reporting template (DAFCRPSG Attachment 16). **(T-1)** If the answers to the first three Element questions are "Yes," the IG will complete/conclude the complaint analysis with a recommendation to the appointing authority to investigate unless a decision to dismiss can be logically derived primarily from documentary evidence and minimal clarification interviews. If insufficient documentary evidence exists to recommend dismissal, investigation is required. **(T-1)** During the complaint analysis, answering Element 4 is not required, unless the answer to the first three elements is "yes" and the IG is recommending dismissal.

5.5.2.2. If the answer to any of the first three Element questions is "No," or if the complaint analysis determines the allegation does not meet the definition of reprisal under 10 USC § 1034, the IG will then complete/conclude the complaint analysis with a recommendation to dismiss (allegations of reprisal). **(T-1)** The IG must then analyze the complaint for abuse of authority using DAFCRPSG Attachment 17. If the abuse of authority allegation is not dismissed, refer the allegation to command and create a separate ACTS case. **(T-1)**

5.5.2.3. If an investigation is warranted, notify SAF/IGQ through the appropriate MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU via ACTS. **(T-1)** Ensure the Date Investigation Began Block is completed prior to sending DAFCRPSG Attachment 2 as part of the notification process and include appointing authority approved framed allegations. **(T-0)** The investigation start date can be either the date the investigation decision is made, the date the IO appointment letter is signed, or the date the appointing authority concurs with the decision to investigate. A quality review using DAFCRPSG Attachment 18 is not required until the investigation is complete.

5.5.2.3.1. SAF/IGQ will forward the decision document to notify IG DoD of the decision to investigate.

5.5.2.3.2. If IG DoD disagrees with the Department of the Air Force's determination to investigate, (e.g., complaints related to PPD-19 or previous reports of sexual assault) they may retain the complaint for investigation. SAF/IGQ will then direct the lower-level IG to close the case.

5.5.2.4. If a complaint analysis determines a reprisal investigation is not warranted, IGs will select "Dismiss" in ACTS and transfer the case to SAF/IGQ through their MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG office. **(T-1)** Do not close the case, unless directed. **(T-1)** Before forwarding the case file to SAF/IGQ, MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA and DRU IGs will conduct a quality review and document the quality review on DAFCRPSG Attachment 18 **(T-1)** Provide a periodic update to the

complainant whenever a case transfers between levels of command. **(T-1)** A periodic update does not take the place of the 180 Day Notification Letter referred to in [paragraph 5.6.3](#).

5.5.2.4.1. SAF/IGQ will provide a periodic update to complainants informing them the complaint analysis was forwarded to IG DoD for final determination. IGs will not advise the complainant of the recommendation that was sent to IG DoD. **(T-1)**

5.5.2.4.2. SAF/IGQ will forward the complaint analysis to IG DoD for approval.

5.5.2.4.3. If IG DoD agrees with the Department of the Air Force's determination, they will notify SAF/IGQ who will in turn notify the MAJCOM, FLDCOM, NGB, JFHQ, FOA, or DRU IG. It is the responsibility of the MAJCOM, FLDCOM, NGB, FOA, or DRU IG to notify the complainant there is insufficient evidence to conduct a reprisal investigation under 10 USC § 1034. Upon case closure, the MAJCOM IGQs will notify (via ACTS) the IG that conducted the complaint analysis.

5.5.2.4.4. If IG DoD disagrees with the Department of the Air Force's determination to dismiss (i.e., not investigate), they may retain the complaint for investigation or direct the Department of the Air Force to conduct an investigation. SAF/IGQ will normally delegate the investigation down to the lowest-level IG office through the MAJCOM, FLDCOM, NGB, FOA, or DRU IG.

5.5.3. To the maximum extent possible the complaint analysis should focus on the "Who, What, When, Where and How" facts of possible violations of standards to include reprisal and restriction. If after collecting these facts, the IG is unable to make a determination as to whether prima facie evidence exists of possible misconduct without interviewing the subject(s), then the IG will recommend to the appointing authority that an investigation be conducted. **(T-1)** IGs will not interview RMOs during complaint analysis without written approval from the MAJCOM/IGQ. **(T-2)** IGs serving as IOs under blanket appointment letters are still required to complete a documented complaint analysis recommending investigation and receive appointing authority approval before conducting RMO interviews unless given specific written authorization to do so in a particular case. **(T-1)**

5.6. Investigating Reprisal Complaints. Conduct reprisal investigations IAW DoDD 7050.06, DoDI 7050.09, and [Chapter 4](#) of this instruction.

5.6.1. The IO conducting the reprisal investigations will be either:

5.6.1.1. Outside the immediate chain of command of both the member submitting the allegation and the individual or individuals alleged to have reprised, or: **(T-0)**

5.6.1.2. At least one organization higher in the chain of command than the organization of the member submitting the allegation and the individual or individuals alleged to have reprised. **(T-0)**

5.6.2. IAW DoDD 7050.06, the owning IG must provide a 180 Day Notification Letter to IG DoD (through SAF/IGQ) and to the complainant if the investigation is not completed within 180 days after the initiation of the investigation (tasking date in ACTS) and every 180 days thereafter. **(T-0)** The letters must include the reasons for the delay, an estimated time of completion for the investigation, and a copy must be included in the ACTS case file. IGs must

also comply with Department of the Air Force requirements for periodic updates as specified in [paragraph 4.22](#) of this instruction. **(T-1)**

5.6.3. If the investigation determines the allegation does not meet the definition of reprisal under 10 USC § 1034, analyze the allegation as potential abuse of authority and document the analysis separately in the ROI in Tab F. **(T-1)** Use DAFCRPSG Attachment 17 for the acid test for abuse of authority in your analysis. If the reprisal allegations are not substantiated, the appointed IO will conduct the abuse of authority acid test(s) in a separate document IAW DAFI 90-301 and DAFCRPSG Attachment 17 to determine if abuse of authority has taken place. **(T-1)** If no abuse of authority is found, no further action is necessary. If the acid test for abuse of authority indicates abuse did occur, frame an allegation of abuse of authority, with DAFI 90-301 as the standard, and substantiate the allegation. **(T-1)** Abuse of authority investigation findings will be reported directly to the respective appointing authority and documented in ACTS under the Subjects/Allegations Tab. **(T-1)**

5.6.4. The final ROI must identify all protected communications, all personnel actions alleged to be reprisal taken after the protected communication was made, and all RMOs. **(T-1)** If an RMO identified in the complaint analysis is not a subject of the investigation, fully explain the rationale in the ROI. **(T-1)**

5.6.5. The final ROI must contain a thorough analysis of the elements of reprisal with all four questions answered for each allegation of reprisal. **(T-1)** However, if the investigation reveals that the answer to any of the first three elements is “no,” then it is not necessary to proceed to Element 4. Refer to DAFCRPSG Attachment 16 for the format to analyze the elements of reprisal.

5.6.6. The final case file must contain a chronology of events beginning with the complainant’s initial protected communication plus any subsequent PCs and list all unfavorable personnel actions taken against the military member after the initial protected communication. **(T-1)**

5.6.7. In a case with substantiated findings of reprisal, the ROI must contain recommendations for an appropriate remedy for the whistleblower, see [paragraph 4.20.2](#). **(T-1)** The IO will recommend specific remedial actions to return the whistleblower, as nearly as practicable and reasonable, to the position the whistleblower would have held had the reprisal not occurred. **(T-0)** Also, the IO should include general recommendations that appropriate command/corrective action be taken against the RMO. **(T-1)**

5.6.8. When a complainant alleges a combination of reprisal and restriction within the same complaint, IGs must ensure all applicable reporting requirements for reprisal or restriction, are completed IAW Chapters [5](#) or [6](#). **(T-1)**

5.6.9. All reprisal investigations require a minimum of one legal review. **(T-1)** Additional legal reviews are optional but required if higher level quality review indicates the need for an additional legal review or if an addendum is accomplished that alters the findings or significantly changes the analysis in the ROI.

5.6.10. If any allegations are substantiated, refer to [paragraph 4.27.3](#) for tentative conclusion letter requirements.

5.7. Reviewing and Approving Reprisal Investigations. IG DoD must approve all military reprisal investigations regardless of the level where the investigation was conducted. IGs must transfer the case in ACTS to SAF/IGQ through their MAJCOM, FLDCOM, NGB, JFHQ, FOA, or DRU IG. **(T-1)**

5.7.1. Before forwarding the case file to SAF/IGQ, MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA and DRU IGs will conduct a quality review and document the quality review on Department of the Air Force Complaint Resolution Program Supplemental Guide Attachment 18 **(T-1)** Provide a periodic update to the complainant whenever a case transfers between levels of command. **(T-1)** A periodic update does not take the place of the 180 Day Notification Letter referred to in [paragraph 5.6.2](#).

5.7.2. SAF/IGQ will provide a periodic update to complainants and subjects informing them the investigation has been completed and forwarded to IG DoD for final approval. Do not inform complainants or subjects of the unapproved investigation findings (i.e., substantiated or not substantiated). **(T-1)**

5.7.3. SAF/IGQ will conduct a review, IAW [paragraph 4.34](#), prior to forwarding the case to IG DoD.

5.7.4. Follow the procedures specified in Section [4J](#) and/or [4K](#) of this instruction if, during higher-level QR, deficiencies are identified or the reviewing official disagrees with the findings. **(T-1)**

5.8. Final Approval and Notification Requirements. IG DoD will notify SAF/IGQ upon approval of the investigation's findings.

5.8.1. SAF/IGQ will provide a copy of IG DoD's final approval to the applicable MAJCOM, FLDCOM, NGB, FOA, or DRU IG. **(T-1)**

5.8.2. The MAJCOM, FLDCOM, NGB, FOA, or DRU IG will provide the final response to the complainant in a publicly releasable format within 30 days after IG DoD's approval of the findings as mandated by 10 USC § 1034. **(T-0)** Ensure responses to complainants are consistent with FOIA and PA release guidelines in [Chapter 10](#). **(T-0)** Upon case closure, the MAJCOM or FLDCOM IGQs will notify the wing IG via ACTS, when applicable.

5.8.2.1. If applicable, complainants shall also be advised of proper procedures for OPR/EPR/PRF appeal to the Evaluation Reports Appeal Board (ERAB). **(T-0)** Complainants should be referred to the vMPF for assistance.

5.8.2.2. Final responses to complainants must advise them of their right to petition the Air Force Board for the Correction of Military Records for correction of adverse personnel actions (regardless of the findings in the case), and their right to later appeal the Air Force Board for the Correction of Military Records findings to the Secretary of Defense. **(T-0)** Complainants should be referred to the instruction page of DD149 *Application for Correction of Military Record Under the Provisions of Title 10 U.S. Code, Section 1552*.

5.8.2.2.1. Complainants who petition the Air Force Board for the Correction of Military Records should inform the Air Force Board for the Correction of Military Records if IG records exist pertaining to the pending request.

- 5.8.2.2.2. SAF/IGQ will provide supporting documentation directly to the Air Force Board for the Correction of Military Records (or applicable SAF/MRB agency) upon receipt of an Official Use Request from the board for IG records.
- 5.8.2.3. MAJCOM, FLDCOM, NGB, FOA, or DRU IGs will provide a redacted copy of the ROI (and addendum if any) with the final response to the complainant. **(T-0)** The ROI should be redacted using exceptions allowed by the FOIA; however, no coordination with the FOIA office is required. Additionally, IGs have the authority (under 10 USC § 1034) to act on complainant requests for additional documentation from reprisal investigations without going through the FOIA office.
- 5.8.2.4. MAJCOM, FLDCOM, NGB, FOA, or DRU IGs will attach a copy of the final response to the complainant in ACTS. **(T-1)**
- 5.8.3. MAJCOM, FLDCOM, NGB, FOA, or DRU IGs will forward a copy of IG DoD's final approval of the investigation to the applicable appointing authority. **(T-1)** The appointing authority must notify the subject's commander of the final investigation findings but will not provide a copy of IG DoD's letter to the commander. **(T-1)** The commander will notify the subject. **(T-1)** A copy of the endorsed notification letter to the subject must be included in the ACTS case file. **(T-1)**
- 5.8.4. A copy of command action, to include any rebuttal, must be provided to IG DoD within 30 days. **(T-1)** However, if action is verbal or no action is taken, IGs will obtain a written description of the action from the commander. **(T-1)** IGs will forward these documents to SAF/IGQ through their MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG, within 7 duty days of becoming aware of such action being completed. **(T-1)** SAF/IGQ will forward the information to IG DoD.
- 5.8.5. IGs will close reprisal complaints IAW established procedures as described in **Chapter 4** of this instruction. **(T-1)**
- 5.8.6. In cases in which an applicant alleges an erroneous finding of reprisal in violation of 10 USC §1034, to the Air Force Board for the Correction of Military Records, the Air Force Board for the Correction of Military Records will refer the complaint to DAF/IG for consideration, in coordination with IG DoD. The Air Force Board for the Correction of Military Records will inform the applicant the Air Force Board for the Correction of Military Records cannot consider the application or portion of the application regarding the allegation of an erroneous finding of reprisal, and that the Board has referred the complaint to SAF/IG for review. SAF/IG must review the complaint in light of the evidence previously considered in its investigation into the allegation of reprisal and shall determine whether the complaint includes new, relevant and material evidence. If SAF/IG determines the complaint includes new, relevant and material evidence, SAF/IG will review its original findings and conclusion regarding the allegation of reprisal. If SAF/IG determines its original findings and conclusion are modified by the evidence, SAF/IG will coordinate the modification with IG DoD. After IG DoD approves or denies the modification, SAF/IG will notify the Air Force Board for the Correction of Military Records of the results. Only then may the Air Force Board for the Correction of Military Records consider, without altering, the original DoD approved finding, or if modified by IG DoD, the IG DoD modified finding in its resolution of any additional portion of the complaint.

Chapter 6

RESTRICTION COMPLAINTS

6.1. Governing Directives. 10 USC § 1034, *Protected communications; prohibition of retaliatory personnel actions* and DoDD 7050.06, *Military Whistleblower Protection*, and DoDI 7050.09, *Uniform Standards for Evaluating and Investigating Military Reprisal or Restriction Complaints* provide guidance on whistleblower rights and responsibilities.

6.2. Department of the Air Force members and civilian employees who fail to obey the prohibitions of this chapter are in violation of 10 USC 1034 and may be punished.

6.2.1. Pursuant to 10 USC § 1034, DoDD 7050.06, and as further defined in this instruction, no person may restrict a member of the armed forces from making or preparing to make a lawful communication to any of the following:

6.2.1.1. A Member of Congress or a member of his or her staff.

6.2.1.2. An Inspector General or a member of an Inspector General's staff.

6.2.2. Civilian employees who violate this prohibition are subject to administrative or disciplinary action.

6.2.3. Department of the Air Force members may file complaints of restriction with IGs at any level.

6.2.4. Department of the Air Force members may file a complaint with any IG once aware of restriction. There is no time limit for filing a restriction complaint.

6.3. Procedures for Receipt of Restriction Complaints. The following outlines Department of the Air Force procedures for receiving restriction complaints.

6.3.1. **Military Members.** Department of the Air Force IGs must advise military members alleging restriction of the provisions of 10 USC § 1034 (the Military Whistleblower Protection Act) and DoDD 7050.06, and of the rights afforded to complainants under the statute. **(T-0)** IGs should use DAFCRPSG Attachment 14, Whistleblower Rights Under 10 USC § 1034 to assist them.

6.3.1.1. The IG must comply with the notification requirements described in [paragraph 6.4](#), and depending upon the subject's grade, follow the procedures in [paragraph 7.3](#) or [8.2](#) as appropriate. **(T-0)**

6.3.1.2. IGs should ask complainants whether they have also filed their complaint with IG DoD. If the complainant has, then IGs should include this in the notification letter to IG DoD (refer to [paragraph 6.4](#)). Close the case with no further action unless otherwise directed by a higher-level IG.

6.3.2. IGs will not conduct investigations into complaints of restriction when the complainant is an Department of the Air Force civil service employee, nonappropriated fund employee, or defense contractor employee. **(T-1)** See [Table 3.7](#) and [paragraph 6.3.3](#) for handling these types of complaints. Do NOT add allegations of civilian restriction to the ACTS case file.

6.3.3. If an IG receives a restriction complaint from a civilian employee, Department of the Air Force civil service employee, nonappropriated fund employee, or a

defense contractor, 10 USC § 1034 does not apply, and the complaint will be addressed as an abuse of authority.

6.4. Notification Requirements for Restriction Complaints. IAW DoDD 7050.06, IG DoD must be notified (through SAF/IGQ) within 10 duty days from the date an IG receives sufficient documentation (e.g., written complaint, DAF Form 102, etc.) from the complainant. **(T-0)** To meet IG DoD's 10-day notification requirement, IGs at all levels will notify SAF/IGQ through their MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG within 7 duty days using the notification template in DAFCRPSG Attachment 15. **(T-1)** Once notification has been accomplished, attach the notification template in ACTS and send the notification in ACTS to the next higher-level IG. **(T-1)** All named RMOs of a restriction complaint must be added to the subject tab of ACTS, with the appropriate allegation type (restriction) selected on the allegation tab. **(T-1)** This ensures that ACTS tracks the case as a 1034 case, and makes the appropriate automatic special interest category selections on the main tab despite the fact that case may only be in the complaint analysis phase.

6.4.1. If the IG receiving the complaint determines the complaint requires transfer to another IG, notification requirements belong to the receiving IG. **(T-1)** Reference Table 3.8 and 3.9.

6.4.2. Upload a copy of the written complaint, or a detailed narrative of the allegations, with the notification letter in ACTS and notify SAF/IGQ. **(T-1)**

6.4.3. IGs receiving allegations not within the purview of the Department of the Air Force will transfer the complaint to SAF/IGQ through their MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG. **(T-1)** For complaints appropriate for transfer to DHA, the IG receiving the allegations will complete the notification to DoD annotating that the DAF is transferring the case to DHA. **(T-1)**

6.4.4. Dismissal for unresponsive or uncooperative complainant. In general, complainants understand that investigations require their timely cooperation. In the infrequent case in which, during the intake or investigation process, the complainant becomes unresponsive, IGs will make at least three attempts to reach the complainant using appropriate methods of contact. **(T-1)** If the complainant remains unresponsive, the IG will advise the complainant in writing that it will not be possible to investigate the alleged restriction without the complainant's cooperation and that the case will be dismissed unless a response is received within 10 days. **(T-1)** If no response is received after allowing a minimum of 10 days for the complainant to respond, the IG may exercise its discretion to recommend dismissal of the case for lack of cooperation. Documentation of the dates and methods used in attempts to contact the complainant will be included in the DAFCRPSG Attachment 2. **(T-1)** The MAJCOM-FLDCOM-NGB-FOA or DRU/IGQ will review the recommended dismissal by a lower-level IG and, if approved, send a letter to the complainant explaining that the case is dismissed and closed. **(T-1)** Documentation of the dates and methods used in attempts to contact the complainant will be included in the decision document. Transfer the complaint to SAF/IGQ through the MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG, including the appropriate checklist from DAFCRPSG Attachment 18. **(T-1)**

6.4.5. Withdrawals. When a complainant communicates the intent to withdraw a complaint in writing, IGs must evaluate whether the withdrawal was voluntary. **(T-1)** IGs are not obligated to approve withdrawals, particularly if investigative efforts to date indicate misconduct may be substantiated. If the IG is satisfied that the request was not coerced, he or she may approve

the withdrawal and recommend dismissal,. The MAJCOM-NGB-FOA or DRU/IGQ will review the recommended dismissal by a lower-level IG and, if approved, send a letter or email to the complainant explaining that the case is dismissed and closed. **(T-1)** Then transfer the complaint to SAF/IGQ through the MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG for higher-level review, including the appropriate checklist from DAFCRPSG Attachment 18. **(T-1)**

6.4.5.1. If the request for withdrawal occurs before initial complaint notification to IG DoD is made, the notification and the withdrawal decision document (DAFCRPSG Attachment 3) may be sent simultaneously, accompanied by a copy of the complaint to SAF/IGQ through the MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG.

6.4.5.2. If the request for withdrawal occurs after the initial complaint notification to IG DoD was made, complete a withdrawal decision document (DAFCRPSG Attachment 3) and include a copy of the withdrawal letter or email. **(T-1)** Transfer the complaint to SAF/IGQ through the MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG, including the appropriate checklist from DAFCRPSG Attachment 18. **(T-1)**

6.4.6. Dismissal for duplicate complaint. IGs may cease evaluation if the incoming complaint is a duplicate or is intrinsically related to a previously filed complaint and contains no new and compelling information that would warrant the reopening of a closed case or the creation of a new one. Once an IG confirms that a complaint meets these criteria, close the case as a duplicate. **(T-1)**

6.5. Conducting Complaint Analysis into Allegations of Restriction. The IG receiving the complaint must expeditiously conduct a complaint analysis to determine whether an investigation is warranted. **(T-0)** Within 30 days after receipt of the complaint, the IG must notify SAF/IGQ (through their MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG) of the results of the complaint analysis. **(T-1)** Reserve and Guard IGs must complete the complaint analysis within three UTAs after receiving the complaint. **(T-1)**

6.5.1. A complaint analysis will be conducted following the procedures in [Section 3C](#) and this paragraph. **(T-1)** Document the complaint analysis following the format in DAFCRPSG Attachment 3. **(T-1)** The IG may consult with the servicing SJA office prior to formalizing the complaint analysis.

6.5.2. If an investigation is warranted, notify SAF/IGQ through the appropriate MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU via ACTS. **(T-1)** Ensure the Date Investigation Began Block is completed prior to sending DAFCRPSG **Attachment 3** as part of the notification process and include appointing authority approved framed allegations. **(T-0)** The investigation start date can be either the date the investigation decision is made, the date the IO appointment letter is signed, or the date the appointing authority concurs with the decision to investigate. A quality review using Department of the Air Force Complaint Resolution Program Supplemental Guide Attachment 18 is not required until the investigation is complete.

6.5.2.1. SAF/IGQ will forward the decision document to notify IG DoD of the decision to investigate.

6.5.2.2. If IG DoD disagrees with the Department of the Air Force's determination to investigate, (e.g., complaints related to PPD-19 or previous reports of sexual assault) they

may retain the complaint for investigation. SAF/IGQ will direct the lower-level IG to close the case.

6.5.3. If a complaint analysis determines a restriction investigation is not warranted, IGs will select "Dismiss" in ACTS and transfer the case to SAF/IGQ through their MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG office. **(T-1)** Do not close the case, unless directed. **(T-1)** Before forwarding the case file to SAF/IGQ, MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA and DRU IGs will conduct a quality review (QR) and document the QR on DAFCRPSG Attachment 18 **(T-1)** Provide a PU to the complainant whenever a case transfers between levels of command. **(T-1)** A PU does not take the place of the 180 Day Notification Letter referred to in [paragraph 6.7.3](#).

6.5.3.1. SAF/IGQ will provide a periodic update to complainants informing them the complaint analysis was forwarded to IG DoD for final determination. IGs will not advise the complainant of the recommendation that was sent to IG DoD.

6.5.3.2. SAF/IGQ will forward the complaint analysis to IG DoD for approval.

6.5.3.3. If IG DoD agrees with the Department of the Air Force's determination, they will notify SAF/IGQ who will in turn notify the MAJCOM, FLDCOM, NGB, JFHQ, FOA, or DRU IG. It is the responsibility of the MAJCOM, FLDCOM, NGB, FOA, or DRU IG to notify the complainant there is insufficient evidence to conduct a restriction investigation under 10 USC § 1034. **(T-0)** IGs will close restriction complaints IAW established procedures as described in [Chapter 3](#) of this instruction. **(T-1)** Upon case closure, the MAJCOM or FLDCOM IGs will notify (via ACTS) the IG that conducted the complaint analysis.

6.5.3.4. If IG DoD disagrees with the Department of the Air Force's determination to dismiss (i.e., not investigate), they may retain the complaint for investigation or direct the Department of the Air Force to conduct an investigation. SAF/IGQ will normally delegate the investigation down to the lowest-level IG office through the MAJCOM, FLDCOM, NGB, JFHQ, FOA, or DRU IG.

6.5.4. If the complaint analysis determines the allegation is not a case of restriction, analyze the allegation as potential abuse of authority and document the analysis in a separate document from the complaint analysis. **(T-1)** Use DAFCRPSG Attachment 17 for the acid test for abuse of authority in the analysis. **(T-1)** If the abuse of authority allegation is not dismissed, refer the allegation to command and create a separate ACTS case. **(T-1)**

6.5.5. To the maximum extent possible the complaint analysis should focus on the "Who, What, When, Where and How" facts of possible violations of the standards of restriction. If after collecting these facts, the IG is unable to make a determination as to whether prima facie evidence exists of possible misconduct without interviewing the subject(s), then the IG will recommend to the appointing authority that an investigation be conducted. **(T-1)** IGs will not interview RMOs during complaint analysis without written approval from the MAJCOM/IGQ or FLDCOM/IGQ. **(T-2)** IGs serving as IOs under blanket appointment letters are still required to complete a documented complaint analysis recommending investigation for appointing authority approval before conducting subject interviews unless given specific written authorization to do so in a particular case. **(T-1)**

6.6. Evaluating Allegations of Restriction. The IG or IO must follow the questions in [Table 6.1](#) in determining if the elements of restriction are present. **(T-1)**

Table 6.1. Elements for use in Evaluating Restriction.

1	How did the RMO limit or attempt to limit the member's access to an IG or a Member of Congress?
2	Would a reasonable person, under similar circumstances, believe he or she was actually restricted from making a lawful communication with the IG or a Member of Congress based on the RMO's actions?

Note: Restriction may be communicated by a variety of means (e.g., verbal, written policy, regulation, order, procedure, counseling, or public statement) and may create a chilling effect.

6.7. Investigating Restriction Complaints. Restriction investigations will be conducted IAW DoDD 7050.06, DoDI 7050.09, and Chapters [4](#) and [6](#) of this instruction. **(T-0)**

6.7.1. The IO conducting the restriction investigations will be either:

6.7.1.1. Outside the immediate chain of command of both the member submitting the allegation and the individual or individuals alleged to have restricted, or: **(T-0)**

6.7.1.2. At least one organization higher in the chain of command than the organization of the member submitting the allegation and the individual or individuals alleged to have restricted. **(T-0)**

6.7.2. If IG DoD receives a complaint directly from a complainant, then IG DoD will conduct the complaint analysis. If IG DoD tasks the Department of the Air Force to conduct the investigation they will forward the analysis and a tasking letter to SAF/IGQ. SAF/IGQ will forward the package to the MAJCOM, FLDCOM, NGB, JFHQ, FOA, or DRU IG for proper handling of the complaint.

6.7.3. IAW DoDD 7050.06, the owning IG must provide a 180 Day Notification Letter to IG DoD (through SAF/IGQ) and to the complainant if the investigation is not completed within 180 days after the initiation of the investigation (tasking date in ACTS) and every 180 days thereafter. **(T-0)** The letters must include the reasons for the delay and an estimated time of completion for the investigation and a copy must be included in the ACTS case file. **(T-0)** See IG DoD Guide to Investigating Military Whistleblower Reprisal and Restriction Complaints. IGs must also comply with Department of the Air Force requirements for PUs as specified in [paragraphs 4.22](#) of this instruction. **(T-1)** Use the sample format in DAFCRPSG Attachment 11 for PUs. **(T-1)**

6.7.4. When a complainant alleges a combination of reprisal and restriction within the same complaint, IGs must ensure all applicable reporting requirements for reprisal or restriction are completed IAW Chapters [5](#) or [6](#). **(T-0)** Ensure the IO investigates all the issues associated with the reprisal or restriction allegation(s). **(T-0)**

6.7.5. All restriction investigations require a minimum of one legal review. **(T-1)** Additional reviews are optional but required if higher level quality review indicates the need for an additional legal review or if an addendum is accomplished that alters the findings or significantly changes the analysis in the ROI.

6.7.6. If the investigation determines the allegation does not meet the definition of restriction under 10 USC § 1034, analyze the allegation as potential abuse of authority and document the analysis separately in the ROI Tab F. **(T-1)** See DAFCRPSG Attachment 18 for the acid test for abuse of authority in the analysis. If the restriction allegations are not substantiated, the appointed IO will conduct the abuse of authority acid test(s) in a separate document IAW DAFI 90-301 and DAFCRPSG Attachment 17 to determine if abuse of authority has taken place. **(T-1)** If no abuse of authority is found, no further action is necessary. If the acid test for abuse of authority indicates abuse did occur, frame an allegation of abuse of authority, with DAFI 90-301 as the standard, and substantiate the allegation. **(T-1)** Abuse of authority investigation results will be reported directly to the respective appointing authority and documented in ACTS under the Subjects/Allegations Tab. **(T-1)**

6.7.7. If any allegations are substantiated, refer to [paragraph 4.27.3](#) for tentative conclusion letter requirements.

6.8. Reviewing and Approving Restriction Investigations. IG DoD must review and approve all restriction investigations, regardless of the level where the investigation was conducted. IGs must transfer the case in ACTS to SAF/IGQ through their MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG. **(T-1)** IGs at every level of command will accomplish a PU before transferring the case to the next HHQ IG. **(T-1)**

6.8.1. SAF/IGQ will provide a PU to complainants and subjects informing them the investigation has been completed and forwarded to IG DoD for final approval. **(T-1)** Do not inform complainants and subjects of the unapproved investigation findings (i.e., substantiated or not substantiated). **(T-1)**

6.8.2. Before forwarding the case file to SAF/IGQ, MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA and DRU IGs will conduct a QR. **(T-1)** IGs will document the QR using the SAF/IGQ Quality Review Checklist, Attachment 18, in the Department of the Air Force Complaints Resolution Program Supplemental Guide. **(T-1)** Each level of review will complete the checklist and upload it to ACTS. **(T-1)**

6.8.3. SAF/IGQ will conduct a review, IAW [paragraph 4.34](#), prior to forwarding the case to IG DoD.

6.8.4. Follow the procedures specified in section(s) 4J and/or 4K of this instruction if, during higher-level quality review, deficiencies are identified or the reviewing official disagrees with the findings.

6.9. Final Approval and Notification Requirements. IG DoD will notify SAF/IGQ upon final approval of the investigation's findings.

6.9.1. SAF/IGQ will provide a copy of IG DoD's final approval to the applicable MAJCOM, FLDCOM, NGB, FOA, or DRU IG. **(T-1)**

6.9.2. The MAJCOM, FLDCOM, NGB, FOA, or DRU IG will provide the final response to the complainant in a publicly releasable format within 30 days after IG DoD's approval of the findings as mandated by 10 USC § 1034. **(T-0)** Ensure responses to complainants are consistent with FOIA and PA release guidelines in [Chapter 10](#). **(T-1)**

6.9.2.1. MAJCOM, FLDCOM, NGB, FOA, and DRU IGs will provide a redacted copy of the ROI (and addendum, if any) with the final response to the complainant. **(T-0)** The

ROI should be redacted using exceptions allowed by the FOIA; however, no coordination with the FOIA office is required. Additionally, IGs have the authority (under 10 USC § 1034) to act on complainant requests for additional documentation from restriction investigations without going through the FOIA office.

6.9.2.2. MAJCOM, FLDCOM, NGB, FOA, and DRU IGs will provide SAF/IGQ with a copy of the final response to the complainant. **(T-1)**

6.9.3. MAJCOM, FLDCOM, NGB, FOA, and DRU IGs will forward a copy of IG DoD final approval of the investigation to the applicable appointing authority. **(T-1)** The appointing authority must notify the subject's commander of the final investigation findings but will not provide a copy of IG DoD's letter to the commander. **(T-1)** The commander will notify the subject. **(T-1)** A copy of the endorsed notification letter to the subject must be included in the ACTS case file. **(T-1)**

6.9.4. A copy of command action, to include any rebuttal, must be provided to IG DoD within 30 days. **(T-1)** If action is verbal or no action is taken, IGs will obtain a written description of the action from the commander. **(T-1)** IGs will forward these documents to SAF/IGQ through their MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG, within 7 duty days of becoming aware of such action being completed. **(T-1)** SAF/IGQ will forward the information to IG DoD.

6.9.5. IGs will close restriction complaints IAW established procedures as described in **Chapter 4** of this instruction. **(T-1)**

Chapter 7

COLLECTION, DOCUMENTATION, AND NOTIFICATION REQUIREMENTS IN SUPPORT OF THE DEPARTMENT OF THE AIR FORCE SCREENING

7.1. Overview. One of the key tenets of the officer appointment policy is that all officers recommended for Secretary of Defense appointment or Presidential appointment following Senate confirmation are mentally, physically, morally, and professionally qualified for appointment and meet the exemplary conduct provisions of Title 10. As such, officers requiring Senate confirmation (majors and above) will be centrally screened by SAF/IG to check for potential adverse/derogatory information as part of the promotion process. In general, adverse information is defined as (1) a substantiated adverse finding or conclusion from an officially documented investigation or inquiry; or (2) any credible information that reflects unacceptable conduct, or a lack of integrity or judgment on the part of an individual. A detailed definition can be found in [Attachment 1](#). This section will explain the collection, documentation and notification requirements to SAF/IG and, in general, how and when screening will be accomplished for officers, civilians and enlisted personnel as appropriate.

7.2. Governing Directives. Title 10 United States Code Section 615, *Information Furnished to Selection Boards*, Title 10 United States Code Section 9233, *Requirement of Exemplary Conduct*, Title 10 United State Code Section 14107, *Information Furnished by the Secretary Concerned to Promotion Boards*, DoDI 1320.04, *Military Officer Actions Requiring Presidential, Secretary of Defense, or Under Secretary of Defense for Personnel and Readiness Approval or Senate Confirmation*, AFI 38-101, *Manpower and Organization*; DAFI 36-2501, *Officer Promotions and Selective Continuation*, DAFI 36-2907, *Adverse Administrative Actions*, AFI 36-2504, *Officer Promotion, Continuation and Selective Early Removal in the Reserve of the Air Force*, AFI 36-3203, *Service Retirements*, DAFMAN 1-101, *Commander Directed Investigations*.

7.3. Collecting, Documentation and Notification requirements for Investigations and adverse information involving officers. In order for SAF/IG centralized officer screening to be effective, it requires that IGs not only accomplish reprisal and restriction investigations, but that IGs at all levels must also collect, document, and notify SAF/IG of investigations opened by commanders (CDIs) on any officer (2d Lt through Col) and the issuance of stand-alone adverse action, such as LOAs, LORs or Article 15s, to all officers. (Installation IGs collect CDIs at the base level, MAJCOM IGs collect CDIs at the MAJCOM level etc.). **(T-0)** In addition to IG and commander investigation or inquiry, there are numerous other types of investigations or inquiries. Although not all inclusive, [Table 7.1](#) highlights some of these types of investigations or inquiries. Even though these organizations have their own databases where potential adverse information is cataloged, IGs must notify SAF/IGQ and collect adverse information documentation required by [Table 7.1](#) when made aware of the investigation or inquiry. **(T-0)**

7.4. Commanders, directors and civilians leaders will:

7.4.1. Notify the local IG at the start of any investigation or inquiry when an officer is named as a subject. **(T-0)** In addition, notify the local IG anytime you become aware of any complaint of misconduct against a Colonel (O-6) which is not obviously without merit and which, if true, would constitute misconduct or improper/inappropriate conduct. Do not wait until the investigation or inquiry starts, make the notification when first becoming aware of the complaint. **(T-0)**

7.4.2. Notify the local IG at the conclusion of any investigation or inquiry when an officer (or civil servant grade 15 or equivalent) was named as a subject whether substantiated or not. Refer to [Table 7.1](#) for a list of required documents. **(T-0)**

7.4.3. Commanders must also provide a copy of stand-alone command action (LOAs, LORs, Article 15s) on any officer (or civil servant grade 15 or equivalent) that was not the result of an investigation or inquiry. **(T-0)** Note: Stand-alone LOCs (No investigation or inquiry) are not reportable.

7.4.4. Commanders, directors, and civilian leaders must also provide a copy of all command action as the result of any substantiated investigation or inquiry to the local MPF for inclusion to the military personnel record. **(T-0)** Note: If the commander elects to provide verbal counseling or no command action following the substantiated finding, it still must be documented in an MFR format and the subject will be provided an opportunity to provide rebuttal as well. **(T-0)** See the discussion of adverse information in DAFI 36-2907, paragraph 1.2.

7.5. IGs will:

7.5.1. Notify SAF/IGQ through ACTS within 7 days (through the MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG) at the start of any investigation or inquiry when an officer is named as a subject **(T-1)** Ensure the subject tab in ACTS is fully completed, including Social Security Number and DoD ID number (Electronic Data Interchange Personnel Identifier (EDIPI)). **(T-1)** In addition, notify SAF/IGQ (through the MAJCOM, FLDCOM, NGB, JFHQ, FOA, or DRU IG) upon receiving or becoming aware of any complaint of misconduct against Colonels which are not obviously without merit and which, if true, would constitute misconduct or improper/inappropriate conduct. Do not wait until the investigation or inquiry starts, make the notification when first becoming aware of the complaint.

7.5.2. Create a case in ACTS when a notification is made to SAF/IGQ under the provisions of [paragraph 7.4](#) or this paragraph. **(T-1)** Once the investigation or inquiry is complete, attach all closure documents required by Table 7.1 in ACTS. Use attachment 25 in the DAFCRPSG as a guide when creating the ACTS case file for these cases. **(T-1)** Once all required documents are uploaded, the case may be closed.

7.5.3. Notify SAF/IGQ through ACTS within 7 days (through the MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG) at the conclusion of any investigation or inquiry when an officer (or civil servant grade 15 or equivalent) was named as a subject, whether substantiated or not **(T-1)**

7.5.4. Notify SAF/IGQ through ACTS within 7 days (through the MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG) when any officer (or civil servant grade 15 or equivalent) is administered any command action following a substantiated finding of an investigation or inquiry from any source. **(T-1)** Use attachment 24 in the DAFCRPSG as a guide when creating the ACTS case file for these cases. **(T-1)**

7.5.5. Notify SAF/IGQ through ACTS, via the Group Box, within 7 days (through the MAJCOM, FLDCOM, NAF, JFHQ, or DRU IG) when any officer (or civil servant grade 15 or equivalent) receives standalone command action at the level of a LOA or higher. Note: Standalone LOCs are not required to be reported or documented in ACTS. **(T-0)**

7.6. Department of the Air Force Screening.

7.6.1. Officers being considered for promotion to major, lieutenant colonel, colonel, or brigadier general will be screened both pre-board and post-board. The purpose of pre-board screening is to ensure applicable adverse information is provided to HAF/A1, AF/REP, NGB/A1, as appropriate, for inclusion in the officer's record. The purpose of post-board screening is to report open investigations or inquiries on officers selected for promotion.

7.6.1.1. SAF/IGQ is responsible for all pre- and post-board screening actions from Major up to and including Colonel.

7.6.1.2. If the post-board check finds that an officer is named in an open investigation or inquiry, report the individual's name, with a general synopsis of the allegation, to the appropriate headquarters personnel office using an MFR format. These individuals will be withheld from the selection list (scroll) pending completion of the investigative process.

7.6.1.2.1. If the open allegation is eventually substantiated, the officer's commander will review the finding of the investigation or inquiry and make a recommendation back to the headquarters personnel office on whether or not the promotion should still be supported. **(T-1)** If the commander no longer wishes to support the promotion, the commander will comply with DAFI 36-2501, *Officer Promotions and Selective Continuation*, Chapter 5, Promotion Propriety Actions. **(T-1)**

7.6.1.2.2. If the open allegation is eventually not substantiated, the officer's record will be placed back into the promotion process. **(T-1)**

7.6.2. Officers being considered for promotion to Major General.

7.6.2.1. Officers with adverse information that is not documented in their Officer Performance Report or their Officer Selection Record (OSR) will have a Senior Officer Unfavorable Information File created for consideration by the promotion board. Senior Officer Unfavorable Information Files on brigadier generals are based on adverse information not previously considered by the Senate pursuant to the officer's appointment to that grade.

7.6.2.2. Adverse information includes any substantiated adverse findings or conclusions from an officially documented investigation or inquiry, or other adverse actions, including, but not limited to LOCs, LOAs, LORs, non-judicial punishment, pursuant to Article 15, UCMJ, and other adverse information. SAF/IGS acts as a central repository for all adverse information on senior officials and prepares the draft adverse information summaries and documentation of command action for review by the Senior Officer Unfavorable Information File decision authority (SAF/GC).

7.6.2.3. SAF/GC, acting for the SECAF, determines the content of the Senior Officer Unfavorable Information File and whether the Senior Officer Unfavorable Information File will be provided to a selection board.

7.6.2.4. The subject officer will be given a copy of the draft Adverse Information Summary and documentation of the command action prepared for the selection board and will be afforded an opportunity to submit written comments to the selection board IAW Title 10 United States Code § 615(a)(7)(A) and Title 10 United States Code Section 14107(a)(7)(A). **(T-0)**

7.6.2.5. Attachments to officer's comments are discouraged. If provided, they must be limited to matters directly raised in the Adverse Information Summary and/or command action and not otherwise included in the OSR. **(T-1)**

7.6.2.6. The draft Adverse Information Summary, documentation and the officer's comments (if any) will be reviewed by SAF/GCI before being forwarded to SAF/GC for final decision. (The officer will be advised if a substantial change to the Adverse Information Summary is necessitated by the comments.)

7.6.2.7. If SAF/GC determines the Adverse Information Summary and documentation will be provided to the board, the subject officer's comments will accompany the Adverse Information Summary and documentation to form the approved Senior Officer Unfavorable Information File.

7.6.2.8. HAF/A1LG provides a copy of the approved Senior Officer Unfavorable Information File to the subject's senior rater on or before the Promotion Recommendation Form (PRF) accounting date, if possible.

7.6.2.9. If an eligible officer is selected for promotion/federal recognition, the information contained in the Senior Officer Unfavorable Information File may also be considered during the nomination and confirmation process.

7.6.2.10. Information provided to a selection board may not be provided to subsequent boards unless SAF/GC has made a new determination that the information will be forwarded to the board, and the individual is afforded another opportunity to comment. A decision not to provide a Senior Officer Unfavorable Information File to a selection board does not preclude a decision to provide it to a subsequent board.

7.6.2.11. Adverse information documented in the OSR (e.g., UCMJ action, administrative reprimand, etc.) will not be included in a Senior Officer Unfavorable Information File.

7.6.2.12. Adverse information not considered by a selection board will be presented to a Special Selection Review Board (SSRB) before SECAF decides whether to support the officer for appointment to the next higher grade. (All Senior Officer Unfavorable Information File guidance noted above apply to SSRB Senior Officer Unfavorable Information Files.)

7.7. Roles in the Officer Screening Process (1st Lt - Colonel Promotions).

7.7.1. The role of the commander is to report the opening and closing of all investigations or inquiries to the IG and to provide command action documents to both the IG and to the local MPF. **(T-0)**

7.7.2. The role of the wing, NAF, FOA/DRU, FLDCOM, and MAJCOM/IG is to document in ACTS, and notify SAF/IGQ, the opening and closing of all investigations/inquiries on officers. **(T-0)**

7.7.3. The role of SAF/IGQ:

7.7.3.1. Pre-board – Screen FGO boards for adverse information and report all required adverse information to HAF/A1, AF/REP, NGB/A1, AFPC and ARPC.

7.7.3.2. Post-board – Screen FGO boards for open investigation or inquiry and report all found to HAF/A1, AF/REP, NGB/A1, and AFPC and ARPC.

7.7.4. The role of HAF/A1 is to recommend to SECAF whether or not to support a promotion, whether or not to start Promotion Propriety Actions (removal from promotion list) or whether or not to accomplish a SSRB. If a SSRB is necessary, it will be completed by AF/A1 under the direction of SAF/GC.

7.8. Screening Outside the Promotion Process.

7.8.1. Centralized screening for purposes outside of the promotion process can also be accomplished by SAF/IGQ at the direction of the SECAF, CSAF, or CSO, but these processes are not statutory (required by law) in nature but rather are by DAF policy. They include but are not limited to: Command Screening Board (CSB), Selective Early Retirement Board (SERB), Continuation Boards Squadron Commander Board, Command Chief Master Sergeant Board, ROTC PAS Board, USAFA Dean of Faculty, 12 Outstanding Airman of the Year, and Guardians of the Year.

7.8.2. The use of the IG database, ACTS, is expressly prohibited for the screening of individuals below DAF level or for any purpose. **(T-1)**

7.8.3. Officer Grade Determination (OGD)

7.8.3.1. AFI 36-3203, *Service Retirements*, paragraph 8.6.3. requires commanders to review officer's records who have applied for retirement, to determine the grade at which the officer will be allowed to retire based on satisfactory or creditable service. As part of the processing for retirements, AFI 36-3203, paragraph 8.6.4. states: "... commanders should send a formal request for a records review to the following offices/personnel: IG, JA and MPF." If an IG receives such a request, use the following guidance to conduct a records review:

7.8.3.1.1. Search ACTS using the "global search" function to determine whether or not the individual in question is listed as a subject. **(T-1)**

7.8.3.1.1.1. If the individual is not listed as a subject in ACTS, the response to a records review request would be: "The individual has no records on file in the IG database." **(T-1)**

7.8.3.1.1.2. If the individual is listed as a subject in ACTS and the finding is listed as "not substantiated" or "not applicable," the response to a records review request would be: "The individual has no substantiated cases in the IG database." **(T-1)**

7.8.3.1.1.3. If the individual is listed as a subject in ACTS and the finding is listed as "substantiated," the response to a records review request would be: "The individual has a substantiated case in the IG database." **(T-1)**

7.8.3.1.1.4. If the individual has a case in ACTS but cannot be viewed due to hierarchy restrictions, then refer the request to the next higher level IG. Continue to elevate within the ACTS' hierarchy, through the respective NAF, FLDCOM, MAJCOM, or SAF/IGQ, if necessary, to respond to the request. **(T-1)**

7.8.3.1.2. ACTS records reviews conducted in support of Commander OGD requirements do not give IGs unrestricted authority to release records from the IG database. Release authority depends on the particular record being considered for release.

7.8.3.1.2.1. Refer requests for CDIs, EO, AFOSI and other non-IG investigations/inquiries to the office that conducted the investigation or inquiry. **(T-1)**

7.8.3.1.2.2. Refer the request for documents related to command action (e.g., Article 15s, LORs, LOAs and LOCs) to the office that originally took the command action. **(T-1)**

7.8.3.1.2.3. Refer request for IG ROIs to SAF/IGQ. **(T-1)**

7.8.3.2. If no records are found, document OGD requests in a new ACTS case file as an "assist" and close. **(T-1)** If records are found, document actions in a case note in the respective case(s). **(T-1)**

7.8.4. Defense Sexual Assault Advocate Certification Program (D-SAACP).

7.8.4.1. Search ACTS using the "global search" function to determine whether or not the individual in question is listed as a subject. **(T-0)**

7.8.4.2. If the individual is not listed as a subject of an IG investigation in ACTS, the response to a records review request would be: "The individual has no records on file in the IG database." **(T-0)**

7.8.4.3. If the individual is a D-SAACP applicant and is listed as a subject of an IG investigation in ACTS, the response to a records review request would be: "The individual is the subject of an IG investigation in the IG database." **(T-0)** Do not provide any further information. **(T-1)**

7.8.4.4. If the individual is a SAPR PM, SARC, or SAPR VA and is listed as a subject of an IG investigation in ACTS and the allegation against the individual is sexual in nature or has a nexus to their SAPR duties, the response to a records review request would be: "The individual is the subject of an IG investigation in the IG database with an allegation against the individual that is sexual in nature or has a nexus to their SAPR duties." **(T-0)** Do not provide any further information. **(T-1)**

7.8.4.5. If the individual is listed as a subject in ACTS, but the case cannot be viewed due to hierarchy restrictions, then refer the request to the next higher level IG. Continue to elevate within the ACTS' hierarchy, through the respective NAF, MAJCOM, FLDCOM, or SAF/IGQ, if necessary, to respond to the request. **(T-1)**

7.8.4.6. If no records are found, document D-SCAAP requests in a new ACTS case file as an "assist" and close. **(T-1)** If records are found, document actions in a case note in the respective case(s).

7.8.5. Individuals selected for positions within the IG enterprise (IG, IGI, IGQ).

7.8.5.1. Individuals selected for positions within the IG enterprise (IG, IGI, IGQ) at all levels will be screened for adverse information prior to completion of the assignment/hiring action. **(T-1)** All O-6 assignment actions are centrally screened by SAF/IGQ after receiving the list of candidates from the Colonel's group (both USAF and USSF). Individuals selected for positions below the O-6 level at the SAF/IG, MAJCOM, FLDCOM, NGB, NAF, JFHQ, or installation wing level should must be screened at that level using the following process. **(T-1)**

7.8.5.1.1. Search ACTS using the "global search" function to determine whether or not the individual in question is listed as a subject. **(T-1)**

7.8.5.1.1.1. If the individual is not listed as a subject in ACTS or the finding is listed as "not substantiated" or "not applicable" no further action is required.

7.8.5.1.1.2. If the individual is listed as a subject in ACTS and the finding is listed as "substantiated," review the case to determine whether or not this person is still appropriate for the position he/she is being hired for. **(T-1)** Note: adverse information is not a disqualifier for any IG position, but should be considered before finalizing the hiring action.

7.8.5.2. If the individual has a case in ACTS but cannot be viewed due to hierarchy restrictions, then refer the request to the next higher level IG. **(T-1)** Continue to elevate within the ACTS' hierarchy, through the respective SAF, MAJCOM, FLDCOM, NGB, NAF, or JFHQ IG, if necessary, to complete the screening review. **(T-1)**

7.8.5.3. If no records are found, document IG file check requests in a new ACTS case file as an "assist" and close. **(T-1)** If records are found, document actions in a case note in the respective case(s). **(T-1)**

Chapter 8

COMPLAINTS AGAINST SENIOR OFFICIALS

8.1. Requirements for Investigating Allegations Against Senior Officials.

8.1.1. SAF/IGS manages the Senior Official Complaints Program. Only SAF/IGS (unless otherwise specified by SAF/IG or as indicated in the sub-paragraphs below) will conduct investigations into non-criminal allegations against Department of the Air Force senior officials.

8.1.1.1. Complaints alleging violations of Military Equal Opportunity (MEO) policy by a senior official are handled by SAF/IGS. IAW DAFI 36-2710, *Equal Opportunity Program*, SAF/IGS does not investigate civilian EO/Sexual Harassment allegations against senior officials. Those matters will be worked within the appropriate EO channels.

8.1.1.2. If a complaint is received on an O-6 subject and the matter has not been resolved when that subject is selected for promotion to brigadier general (or is selected for a Certificate of Eligibility for promotion to O-7 in the case of ANG officers), SAF/IGS may, at its discretion, either assume responsibility for the complaint or allow it to continue to resolution at the lower level. Complaints resolved and/or investigations completed below the SAF/IGS level must be approved by SAF/IG. **(T-1)** SAF/IGS will provide an oversight review of these matters. SAF/IGS must be notified of all complaints involving ANG O-6s selected for a Certificate of Eligibility for promotion to O-7. Cases completed below the SAF/IGS level must be staffed through that lower level's supporting SJA and must include a thorough legal review indicating the investigation is legally sufficient. **(T-1)**

8.1.1.3. SAF/IGS procedures may vary from those otherwise outlined in other chapters of this instruction, consistent with IG DoD and SAF/IG guidance, current management and personnel policies affecting senior officials, or other pertinent factors.

8.1.2. Commanders and civilians leading an organization designated as a unit IAW AFI 38-101, *Manpower and Organization*, at all levels, including joint commands, will immediately notify SAF/IGS of any allegations (criminal, administrative, or otherwise), any adverse information, or any potentially adverse information involving senior officials and provide an information copy to the servicing wing IG office, which will provide a copy to its MAJCOM/FLDCOM IG. **(T-0)** IGs will notify SAF/IGS of any allegations or potentially adverse information using the procedures in **Table 8.1**. **(T-1)** Use the notification letter format described in DAFCRPSG Attachment 13. **(T-1)**

8.1.2.1. IGs who receive complaints against a Department of the Air Force senior official may only inform their commanders about the general nature of the issues and the identity of the subject. **(T-1)**

8.1.2.2. To protect the complainant's confidentiality, do not reveal either the source or specific nature of the allegations. **(T-1)**

8.1.3. SAF/IGS must notify SAF/IG when it becomes aware of credible allegations of misconduct or potentially adverse information against senior officials.

8.1.4. SAF/IGS will conduct a complaint analysis on all complaints involving Department of the Air Force senior officials. The complaint analysis will be used to analyze the validity of

the complaint and to recommend a course of action to SAF/IG. Due to the limited number of investigating officers, the unconstrained nature of complaints, and the complexities involved with conducting sensitive investigations across the entire Department of the Air Force, the CRP timelines in **Table 3.1** may be extended.

8.1.5. SAF/IGS will conduct a complaint analysis for complaints containing allegations with multiple subjects that include a senior official. SAF/IGS will notify SAF/IGQ of any credible allegations involving non-senior officials.

8.1.6. SAF/IG (or as delegated) will review and approve the complaint analysis.

8.1.7. Throughout the complaint process, from the initial receipt of the complaint to the closing of the case, the appropriate notifications will be made as set forth in **Table 8.2**. **(T-1)** The intent is to keep appropriate commanders, agencies, complainants, and subjects informed throughout the process.

8.2. Notification Requirements. Follow the Complaint Processing and Notification Matrix in Tables **8.1** and **8.2** for cases involving senior officials. **(T-0)**

Table 8.1. Senior Official Complaint Processing.

	If the complainant makes assertions...	Then...
1	Against a senior official	Create a case in ACTS, attach the complaint and the notification letter IAW DAFCRPSG Attachment 13 and send the appropriate “Notify” case note, through the MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG to SAF/IGQ. SAF/IGQ will notify SAF/IGS. Do NOT take “action” in ACTS until SAF/IGS determines they will accept the case. SAF/IGS does not investigate civilian EO/Sexual Harassment allegations against senior officials; those matters will be worked within the appropriate EO channels. If SAF/IGS accepts the case, the notifying IG will close the case as a referral.
2	Against a senior official and lower ranking members	Coordinate with SAF/IGS (and SAF/IGQ as appropriate) through the MAJCOM, FLDCOM, NGB, NAF, JFHQ, FOA, or DRU IG to determine case management requirements. SAF/IGS will determine if all RMOs will be addressed in one case file (managed by SAF/IGS) or they will direct the use of multiple case files to address all RMOs. Notification using DAFCRPSG Attachment 13 is still required.

8.3. Investigating Allegations Against Senior Officials. If SAF/IG decides an investigation is warranted, SAF/IGS will:

8.3.1. Designate an IO to conduct the investigation.

8.3.2. Ensure all allegations are addressed and expeditiously investigated. Due to the limited number of investigating officers, the unconstrained nature of complaints, and the complexities involved with conducting sensitive investigations across the entire Department of the Air Force, the CRP processing timelines in **Table 3.1** may be extended.

8.3.3. Ensure the findings and conclusions are supported by a preponderance of the evidence.

8.3.4. Ensure AF/JAJI reviews the final report for legal sufficiency.

8.3.5. Since subjects in senior official investigations are frequently not co-located with their supervisory chain, the hand-off for senior official cases may be conducted via direct electronic means such as through VTC, telephonically, or other similar method, at the discretion of the subject's supervisor. In all instances, the spirit and intent of the hand-off policy will be met by ensuring senior official subjects have a "wingman" expressly assigned to assist as needed after a subject interview.

8.3.6. SAF/IG will keep supervisors of subjects in SAF/IGS cases aware of other stressful events in the investigative process, such as the opening of an investigation, the issuing of a TCL (if necessary), and the closing of an investigation so the supervisor can provide or arrange necessary support to the subject.

8.3.7. Prior to final SAF/IG approval and signature of a SAF/IGS ROI containing substantiated allegations, SAF/IGS will provide the subject a redacted copy of the relevant portions of the preliminary ROI, as well as a transcript of the subject's testimony, for the subject's use in responding to the report's conclusions. If a subject elects to not participate in an interview, or if the subject does not reasonably participate in the interview, the TCL process is not required.

8.4. Closing a Senior Official Investigation.

8.4.1. Notifications will be made as set forth in [Table 8.2](#).

8.4.2. SAF/IG will forward substantiated cases to the AF/CV, MAJCOM/CC, FLDCOM/CC (or equivalent), or SAF/MR (as applicable) for consideration of possible command action, to include action deemed appropriate to correct the negative effect of substantiated misconduct on individuals and/or the unit. Substantiated cases involving Department of the Air Force civilian senior officials, are referred to SAF/MR for action IAW AFI 36-901, *Civilian Senior Executive Management*. AF/CV takes command action for ANG subjects. SAF/IG will send AF/CV, MAJCOM/CC, FLDCOM/CC (or equivalent), or SAF/MR (as applicable) an unredacted copy of the substantiated ROI and a copy of all exhibits for their use in determining the appropriate command action. Additionally, SAF/IG will send AF/CV, MAJCOM/CC, FLDCOM/CC, or SAF/MR a redacted copy of the ROI for possible use by the subject in responding to potential command action as deemed appropriate by AF/CV, MAJCOM/CC, FLDCOM/CC, or SAF/MR.

8.4.3. AF/CV, MAJCOM/CC, FLDCOM/CC (or equivalent), or SAF/MR (as applicable) will forward command action, and any other actions taken related to the reports, to SAF/IGS for closure. SAF/IGS will ensure command action (if taken) has been documented in the case file.

8.4.4. SAF/IGS will provide IG DoD a copy of the final report, including testimony and attachments, within five duty days after the final report is approved by SAF/IG.

8.4.5. SAF/IGS notifies SAF/MRL and SAF/GCA on all matters substantiated against AF civilian senior leaders and officials. These offices are tasked with taking the matters to the SAF/MR for action IAW AFI 36-901. **(T-1)** SAF/IGS will provide a copy of the final ROI to SAF/GCA and the exhibits when requested.

8.4.6. Upon receipt from the command action authority, SAF/IGS provides a copy of the command action taken to SAF/IG, the appropriate personnel management office, and IG DoD.

Chapter 9

DOD HOTLINE COMPLAINTS

9.1. Governing Directive. DoDI 7050.01, *DoD Hotline Program*, establishes policies and procedures used in processing allegations referred to the Department of the Air Force Inspector General by the DoD Hotline.

9.2. Overview. This chapter implements DoD Directive (DoDD) 5106.01 *Inspector General of The Department of Defense (IG DoD)*, and DoD Instruction (DoDI) 7050.01. The DoD Hotline provides a confidential, reliable means for individuals to report fraud, waste, and abuse, violations of law, rule or regulation, mismanagement, and classified information leaks involving the DoD. The detection and prevention of threats and danger to the public health and safety of the DoD and the United States are essential elements of the DoD Hotline mission. All DoD Components are obligated to resolve credible violations of standard within DoD Hotlines under their Components purview. SAF/IGQ is the administrative and programmatic authority for the processing of DoD Hotlines in the Department of the Air Force, delegating the authority to process DoD Hotlines to subordinate IGs. Part of the processing of DoD Hotlines is the review and referral to a Department of the Air Force command or agency for resolution as necessary. Department of the Air Force commands and agencies must resolve the DoD Hotlines in accordance with DoDI 7050.01. This chapter gives specific direction for servicing IGs to process DoD Hotlines and for commands and agencies who receive referrals or other official coordination from their servicing IG office.

9.3. SAF/IGQ Responsibilities. SAF/IGQ will:

9.3.1. Designate a DoD Hotline Component Coordinator by position to report the results of Department of the Air Force inquiries conducted in response to DoD Hotline referrals to DoD Hotline.

9.3.2. Receive and evaluate DoD Hotline ACTIONs and DoD Hotline INFOs and transfer them as appropriate to the servicing IGs for resolution.

9.3.3. Notify the complainant through email that the SAF/IGQ received their DoD Hotline ACTION and processed for resolution to the appropriate level IG for possible referral to a command or agency.

9.3.4. Track the status and final disposition of all DoD Hotline ACTIONs and DoD Hotline INFOs with substantiated findings.

9.3.5. Ensure the Department of the Air Force answers DoD Hotline ACTIONs and DoD Hotline INFOs with substantiated findings by completing a Hotline Completion Reports (HCR). Reviews and analyzes all HCRs to determine whether all aspects of the complaint were fully addressed, appropriate corrective action was taken based on the stated findings and conclusions, and the HCRs were prepared using the appropriate format IAW DoDI 7050.01. Notifies the servicing IGs of deficiencies in HCRs found at either the DoD Hotline or SAF/IGQ level. Ensures servicing IGs process the deficiencies to the referred Department of the Air Force command or agency for further resolution and response back to SAF/IGQ. For DoD Hotlines kept at the Department of the Air Force level, answer complaints by completing an HCR and processing appropriately in ACTS.

9.3.6. Ensure allegations of IG misconduct or mishandling of IG processes filed to the DoD Hotline are resolved through the appropriate level IG. Allegations of IG misconduct or mishandling of IG processes are NOT referred to command or an agency. If applicable, the appropriate level IG will conduct the appropriate level inquiry and process the resolution to SAF/IGQ through an HCR.

9.4. Subordinate level IG Responsibilities. Receive, evaluate, and process DoD Hotline ACTIONS and DoD Hotline INFOs following the steps in [Table 9.1](#) and [Table 9.2 \(T-1\)](#)

9.5. DoD Hotlines. The DoD Hotline will refer two types of DoD Hotlines to Department of the Air Force: DoD Hotline ACTION and DoD Hotline INFO. A DoD Hotline ACTION has allegations that can be resolved by the Department of the Air Force and which may be an indication of a systemic problem within the service, or have been determined through the DoD Hotline review process as requiring attention. A DoD Hotline INFO is a complaint that does not require a DoD inquiry, but does contain an allegation that should be brought to the Department of the Air Force’s attention and may require an inquiry at the Department of the Air Force’s discretion.

9.5.1. DoD ACTION Hotlines. After determining if a DoD Hotline is an ACTION Hotline, DoD Hotline personnel refer cases to SAF/IGQ according to the following priorities IAW DoDI 7050.01:

9.5.1.1. Priority 1 – Emergency. These cases require immediate action. **(T-0)** They usually involve an immediate threat to life, physical harm to a person, significant property damage, or an immediate threat to national security. These cases must be worked to the exclusion of everything else until the case is referred to and received by the proper authority. **(T-0)** Priority 1 Emergency cases require prompt initial feedback from SAF/IGQ to the DoD Hotline within a suspense established by the DoD Hotline at the time of the referral. The suspense is established based on the urgency of the matter.

9.5.1.2. Priority 1 – Expedited Referral. DoD Hotline personnel notify the proper authorities and refer the case within 1 workday of receipt. For example, an expedited referral case may involve a danger to public health or safety.

9.5.1.3. Priority 2 – Prompt Referral. DoD Hotline personnel notify the proper authorities and refer the case within 3 workdays of receipt. For example, a prompt referral case may involve allegations of whistleblower reprisal, senior official misconduct, or other matters of heightened concern to the department.

9.5.1.4. Priority 3 – Routine. DoD Hotline personnel refer the case within 10 workdays of receipt.

9.5.1.5. All IGs at all levels will evaluate and process DoD ACTION Hotlines following the steps in [Table 9.1](#). **(T-1)**

Table 9.1. How to process a Department of Defense Hotline for ACTION (T-1):

Step	Actions
1	Appropriate level IG will review the DoD Hotline ACTION sent by SAF/IGQ. DoD Hotlines are not referred for reprisal, restriction, or senior official complaints. Contact SAF/IGQ with any questions.

	<p>Complete a complaint analysis. IGs may contact the complainant if clarification is needed.</p> <p>If there are complaints not under the purview of the Department of the Air Force, document justification in ACTS case notes and notify SAF/IGQ through ACTS so SAF/IGQ can coordinate with DoD Hotline for closure.</p> <p>Per DoDI 7050.01, only DoD Hotline can approve closure of DoD Hotline ACTIONs. IGs below the SAF/IGQ level WILL NOT close DoD Hotline ACTIONs without coordination with SAF/IGQ. IGs can consider the reasons in Table 3.13 (e.g., timeliness, non-cooperation, or withdrawal) for requesting closure of DoD Hotlines but this must be coordinated through SAF/IGQ. Contact SAF/IGQ if reasons in Table 3.13 are compelling enough to request closure from DoD Hotline.</p> <p>If applicable, continue to process remaining complaints under Department of the Air Force purview.</p>
2	<p>If appropriate for resolution by an agency or grievance channel outside of the IG, the servicing IG should refer the DoD Hotline ACTION to command or an agency using the “DoD Hotline ACTION Referral” in DAFCRPSG Attachment 32. Included as attachments to the “DoD Hotline ACTION Referral” are the following: 1) DoD Hotline Completion Report (HCR) “How to Guide” with guidance to the command or agency on how to successfully complete an HCR and includes DoDI 7050.01, and 2) the DoD Hotline ACTION.</p> <p>The servicing IG will be the technical advisor to the command or agency for completing the HCR in accordance with DoDI 7050.01. The command or agency completes and signs the HCR. Suspend the command or agency to respond within 90 days for the appropriate levels of IG review, including a final SAF/IGQ review.</p> <p>Note: If the DoD Hotline ACTION contains complaints regarding IG misconduct/mishandling, then the IG at least one echelon above the alleged misconduct IG should resolve using the HCR and process to SAF/IGQ accordingly. No allegations of IG misconduct/mishandling should be referred outside the IG enterprise. The IG resolving the allegations against subordinate IGs can contact SAF/IGQ or their higher level IG for assistance.</p>
3	<p>Provide the complainant with the DoD Hotline ACTION Referral Notification Letter. Document letter and notification in ACTS. See DAFCRPSG Attachment 32.</p> <p>No formal updates are required to complainant as this is a referral to command or an agency, not an IG investigation.</p>
4	<p>Servicing IG must update the ACTS case notes monthly with the status of the DoD Hotline ACTION referral. If there is no change in status, then annotate there is no change. The servicing IG may determine how to monitor the progress of the DoD Hotline resolution (e.g., call or email command or agency for an update). SAF/IGQ will</p>

	check ACTS case notes to monitor the status of DoD Hotline ACTIONS.
5	<p>Servicing IG must coordinate with the referred command or agency to receive the HCR and supporting documents in a timely manner. Do not provide the HCR directly to the complainant nor provide the complainant the command or agency findings. The complainant will be notified after DoD Hotline approves the HCR. Servicing IGs will track all HCRs referrals under their purview to best meet the suspense provided to the command or agency in the “DoD Hotline ACTION Referral.”</p> <p>If the suspense cannot be met, servicing IG will use the ACTS notify function to provide the SAF/IGQ DoD Hotline Coordinator with an extension request before the suspense date. The notify will state the reason for the delay and the expected completion date. SAF/IGQ will provide the determination for extension through an ACTS notify.</p>
6	<p>After receiving the resolution documents from the command or agency (which must include the HCR and supporting documents), the servicing IG must review the information for quality standards defined in DoDI 7050.01. This includes investigative sufficiency, confirming the HCR is free from any impediments to investigative independence (see paragraph 9.7.3.2.), and adheres to the HCR format. If servicing IGs find deficiencies with the HCR, they must coordinate correction of the HCR with the command or agency. The servicing IG must document HCR quality review within ACTS Case Note before transfer to the next higher-level IG for their review. This review must occur before uploading documents to ACTS.</p> <p>The servicing IGs will upload the HCR and supporting documents (such as ROIs, CDIs, and legal reviews) into “Disposition/Resolution Documents” in ACTS for processing back for higher level IG review (if appropriate) and final SAF/IGQ review. Transfer the ACTS casefile to the next higher-level IG for processing to SAF/IGQ.</p> <p>Note: Do not upload “DRAFT” HCRs or old versions of HCRs in ACTS. Only the HCR intended for review by DoD Hotline will be attached in ACTS under Attachments: Dispositions/Resolution.</p> <p>All HCRs put into ACTS for review by SAF/IGQ will be labeled clearly as the HCR and include the DCATS number.</p>
7	<p>Servicing IGs will confirm that the ACTS case is in “completed” status before transferring to SAF/IGQ.</p> <p>Servicing IGs will ensure all officers who are subjects within the final HCR are annotated on the ACTS Subjects Tab with appropriate identifying data, allegations, and findings in accordance with Chapter 7.</p>

<p>8</p>	<p>After transferring to SAF/IGQ, if needed, servicing IGs will coordinate the resolution of any deficiencies identified by higher-level IGs, SAF/IGQ, or DoD Hotline.</p> <p>Deficiencies will be documented and communicated in ACTS case notes. All deficiencies should be coordinated with the referred agency or command for their inputs (if appropriate).</p>
<p>9</p>	<p>DoD Hotline will notify the complainant that their Hotline complaint is resolved upon approval of the HCR.</p> <p>DoD Hotline will instruct the complainant to submit a FOIA request for the HCR findings.</p> <p>SAF/IGQ will notify the complainant that their DoD Hotline ACTION is closed and provide instructions regarding Department of the Air Force FOIA.</p> <p>SAF/IGQ will notify the MAJCOM, or NGB-IG of the DoD Hotline ACTION closure and close the ACTS casefile using the closure date on the DoD Hotline Closure Report.</p>

9.5.2. **DoD INFO Hotlines.** IGs at all levels will evaluate and process DoD INFO Hotlines following the steps in [Table 9.2](#). (T-1)

Table 9.2. How to process a Department of Defense Hotline for Information (INFO) (T-1):

Step	Actions
<p>1</p>	<p>Appropriate level IG will review the DoD Hotline INFO sent by SAF/IGQ. DoD Hotlines are not referred for reprisal, restriction, or senior official complaints. Contact SAF/IGQ with any questions.</p> <p>Complete a complaint analysis. IGs may contact the complainant if clarification needed.</p> <p>Dismissals: If there are complaints not under the purview of the Department of the Air Force, document justification in ACTS case notes and close at the IG level that determined the Department of the Air Force did not have purview. Therefore, respond to the complainant regarding the dismissal and direct them to the appropriate agency. Document the notification to the complainant in ACTS and close. There is no requirement to ask permission from SAF/IGQ to close the ACTS casefile.</p> <p>IGs can consider the reasons in Table 3.13 (e.g., timeliness, non-cooperation, or withdrawal) for closure of DoD Hotline INFOS. Provide justification in ACTS case notes and respond to the complainant regarding the dismissal. Document the notification to the complainant in ACTS and close. There is no requirement to ask permission from SAF/IGQ to close the ACTS casefile.</p>

	<p>If DoD Hotline INFO is appropriate for Department of the Air Force resolution and not dismissed in accordance with Table 3.13, continue to process DoD Hotline INFO complaints in accordance with the remainder of this table below.</p>
2	<p>These are the following resolution paths for servicing IGs to resolve the DoD Hotline INFO:</p> <ol style="list-style-type: none"> 1. If the resolution to the DoD Hotline INFO is an assist to an appropriate grievance channel or agency outside of the Department of the Air Force, assist the complainant, then document and close in ACTS. 2. If appropriate for referral to command or agency, the servicing IG should refer to command or agency using the “DoD Hotline INFO Referral” in DAFCRPSG Attachment 36.
3	<p>Included as attachments to the “DoD Hotline INFO Referral” are the following: 1) DoD HCR “How to Guide” with guidance to the command or agency on how to successfully complete an HCR and includes DoDI 7050.01, and 2) the DoD Hotline INFO. Suspend the command or agency in accordance with Table 3.12. to ensure enough time for the appropriate levels of IG review if the HCR is sent to DoD HL for oversight.</p> <p>Provide the complainant with the DoD Hotline INFO Referral Notification Letter. Document letter and notification in ACTS. No formal updates are required to the complainant as this is a referral to command or an agency, not an IG investigation.</p>
4	<p>If not substantiated, the command or agency provides the servicing IG with an HCR. Attach the HCR and final response to complainant to ACTS and close at the servicing IG level. Receiving an HCR without any substantiated findings permits the servicing IG to close at their level without SAF/IGQ and DoD HL approval. The command or agency must provide (if applicable) a copy of any final response provided to the complainant to the servicing IG for documentation in ACTS.</p> <p>If substantiated, the command or agency provides the servicing IG with an HCR to resolve a DoD Hotline INFO, but does not provide the findings to the complainant, and:</p> <ol style="list-style-type: none"> 1) Servicing IGs will confirm that the ACTS case is in “completed” status if a referral was completed to command, before transferring an HCR to SAF/IGQ. 2) Servicing IGs will ensure all officers who are subjects within the final HCR are annotated in the ACTS Subjects Tab with appropriate identifying data, allegations, and findings in accordance with Chapter 7. 3) After receiving the resolution documents from the command or agency (which must

	<p>include the HCR and supporting documents), the servicing IG must review the information for quality standards defined in DoDI 7050.01 (outlined in paragraph 9.9. below). This includes investigative sufficiency, confirmation the HCR is free from any impediments to investigative independence (see paragraph 9.7.3.2.), and adheres to the HCR format. This review must occur before uploading documents to ACTS. If you find deficiencies with the HCR, your level IG is responsible for coordinating correction of the HCR. The servicing IG must document HCR quality review within ACTS Case Note before transfer to the next higher-level IG for their review.</p> <p>After review and the documents are satisfactory, the servicing IGs will upload the HCR and supporting documents (such as ROIs, CDIs, and legal reviews) into ACTS for processing back for higher level IG review (if appropriate) and final SAF/IGQ review. Transfer the ACTS casefile to the next higher-level IG for processing to SAF/IGQ.</p> <p>Note: Do not attach “DRAFT” HCRs or old versions of HCRs in ACTS. Only the HCR intended for review by DoD Hotline will be attached in ACTS under Attachments: Disposition/Resolution Documents.</p> <p>All HCRs put into ACTS for review by SAF/IGQ will be labeled clearly as the HCR and include the DCATS number.</p>
5	<p>Servicing IGs will coordinate the resolution of any deficiencies identified by higher-level IGs, SAF/IGQ, or DoD Hotline and document deficiencies and coordination in ACTS case notes. All deficiencies should be coordinated with the referred agency or command for their inputs (if appropriate).</p>
6	<p>Upon approval of the HCR, DoD Hotline will notify the complainant that the complaint they filed with the DoD Hotline is resolved.</p> <p>DoD Hotline will instruct the complainant to submit a FOIA request for the HCR findings.</p> <p>SAF/IGQ will notify the complainant that their DoD Hotline INFO is closed and provide instructions regarding Department of the Air Force FOIA.</p> <p>SAF/IGQ will notify the MAJCOM, or NGB-IG of the DoD Hotline INFO closure and close the ACTS casefile using the closure date on the DoD Hotline Closure Report.</p>
7	<p>If no referral to command or an agency is appropriate (usually occurs when the DoD Hotline INFO is a duplicate of an AF IG complaint already documented in ACTS), the servicing IG may resolve using any pertinent information within IG channels or discussion with command or an agency. If there are no substantiated allegations in the duplicate AF IG cases, then close the ACTS casefile with sufficient documentation to justify closure. Notify the complainant of resolution and close in ACTS.</p> <p>If the duplicate issues were substantiated, refer to command and complete HCR process in Step 4 of this table. Contact SAF/IGQ to coordinate if needed.</p>

9.6. Allegations under OSI purview. DoD Hotline will normally send DoD Hotline taskings regarding criminal allegations directly to AFOSI/IGQ (OSI Hotline Coordinator). If an IG should receive a DoD Hotline tasking that they believe is under AFOSI investigative purview, coordinate with SAF/IGQ. **(T-1)** It is possible the entire DoD Hotline will be transferred to AFOSI/IGQ for actions or only part of the DoD Hotline will be resolved by AFOSI.

9.7. Command or agency responsibilities when receiving a DoD Hotline. All Department of the Air Force commands and agencies are required to comply with the quality standards for hotlines outlined in DoDI 7050.01. **(T-0)**

9.7.1. Commands or agencies who received DoD Hotline referrals from their servicing IG must:

9.7.1.1. Notify the servicing IG, as soon as possible, of command and agency actions taken in response to a Priority 1 Emergency referral. **(T-0)**

9.7.1.2. For DoD Hotline ACTION referrals, interview the complainant and clarify 1) who are the personnel with alleged misconduct and 2) what specific violations of standards occurred. **(T-1)** If complainant is not available or cooperative, document to servicing IG through the HCR. **(T-1)**

9.7.1.3. For DoD Hotline INFO referrals, determine if an inquiry is warranted. **(T-1)** If inquiry warranted, proceed with the complainant interview to clarify 1) who are the personnel with alleged misconduct and 2) what specific violations of standards occurred. **(T-1)**

9.7.1.4. Track all DoD Hotlines referred by the servicing IG for resolution. **(T-1)**

9.7.2. Department of the Air Force commands and agencies will not forward DoD Hotline cases outside the Department of the Air Force. **(T-1)** In instances where the Department of the Air Force command or agency believes the matter should be referred to another DoD Component, coordinate with the servicing IG to return the DoD Hotline ACTION/INFO referral to SAF/IGQ so SAF/IGQ can recommend DoD Hotline refer the matter elsewhere. **(T-1)**

9.7.3. For both DoD Hotline ACTION and DoD Hotline INFO referrals with substantiated allegations, the commands or agencies who received the referrals from their servicing IG must:

9.7.3.1. Provide the HCR to the servicing IG by the suspense. **(T-1)** If the suspense cannot be met, provide the servicing IG with an extension request, before the suspense date, stating the reason for the delay and the expected completion date. **(T-1)**

9.7.3.2. Ensure that personnel who conduct any type of inquiry to resolve a DoD Hotline referral must be free, both in fact and appearance, from possible conflicts of interest. **(T-0)** This standard for investigative independence places the responsibility for maintaining independence upon the DoD Hotline and Department of the Air Force so that decisions used in prioritizing, processing, investigating, reviewing, and reporting on hotline complaints will be impartial and will be viewed as independent.

9.7.4. Both commands or agencies will ensure their servicing IG receives all the documentation that supports the findings and conclusions contained in the HCR. **(T-0)** This includes, but is not limited to, the following **(T-0)**:

- 9.7.4.1. The HCR.
- 9.7.4.2. Actions taken to determine the facts and make findings.
- 9.7.4.3. The complete identity of all witnesses, their contact information, and the date of and pertinent information relayed during interviews.
- 9.7.4.4. Specific details and locations of all documents reviewed during the inquiry.
- 9.7.4.5. A description of any other actions taken by the command, agency, or other legal authority as a result of the hotline inquiry.
- 9.7.4.6. Evidence relied upon in making the final determination including:
 - 9.7.4.6.1. Documents gathered during the inquiry and pertinent information within.
 - 9.7.4.6.2. Transcripts or summaries of interviews conducted.
 - 9.7.4.6.3. Investigative reports.
 - 9.7.4.6.4. Final legal reviews.
 - 9.7.4.6.5. Full and complete results including corrective actions taken.

9.8. Matters Not Appropriate For The DoD Hotline. Not all matters are appropriate for resolution in a DoD Hotline.

9.8.1. No reprisal or restriction allegations will be resolved through a DoD Hotline. **(T-0)**

9.8.2. If the command or agency with a DoD Hotline referral determines there is no credible violations of standard, the DoD Hotline can be closed or specific issues in the DoD Hotline can be closed without an HCR. **(T-1)** Justification for not initiating an inquiry into the allegations within a DoD ACTION Hotline must be provided to the servicing IG for processing to SAF/IGQ for approval by DoD Hotline. **(T-1)**

9.8.3. To avoid duplication of effort, it is permissible for the command or agency who received a DoD Hotline referral to request closure without further inquiry if the command or agency is asked to resolve complaints for which other channels to address the matter have been established by law, rule, or regulation and there is no credible evidence of a process failure provided by the complainant. Examples of these types of complaints are: EO, MEO, HIPAA, civilian personnel grievances, etc. Best practices are for the command or agency to coordinate with the resolution offices governing those complaints and provide the justification to the servicing IG for coordination with SAF/IG and DoD Hotline for closure.

9.9. HCR quality standards. There are minimum quality standards for Hotline inquiries conducted in response to DoD Hotline referrals to the Department of the Air Force. HCRs must be accurate, complete, clear, concise, impartial, timely, and well-organized. DoD Components should present facts in straightforward, grammatically-correct language and avoid jargon, redundancy, ambiguity, and obscurity. **(T-0)**

9.9.1. Department of the Air Force commands or agencies resolving a DoD Hotline referral must ensure the following per DoDI 7050.01: **(T-0)**

9.9.1.1. DoD Components will use DoD Hotline format detailed in DoDI 7050.01 for all HCRs. **(T-0)**

9.9.1.2. The organization conducting the Hotline inquiry must ensure that the activities are conducted by personnel who collectively possess the knowledge, skills, abilities, and security clearances to perform the required tasks.

9.9.1.3. In all matters relating to investigative work, personnel and organizations conducting the inquiry must be independent, both in fact and appearance. **(T-0)** Individuals assigned to conduct and review the hotline inquiry must be either:

9.9.1.3.1. Outside the immediate chain of command, for example, work directly for or directly over, of both the individual submitting the allegation(s) and the individual(s) accused of misconduct; **(T-0)** OR

9.9.1.3.2. At least one organization higher in the chain of command than the organization of the individual submitting the allegation and the individual or individuals accused of misconduct. **(T-0)**

9.9.1.4. All cases must be handled in a diligent and complete manner, and reasonable steps must be taken to ensure that relevant matters are sufficiently resolved; and to ensure that all appropriate criminal, civil, contractual, or administrative remedies are considered. **(T-0)**

9.9.1.5. All cases must be initiated, conducted, and reported in accordance with all applicable laws, rules, and regulations; and other prosecuting authorities; and internal DoD Component policies and procedures. **(T-0)**

9.9.1.6. Inquiries should be conducted with respect for the rights and privacy of those involved.

9.9.1.7. Specific methods and techniques used in each case must be appropriate for the circumstances and objectives. **(T-0)**

9.9.1.8. All cases must be handled in a fair and equitable manner, with the perseverance necessary to determine the facts. **(T-0)**

9.9.1.9. Evidence must be gathered, analyzed, and reported in an unbiased and independent manner in an effort to determine the validity of an allegation. **(T-0)** This includes inculpatory and exculpatory information.

9.9.1.10. Inquiries must use preponderance of evidence as the standard of proof to substantiate or not substantiate allegations. **(T-0)**

IG RECORDS MAINTENANCE AND RELEASE

Section 10A—Directive, Terms and Overview

10.1. Governing Directives. DoDI 5200.48_DAFI 16-1403, *Controlled Unclassified Information*; DODM 5200.01 V1-3_AFMAN 16-1404 V1-3, *DoD Information Security Program*; DoDM 5400.07_AFMAN 33-302, *Freedom of Information Act Program*; DoDM 6025.18, *Implementation of the Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule in DOD Health Care Programs*; AFPD 90-4, *Relations with Congress*; AFI 33-332, *Air Force Privacy and Civil Liberties Program*; DAFI 36-148, *Discipline and Adverse Actions of Civilian Employees*; AFI 51-202, *Nonjudicial Punishment*; and AFI 90-401, *Air Force Relations with Congress*, and AFI 33-322, *Records Management and Information Governance Program*, provide guidance on related records management and release.

10.2. Overview. This chapter covers the Department of the Air Force IG Records Maintenance and Release Program. The Department of the Air Force Inspector General grants access to IG records under the following two separate records release programs, subject to the provisions stipulated in this chapter.

10.2.1. Official Use Requests (OUR) - Section 10D.

10.2.2. Freedom of Information Act (FOIA) and Privacy Act (PA) requests - [Section 10E](#).

Section 10B—Maintenance of IG Records

10.3. Marking IG Records.

10.3.1. Classify reports according to the policies and procedures contained in security regulations (DODM 5200.01 V1-3, *DoD Information Security Program*, DoDI 5200.48_DAFI 16403, *Controlled Unclassified Information*, and the AFIS Security Classification Guide). **(T-0)**

10.3.2. IG reports and case related records will be marked “Controlled Unclassified Information” (CUI) unless they are classified as outlined in DoDM 5200.01-V2. **(T-1)**

10.3.2.1. Mark or stamp all IG documents on the outside of the front cover (if any), at the bottom of the first page, and each succeeding page above the “CUI” marking with the following disclaimer: “*This is a protected document. It will not be released (in whole or in part), reproduced, or given additional dissemination (in whole or in part) outside of Inspector General channels without prior approval of The Inspector General (DAF/IG) or designee.*” **(T-1)**

10.3.2.2. In accordance with DoDI 5200.48_DAFI 16-403, all Department of the Air Force records will include, on the first page or cover of any document or material containing CUI, a CUI designation indicator containing the information as shown in [Figure 1](#). The point of contact (POC) is from the office marking the material. **(T-0)**

Figure 10.1. CUI Designation Indicator for All Documents and Material.

Controlled by: Department of the Air Force (Only if not on letterhead)

Controlled by: SAF/IG CUI Category: CUI//PRIIG Distribution/Dissemination Control: FEDCON POC: [Phone or email address]

10.3.2.3. Mark all documents provided by the complainant as “COMPLAINANT PROVIDED.” (T-1)

10.3.3. E-mails that contain and/or transmit IG reports, complaint analyses, notification memos, records, or information must call attention to the CUI and/or attachments. (T-1) Include CUI in the e-mail subject line, if the subject line contains CUI. (T-1) All e-mails will be encrypted IAW applicable directives. (T-0) Add the following e-mail header at the beginning of the body of the message text that contains CUI:

“CUI” *This e-mail contains CONTROLLED UNCLASSIFIED INFORMATION (CUI) information which must be protected under the Privacy Act and AFI 33-332.* (T-0)

10.4. Protection of IG Records.

10.4.1. IG reports are protected documents. Only SAF/IG, or designated representatives, can approve release of IG documents outside of IG channels. Refer to Sections 10D and/or 10E for further guidance.

10.4.2. Refer to DODI 5200.48_DAFI 16-1403 for proper marking of e-mail. (T-1)

10.5. Protecting Privacy Interests.

10.5.1. IOs conducting IG investigations will not provide witnesses, subjects, or other third-parties with copies of complaints or investigative reports or documents or allow those parties to read any complaint filed through IG channels, unless authorized by law or policy. (T-1)

10.5.1.1. A complaint to an IG, or a complaint worked in IG channels, is protected information, unless otherwise noted by applicable law or policy.

10.5.1.2. During interviews, subjects and suspects must be advised of the specific nature of the allegations against them to permit them to properly respond to or defend against such allegations. (T-1)

10.5.1.3. Witnesses need only be generally advised of the matters under investigation to permit them to respond to the questions asked and to provide other relevant information. (T-1)

10.5.2. If the complainant consents to release of their information, the complainant should be told the IO or commander (or civilians leading an organization designated as a unit IAW AFI 38-101) may discuss the case with appropriate officials and witnesses to resolve the complaint.

10.5.3. Generally, do not release the complaint, materials or information provided by the complainant, or the response to the complainant to a third-party requester or the subject, without the complainant’s written consent or IAW the FOIA/PA or other applicable law or policy, such as an appropriate request from a DoD component for official use purposes, court order, etc.

10.5.4. Do not release medical information unless authorized by law and policy. (T-0) Medical information possessed by the IG is protected by the Privacy Act rather than the Health Insurance Portability and Accountability Act (HIPAA).

10.5.5. When an IG investigation is halted because it is determined another type of investigation is warranted, guard the protected nature of the IG records involved. **(T-1)**

10.6. Maintenance and Disposition of IG Records.

10.6.1. Records must be maintained for the Complaints Resolution program. Maintain and dispose of records according to the *Air Force Records Disposition Schedule*, Tables 90-01, 90-03, and 90-04, available at <https://afrims.cce.af.mil/>. **(T-1)** According to those *Air Force Records Disposition Schedule* tables, the disposition of some IG documents is based on the date the case “closed.” IG offices will use the definition of “closure” as listed in **Attachment 1** of this instruction to determine the case “closed” date. **(T-1)**

10.6.2. In order to maintain a record of each complaint and its disposition, all IG records (including emails, referrals, transfers, assistance, investigations, and dismissals) must be attached to the ACTS case file. **(T-1)** Each case/complaint is its own record.

10.6.3. Records should not include classified materials, reports of special security investigations, or other similarly sensitive documents. If a case must contain sensitive documents, IGs must cross-reference its identifying number or subject and indicate its primary storage location. **(T-1)** Do not retain it in the local IG office file. **(T-1)**

10.6.4. Do not file any IG complaint correspondence or related documents in an individual’s unit Personal Information File, field personnel records, or a system of records other than the system established for IG records (ACTS). **(T-1)** Properly redacted portions of ROIs provided to subjects for command action IAW **paragraph 10.11** and required by DAFI 36-2907, *Adverse Administrative Actions*, are permitted.

10.6.5. Upon case closure, remove and destroy documents such as draft reports, unnecessary working papers, handwritten notes, Post-it notes, duplicates, etc., if permitted under record retention rules. **(T-3)**

10.6.6. Upon case closure, all relevant emails must be uploaded into ACTS. **(T-1)** Examples of relevant emails would include emails referenced in a complaint analysis or ROI, or used as evidence in a case

10.6.7. Recorded testimony (for example, .wav files or other electronically recorded files) must be destroyed or deleted after the highest level of quality review has been completed or after the command action has been completed, whichever is later. **(T-3)**

10.6.8. AF Electronic Records Management. Records attached to ACTS case files will follow guidelines IAW AFI 33-322, *Records Management and Information Governance Program*. **(T-1)**

10.6.9. Referral Completion Reports are IG records. The templates should be properly marked as IG records when referred to the agency for action. However, the inquiry documentation and evidence collected by the referral agency to support the inquiry are not IG records unless placed into the IG system of records (ACTS) by the IG.

10.7. Maintenance and Disposition of Commander Directed Investigation (CDI) Records.

10.7.1. As directed by DAFMAN 1-101, commanders will provide their servicing IG with copies of all CDIs and supporting documentation conducted under their authority. **(T-1)**

10.7.2. IGs will attach CDIs in ACTS following the procedures outlined in DAFCRPSG Attachment 33. **(T-1)** IGs will ensure that command has properly marked the CDI and supporting documentation IAW DAFMAN 1-101 prior to attaching those documents in ACTS. **(T-1)**

10.7.3. The command that authorized a CDI stored in ACTS is the release authority for that CDI, regardless of whether the CDI was the result of an IG referral or not.

10.7.4. In situations where command no longer has a copy of the CDI, command can request a copy (through the servicing IG) for release.

Section 10C—Restrictions for Use of IG Records

10.8. Restrictions for Use of IG Records. IG records are subject to the following restrictions.

10.8.1. Do not use IG records as attachments or exhibits to other official records without the written approval of the authority responsible for making release determinations, as delegated in this instruction. **(T-1)**

10.8.2. Copies of IG records must be properly destroyed upon completion of stated need. **(T-3)**

10.8.3. Do not further release (in whole or in part) IG documents without proper authorization from the authority responsible for making release determinations. **(T-3)**

10.8.4. Comply with the provisions of the PA Program in the management of IG records. **(T-0)**

10.8.5. Comply with the provisions and restrictions of Title 10 United States Code Section 1102 and AFI 44-119 and DHA-PM 6025.13, Volume 3 in using any records obtained from a Surgeon General quality assurance review. **(T-0)** These are records generated by federal medical treatment facility committees in reviewing the quality and standards of care provided to patients treated by the medical facility. Ordinarily, these records should be reviewed and returned to the originator without being attached to the IG record. Consult your servicing SJA office before attaching any quality assurance documents to an IG report. If a quality assurance record (or any portion of a record) is included in an IG record, ensure it is prominently marked as protected by 10 USC § 1102 as a quality assurance document. **(T-0)**

10.8.6. See DoDM 6025.18, especially [paragraph 3.2a.](#), for guidance on the protection and use of records protected by the Health Insurance Portability and Accountability Act (HIPAA) to IG operations.

Section 10D—Official Use Requests (OUR)

10.9. Release Determination for OURs. SAF/IG is the authority responsible for making release determinations for all IG records requested under OUR. SAF/IG makes the following delegations:

10.9.1. Senior official investigation records: The Director, SAF/IGS, or designee, is the authority responsible for making release determinations for senior official investigation records.

10.9.2. Colonel (or civil servant grade 15 or equivalent) and below: The Director, SAF/IGQ, or designee, is the authority responsible for making release determinations for colonel (or civil servant grade 15 or equivalent) and below IG investigative records.

10.9.3. For command action. The IG responsible for the relevant ROI or case. **(T-1)**

10.9.4. If a DoD/Department of the Air Force organization or employee requests records (for example CDIs, command action, etc.) to perform their DoD/ Department of the Air Force official duties, they should receive all necessary records, subject to any additional administrative procedural request requirements, such as that exist for classified records or Privacy Act/medical records.

10.10. Procedures for all OURs. OURs for IG records must be submitted through MAJCOM, FLDCCOM, NGB, NAF, JFHQ, FOA, or DRU IG offices to DAF/IG. **(T-2)** In every case, the following guidance applies:

10.10.1. Release of IG records pursuant to OURs will ordinarily be made after case closure (see [paragraph 4.28](#) for closure requirements).

10.10.2. To make an OUR for IG records, requestors must:

10.10.2.1. Submit requests in writing. **(T-1)**

10.10.2.2. Identify the records requested as specifically as possible (e.g., date of investigation, name of IO, subject, and/or complainant). **(T-1)**

10.10.2.3. Explain in detail why the records are needed. **(T-1)**

10.10.2.4. Specify when the records are needed. **(T-1)**

10.10.3. SAF/IG will evaluate OURs and notify the requestor of any applicable restrictions on the information provided in the release. Make entries in ACTS to show processing of OURs for IG records.

10.10.4. Maintenance of OURs. Requests and associated will be retained IAW the AF Records Disposition Schedule in the Air Force Records Information Management System (AFRIMS). **(T-1)**

10.11. OURs Related to Command Action. In accordance with [paragraph 4.29.3](#), the responsible IG will automatically provide the subject's commander with a copy of the relevant portions of an approved and substantiated report of investigation (without attachments) for determining appropriate command action. **(T-1)** After providing the ROI to the subject's commander, JAs may act on behalf of the commander requesting additional IG records. Commanders submit an OUR to the responsible IG to obtain additional portions of the case file beyond the information initially provided by the authority responsible for making release determinations. When possible, the responsible IG should provide the information to the commander, and specify what is releasable to the subject simultaneously. For Senior Official cases, see [Chapter 8, paragraph 8.4.2](#).

10.11.1. Release to Subject.

10.11.1.1. Commanders may decide to provide the subject with evidence (if any) supporting the proposed command action in conjunction with the notice of the action IAW DAFI 36-2907, appropriately redacted IAW the Privacy Act. **Note:** Evidence to support

the command action includes information favorable to the defense and may range from no evidence to all the evidence collected.

10.11.1.2. Refer to AFI 51-202 when providing evidence in an Article 15 action against an active duty person. **(T-1)** Refer to AFI DAFI 36-148 when providing evidence relied on to support command action against DoD civilians. **(T-1)**

10.11.1.3. Defense Counsel Requests. When defense counsel requests IG records to represent military members in courts-martial or other disciplinary actions, defense counsel requests the records from the servicing SJA office who will decide what records are relevant for the defense counsel to obtain. **(T-1)** IGs should cooperate with any request by the servicing SJA office to provide IG records.

10.12. OURs for Other than Command Action.

10.12.1. **Requests from AF/A1.** AF/ A1 is charged with the responsibility to advise the Secretary whether officers being recommended for promotion, who have adverse information, meet the exemplary conduct standards prescribed in Title 10 United States Code Section 9233. In order to do so, they must have access to relevant IG records. Process requests under this provision as expeditiously as possible.

10.12.2. Requests from within DoD.

10.12.2.1. All requests for SAF IG records from other DoD offices, such as the Office of the Secretary of Defense, the Inspector General of the Department of Defense (IG DoD), the Joint Staff, unified commands, defense agencies and field activities, and the other service components (including the Reserve Components), must be forwarded to DAF/IG. **(T-1)**

10.12.2.2. IG DoD must have expeditious and unrestricted access to and, when required, must be able to obtain copies of all records, reports, investigations, audits, reviews, documents, papers, recommendations, or other material available to or within any DoD component.

10.12.2.3. Air Force Board for the Correction of Military Records Cases. Complainants who petition the Air Force Board for the Correction of Military Records should advise the Air Force Board for the Correction of Military Records if relevant IG records exist. The Air Force Board for the Correction of Military Records may submit an OUR to SAF/IG for those records as it deems appropriate.

10.12.3. Requests from Government Agencies Outside the DoD, Except Congress. Official use requests received from non-DoD governmental agencies for IG records must be forwarded to SAF/IG. **(T-2)**

10.12.4. Requests From Congress. SAF/IG will process all Congressional requests in accordance with AFI 90-401.

Section 10E—Freedom of Information Act (FOIA) and Privacy Act (PA) Requests

10.13. Authority Responsible for Making Release Determinations for FOIA and PA Requests.

10.13.1. The Initial Denial Authority, (IDA) is the denial authority for records that fall under their functional area. SAF/IG is the IDA for all IG records requested IAW DoDM 5400.07_AFMAN 33-302, *Freedom of Information Act Program*. **(T-1)** DAF/IG makes the following delegations:

10.13.1.1. SAF/IGS is the IDA for senior official cases.

10.13.1.2. SAF/IGQ is the IDA for all IG cases closed at SAF/IGQ level.

10.13.1.3. MAJCOM, FLDCOM, NGB, FOA, or DRU IGs are the release authority for IG records at their level and below. **(T-1)**

10.14. Procedures Regarding FOIA Requests.

10.14.1. The FOIA Manager tasks the IG to locate records responsive to FOIA Requests. The IG will review the FOIA request, search and retrieve the responsive records from ACTS. Add case note in ACTS to annotate records were retrieved in response to FOIA request. Add FOIA number as a Source Reference in ACTS and attach FOIA request.

10.14.2. The IG will redact the records in accordance with the current FOIA guidelines. **(T-0)** The recommended release (i.e., redactions) must be coordinated with the servicing legal office. **(T-1)**

10.14.3. MAJCOM, FLDCOM, NGB, JFHQ, FOA, or DRU IGs must coordinate all proposed FOIA responses with their FOIA and servicing legal offices . **(T-1)**

10.14.4. The IG will draft a closure memo with their recommended release decision (that is, partial denial, full denial) to provide the FOIA office. **(T-1)**

10.14.5. If a FOIA request comes directly to the IG from the requester, IGs will forward the request to their FOIA office. **(T-1)**

10.14.6. When a FOIA request is received from a complainant and “complainant provided” materials are responsive records to the request, if possible, contact the complainant to clarify if he or she is requesting “complainant provided” materials. After clarification, annotate the complainant wishes in the FOIA file. **(T-1)** If clarification does not occur, process the “complainant provided” materials and include releasable portions with response to complainant. **(T-1)**

Note: Documents released pursuant to a FOIA request are then public documents and may be further disclosed at the recipient’s discretion.

Section 10F—Making Release Determinations

10.15. General Guidance.

10.15.1. All FOIA or PA responses must be coordinated with the servicing legal office. **(T-1)** Denials require a written legal review. **(T-1)**

10.15.2. Requests by an individual (complainant or subject) for their own records must be considered under both the FOIA and the PA, even if the requestor does not cite either Act (See DoDM 5400.07_AFMAN 33-302 and AFI 33-332). **(T-0)** This does not mean the person receives a copy; it only means both acts must be considered.

10.15.3. Generally, release of IG records under FOIA or PA will be made only after command action, if required, is complete and, the case has been closed. **(T-1)** Respond to requests for open cases citing the appropriate FOIA or PA exemptions and exceptions after consulting with your servicing legal office. **(T-1)** Although a search and the production of all responsive documents must be accomplished pursuant to a FOIA request, the release of documents associated with an open/ongoing investigation to a FOIA requester will usually be denied under FOIA Exemptions (b)(7)(A) and (b)(7)(C) because release of investigative documents prior to a final decision by the decision authority may compromise the integrity of the investigation and investigative process.

10.15.4. In cases of reprisal and restriction, federal law, 10 USC § 1034 and DoDD 7050.06 requires the IG automatically “transmit a copy of the report on the results of the investigation to the member of the armed forces who made the allegation investigated.” **(T-0)** This is normally a properly redacted copy of a report of investigation. **(T-0)** If a FOIA request is made for reprisal or restriction records by the complainant, the request is processed formally under the FOIA.

Access—In reference to restriction, the ability to enter, approach, or communicate with individuals or offices designated to receive protected communications. The freedom or ability to make protected communications.

It is the duty of every leader to hold themselves and their subordinates answerable for their actions and to correct systemic faults. Appropriate remedial measures shall be taken against individuals who have acted unlawfully, improperly or inappropriately. Remedial or corrective measures may be educational, administrative, or punitive and must be appropriate and proportional to the act.

Acid Test—In reference to abuse of authority, a conclusive test of whether abuse of authority occurred.

Administrative Actions—Non-criminal proceedings; includes, but is not limited to letters of counseling, letters of admonishment, letters of reprimand, control roster actions, unfavorable information files, non-judicial punishment reenlistment denials, promotion actions, suspensions (for civilians) and involuntary separation actions, called "removals" for civilians.

The Adjutant General (TAG)—The senior military officer (either Army or Air) of the National Guard of each state, Puerto Rico, the US Virgin Islands, and Guam. TAG is responsible for performing the duties prescribed by the laws of that state and the day-to-day peacetime management and training of the state National Guard (Army and Air).

Adverse Information—DAF policy defines adverse information as:

1. Any substantiated finding or conclusion from an officially documented investigation or inquiry or any other credible information of an adverse nature. To be credible, the information must be resolved and supported by a preponderance of the evidence. To be adverse, the information must be derogatory, unfavorable, or of a nature that reflects clearly unacceptable conduct, integrity or judgment on the part of the individual. See AFI 36-2907, *Adverse Administrative Actions*, for further guidance. Adverse information includes, but is not limited to:

- a. Any substantiated adverse finding(s) or conclusion(s) from an officially documented investigation or inquiry, regardless of whether command action was taken as a result.
- b. Approved court-martial findings of guilt (Court-Martial Orders or Entry of Judgement).

Information attributed to an individual 10 or more years before the date of the personnel action under consideration, except for incidents, which if tried by court-martial, could have resulted in the imposition of a punitive discharge and confinement for more than one year from the date of the substantiated adverse finding or conclusion from an officially documented investigation or inquiry is used to establish the time period, not the date of the incident.

Air Reserve Component—Department of the Air Force component comprised of the Air Force Reserve and Air National Guard.

Allegation—A postulated assertion (assumed without proof) formed by the IG concerning an individual or a detrimental condition to be resolved during an investigation. An allegation is a hypothetical statement containing four elements, all of which must be proved by a preponderance of evidence to be true for the allegation to be substantiated. A properly framed allegation will contain the following elements:

1. When, (in what time frame did the improper conduct or behavior occur),
2. Who, (a person, identified by as much information as necessary to uniquely identify),

3. Did what, (the specific behavior or conduct that was improper and represents the adverse information),
4. In violation of what standard, (law, policy, regulation, instruction, or procedure). A properly framed allegation is constructed as follows:

When—(On or about 10 January 2004), **Who** (Major John A. Smith, XX Sq/CC) **did what**, (gave a referral EPR to SrA William Tell in reprisal for a protected communication), **in violation of what standard**, (in violation of 10 USC 1034).

Appointing Authority—Individuals holding the positions listed in [paragraph 1.6](#) are appointing authorities. Appointing authorities have the singular authority to direct IG investigations, appoint Ios, and approve reports of investigations directed under their authority.

Arbitrary and capricious—The absence of a rational connection between the facts found and the choice made, constituting a clear error of judgment. The action does not appear to be supported by fair, solid, and reasonable cause, or based upon relevant factors.

Assertion—A declaration made by a complainant without regard to any supporting evidence provided.

The IG may facilitate assistance by making phone calls, asking questions, or soliciting helpful information from appropriate offices or agencies and providing that information to the complainant.

IGs create an entry in ACTS for any action defined as an investigation, referral, assist, records release, review, dismissal, rebuttal, or transfer. The *ACTS User's Manual* provides specific instructions for the use of ACTS.

Case File—A compilation of documents relevant to an IG complaint that are gathered/prepared during the Complaint Resolution Process, such as the complaint and complainant provided documents. DAFCRPSG Attachment 8 shows the standard case file format.

Chilling Effect—Those actions, through words or behavior, that would tend to prevent an individual(s) from taking a proposed course of action.

Civil Liberties—Civil liberties are the rights of individuals to exercise the freedoms and rights guaranteed to them under the United States Constitution without the government's improper interference. The civil liberties are considered to be:

Command Action—Action taken by the commander, who is responsible for the process, operation, organization, or individual. A commander's decision to elect to take no action is deemed to be command action and must be documented.

Commander—Only officers may command. An officer succeeds to command in one of two ways; by appointment to command or by assuming command. Generally, an officer assigned to an organization, present for duty, eligible to command the organization, and senior or equal in grade to all other officers in the organization, may be appointed to command the organization by an authorized official. When not otherwise prohibited by superior competent authority, an officer's authority to assume command of an organization passes by operation of law to the senior military officer (by grade and, within the same grade, by rank within that grade) assigned to an organization who is present for duty and eligible to command that organization. For specific rules on appointment to, and assumption of command in the Regular Air Force, Space Force, Air Force Reserve, and Air National Guard when in federal service, refer to AFI 51-509, *Appointment to and Assumption of Command*.

Complaint Analysis—A complaint analysis is the process for determining the most effective resolution strategy to resolve the issues raised by the complainant’s assertion. It is a preliminary review of assertions and evidence to determine the potential validity and relevance of the assertion to the AF and to determine what action, if any, in IG, supervisory, or other channels is necessary. The complaint analysis decision document is used to record the rationale for the selected complaint resolution strategy.

Complaint Clarification—The process of interviewing the complainant to ensure the details and intent, including any potentially contradictory information within the complaint, are verified.

Complaint Intake—The process of receiving a complaint to begin the complaint resolution process.

Complaint Resolution Process—The Complaint Resolution Process describes actions required to resolve a complaint from receipt through closure. The process, which involves 15 steps representing the lifecycle of a complaint, is divided into three phases, Complaint Analysis, Investigation, and Quality Review. See [Table 3.1](#).

Complaint Without Merit—As used in this instruction, a complaint without merit is one that fails to allege facts that, if true, would constitute a violation of a standard, whether defined by statute, regulation, or custom of service. For assertions against non-senior officials, an IG will consider the need for a complaint clarification before making such a determination.

Complaints Resolution Program—A program designed to ensure the discipline, efficiency, and economy of the Department of the Air Force by resolving complaints of fraud, waste, abuse or gross mismanagement; violations of law, policy, procedures, instructions, or regulations; an injustice; abuse of authority, inappropriate conduct, or misconduct (as defined by this instruction); or a deficiency or like condition.

While this does not mean communications made to an IG are privileged or confidential, it does mean disclosure of those communications (and the identity of the communicant) is strictly limited to an official, need-to-know basis. This information is not disclosed unless required by law or regulation, when necessary to take adverse action against a subject, or with the approval of The Inspector General (SAF/IG), or approval of the appointing authority.

Evidence—Information or data upon which a conclusion or judgment may be based. Evidence is simply information that tends to prove or disprove the existence of an alleged fact. Direct evidence supports the truth of an assertion directly, i.e., without an intervening inference. Circumstantial evidence, by contrast, consists of a fact or set of facts which, if proven, will support the creation of an inference that the matter asserted is true.

Fraud—Any intentional deception designed to unlawfully deprive the government of something of value or to secure from the government for an individual a benefit, privilege, allowance, or consideration to which he or she is not entitled. Such practices include, but are not limited to:

1. The offer, payment, acceptance of bribes or gratuities, or evading or corrupting inspectors or other officials.
2. Making false statements, submitting false claims or using false weights or measures.
3. Deceit, either by suppressing the truth or misrepresenting material facts, or to deprive the government of something of value.
4. Adulterating or substituting materials, falsifying records and books of accounts.
5. Conspiring to carry out any of the above actions.

Impartiality—A principle holding that decisions should be based on objective criteria, rather than on the basis of bias, prejudice, or preferring the benefit to one person over another for improper reasons.

Improper Conduct—Conduct (acts or omissions) found to violate an identifiable directive, instruction, policy, regulation, rule, statute, or other standard applicable to the AF, without regard to knowledge, motive, or intent.

Inappropriate Conduct—Action a reasonable person would consider likely to erode confidence in the integrity of the AF, but which does not violate an identifiable directive, instruction, policy, regulation, rule, statute, or other standard applicable to the AF.

In-Camera Review—A private review by a judge to evaluate information that may be relevant to a court proceeding.

Independence—In all matters relating to Inspector General operations, inspectors general must be free, in fact and appearance, from all impairments to independence. "Monitoring of the development, procurement and management of tactical intelligence systems and equipment and conducting related research, development, and test and evaluation activities."

Intelligence Oversight Complaint—An intelligence oversight complaint is an allegation of conduct that constitutes, or is related to, an intelligence activity that may violate the law, any Executive Order or Presidential Directive, or DoD policy, regarding intelligence activities. This includes activities of any AF organization, even if not specifically identified as an intelligence activity that is being used for counterintelligence or foreign intelligence purposes. It applies to improper activities by an intelligence or counterintelligence unit or staff or personnel assigned thereto.

Interrogatories—A formal list of written questions prepared by the IO or IG for a witness to answer. The questions may be revised and updated as facts are developed.

Investigation—A duly authorized, systematic, detailed examination to uncover the facts and determine the truth of a matter conducted by an investigating officer. IG investigations are administrative in nature—they are fact finding rather than judicial proceedings. They are not criminal proceedings in which proof beyond a reasonable doubt is required. Rather, the standard of proof that applies is proof by a preponderance of the evidence. Investigations require formal collection of evidence, taking sworn testimony from complainants, witnesses and subjects, and documentation of the findings in a ROI. An investigation is an evidence-gathering exercise to substantiate or not substantiate an allegation.

Investigation Plan—A statement of intent, which sets forth the IO's proposed course of action. Included in such a plan are the allegations to be investigated, a list of witnesses to be interviewed, a list of evidence to be collected, and an itinerary. The plan will include administrative matters such as itinerary and potential personnel actions. The plan will also include a list of issues to be resolved and some preliminary questions which the IO intends to ask the key witnesses in the case.

1. An IO is the personal representative of the appointing authority.

4. An IO must have a substantial breadth of experience, exceptional maturity, and demonstrated sound judgment.

Legal Review—A review of an IG case by the servicing SJA or designee to ensure legal sufficiency before the appointing authority approves the report and its findings.

Legal Sufficiency—A review of the ROI to determine whether:

1. Each allegation has been addressed.
2. Allegations allege a violation of law, regulation, procedure, or policy.
3. The IO reasonably applied the preponderance of the evidence standard in arriving at findings.
4. Conclusions are supported by, and consistent with, the findings.
5. The investigation complies with all applicable legal and administrative requirements.
6. Any errors or irregularities exist, and if so, their legal effects, if any.

Mental Health Evaluation (MHE)—A psychiatric examination or evaluation, a psychological examination or evaluation, an examination for psychiatric or psychological fitness for duty, or any other means of assessing the mental health of a service member. It does not include interviews under Family Advocacy programs or Air Force Drug and Alcohol Abuse Rehabilitation programs.

Substantial and Specific Danger to Public Health or Safety—Two of the factors that determine when a disclosed danger is sufficiently substantial and specific are (1) the likelihood of harm resulting from the danger and (2) when the alleged harm may occur. If the disclosed danger could only result in harm under speculative or improbable conditions, it is less likely to be found specific. If the harm is likely to occur in the immediate or near future as opposed to manifesting only in the distant future it is more likely to qualify as a specific danger. Both of these factors affect the specificity of the alleged danger, while the nature of the harm—the potential consequences—affects the substantiality of the danger.

Substantiated—A substantiated finding results when a preponderance of the evidence supports the complainant's allegation of a wrong or violation of law, regulation, procedure, or AF policy or standards. The facts (from documentation and testimony) indicate the complainant was wronged or a violation of standards occurred.

IG operations must clearly and concisely reflect all elements of the issues under examination. Reasonable steps should be taken to ensure pertinent issues are sufficiently resolved and that all appropriate root causes and remedies are considered. The results of Inspector General operations must not raise unanswered questions, nor leave matters open to question or misinterpretation.

Timeliness—Inspector General operations must be conducted and reported with due diligence in a timely manner. The objective is to be responsive to all parties thereby enhancing AF credibility. IG operations are to be conducted and completed within a timeframe that facilitates efficient and effective mission accomplishment while protecting the public's safety and security. IGs are responsible to ensure that the investigation, inspection or evaluation is completed at the appropriate time.

Transfer—A complaint is transferred when a complaint analysis determines an AF IG other than the one receiving the complaint should resolve it.

information; limits, segregates or classifies employees or applicants for employment in any way that deprives or tends to deprive any individual of employment opportunities or otherwise adversely affects his/her status as an employee because of race, color, religion, sex, national origin, age, reprisal, physical or mental disability, or genetic information.

Waste—The extravagant, careless, or needless expenditure of government funds or the consumption of government property that results from deficient practices, systems controls, or decisions. The term also includes improper practices not involving prosecutable fraud. Note: Consider wartime and emergency operations when explaining possible waste. For example, legitimate stockpiles and reserves for wartime needs, which may appear redundant and costly, are not considered waste.

Attachment 2

WITNESS INTERVIEW FORMAT

Note: This interview format is for use with witnesses who are NOT subjects and who are NOT suspects

A2.1. Prior to Witness Arriving. Arrive early to work with your IG POC to ensure that the interview room is ready. Here are some recommended items to go over:

A2.1.1. A good practice is to add your questions to this template and use it as your note taker.

A2.1.2. Discuss with your legal advisor the potential for rights advisement as well as bargaining unit representation, (as applicable).

A2.1.3. Ensure that you have a copy of the Privacy Act Statement readily available for the witness to review and other documents that you may want to refer to or have the witness review. Check that they are in order you will use them.

A2.1.4. Have tissues on hand in the event the witness becomes emotional and water for yourself and the witness, if desired.

A2.1.5. Ops check the recorder(s) one more time.

A2.1.6. Ensure that the phones are turned off or being answered by someone in the IG office.

A2.1.7. Place a “Do Not Disturb - Interview in Progress” sign on the door.

A2.1.8. Have pens, pencils, and note paper available and handy.

A2.1.9. The Department of the Air Force hand-off procedure does not require a hand-off for witnesses in an investigation. However, if you encounter a witness that is distraught or visibly upset, ensure that you have a plan to hand them off to a responsible individual.

A2.2. Interview Structure. The interview is conducted in four parts: Pre-Interview, Read-In, Questioning, and Read-out. The following are suggested topics to cover for each part of the interview during the Pre- Interview discussion.

A2.3. Pre-Interview (Recorder is OFF). The Pre-Interview is an opportunity for the investigating officer to relay to the witness what they can expect during the interview. It relaxes the witness and eases some of the apprehension that they feel. It also starts the bonding process between you as the investigating officer and them as the witness.

A2.3.1. The first step is to use small talk to relax the witness and build rapport. Remember that the witness may not be sure why they are in the IG office so it’s a good time to assure them that they are a witness and not the subject of the investigation.

A2.3.2. More often than not, the witness’s attention will be immediately drawn to the recorder. This is a good time to acknowledge that the interview will be recorded to ensure that an accurate record of the interview is captured. The recording will be transcribed or summarized and included in the report of investigation that you will prepare. If the individual does not focus on the recorder at first, be sure to address its use later in the Pre-Interview portion.

A2.3.3. Ask for some identification to verify the witness is who you are expecting. At the same time, show the witness your ID card and appointment letter (but not the attached page with the allegations). Explain that you will be going into more detail as you start the interview.

A2.3.4. Explain your role as the investigating officer. Below are some suggested areas to cover:

A2.3.4.1. Impartial representative of the commander and IG.

A2.3.4.2. Unbiased and impartial fact finder.

A2.3.4.3. Gather documents and interview witnesses; analyze the relevant facts; and determine whether the allegation(s) are substantiated or not based on a preponderance of the evidence.

A2.3.4.4. Your conclusion will be documented in a report of investigation for the appointing authority to approve after it receives an IG and legal review.

A2.3.5. Explain the role they play in the investigation:

A2.3.5.1. Their statements are valuable as a first person account of the circumstances surrounding the allegations and are invaluable to you to ensure that all the facts are uncovered.

A2.3.5.2. Their testimony, or any witness testimony, will be used within the Department of Defense for official purposes.

A2.3.5.3. It is Department of the Air Force policy to keep such information and reports closely held. Nonetheless, in some instances, there may be public disclosure of IG materials, as required by the Freedom of Information Act, Privacy Act, or as otherwise provided for by law and regulations. In most cases, their identity will be redacted but there is a chance it could be released. Any release outside the Department of the Air Force requires the approval of SAF/IG, and in such cases, release (when unavoidable) is kept to the minimum necessary to satisfy legal or Department of the Air Force requirements.

A2.3.5.4. Advise the witness of the general nature of the allegations under investigation. To the maximum extent possible, you should protect the identifying information of complainants, subjects, and suspects.

A2.3.6. If there are any other individuals in the interview, explain their role and ensure the witness knows that you are the investigating officer and responsible for the interview.

A2.4. Read-In. The read-in as well as the read-out are required to be verbatim. This may be uncomfortable as you will be referring to your script and not maintaining constant eye contact. Assure them that the questioning will flow more naturally.

A2.4.1. Explain that during the Read-In, you will be asking them to provide personal information about themselves--name, address, etc. The Privacy Act of 1974 requires that the investigating officer inform the witness of the requirement to gather this information and how it will be used. Let them read the Privacy Act statement during the Pre- Interview and explain that you will confirm that they have read the statement and have no questions.

A2.4.2. They will be answering questions under oath. Ask if they prefer to use swear or affirm. This is a good time to mark through the other option on the read-in and remember that if they elect to affirm, also strike the words, “ So help me God.”

A2.4.3. Inform them that you will be telling them that as a witness, they are not authorized to have legal counsel with them. Inform reprisal and restriction case complainants and witnesses who are victims of sexual assault of their right to have a Victims’ Counsel (VC) present prior to conducting an interview. The VC may advise and provide counsel to the complainant or witness, but may not answer questions on behalf of the complainant or witness. The complainant or witness may request a pause in the recorded interview in order to discuss matters with the VC.

A2.4.4. Advise all witnesses they are not authorized to record the interview in any manner.

A2.5. Questioning. Briefly tell them your note taking technique and remind them that the interview is being recorded so you’ll use that as the primary source of information. Too much note taking detracts from maintaining eye contact and being part of the interview while taking no notes can be perceived as not thinking what the witness says is important. Discussing this before will help to alleviate these perceptions.

A2.5.1. The questions should be non-adversarial and designed to elicit information, not to get a confession. Do not ask leading questions; let them talk; don’t fill in answers or lead them to answers you want to hear.

A2.5.2. Inform the witness that this is an administrative investigation and both hearsay and opinion may be used in your evaluation of the facts but you will be validating the information through additional interviews and documentation.

A2.5.3. If you use interim summaries, explain that to the witness before starting the interview. Be sure that they know you are not attempting to put words in their mouth but rephrasing to ensure you understand what they are communicating. This technique also allows you to listen to your summary and may point out an inconsistency or gap in their answers.

A2.5.4. Assure them that often in an interview, a person may draw a blank or not recall certain facts. You’ll note this and come back to it later in the interview. Also, they will have an opportunity to provide additional information if they recall it later but you will have to have that information soon in order to incorporate it in your report.

A2.6. Read-Out. During the read-out, explain that you will order (or direct for USAFR/ANG personnel and civilian employees not subject to the UCMJ) that they not discuss the interview with anyone except a chaplain, member of congress, an IG, or their counsel (if they have one). Reiterate that they are not the subject of the investigation and are not authorized to have counsel but if they decide to talk to a lawyer, they may discuss the interview. Explain that you will be asking them at the end of the Read-Out if they are stressed. The Department of the Air Force hand-off requires that any witness appearing to be emotional, distraught, or stunned during the process of any interview must be released to the commander or designee, civilian leading an organization designated as a unit IAW AFI 38-101 or designee, first sergeant, or supervisor.

A2.7. Witness Read-In (Recorder is ON): Use the template below:

“The time is now _____ on _____ (day, month, year). Persons present are the witness _____, the investigating officer(s) _____ [recorder(s) (if present)] _____

[and (others)(if present)] _____. We are located at

_____.
My name is _____. I have been appointed by _____ to investigate allegations that _____ to which you may have been a witness.

During the course of this interview, I will ask you to furnish information about yourself. The Privacy Act of 1974 requires that I inform you of the authority for this requirement. The statement, which I am handing you, serves this purpose. (hand statement to witness). Please read the statement at this time.

Your testimony will be recorded and transcribed so that a written report can be made available to the appointing authority, _____ (name of appointing authority).

Please answer each question verbally, since the recorder cannot pick up any nods or gestures. Additionally, all your statements will be on-the-record, whether the recorder is turned on or not. Because this is simply a witness interview, you are not authorized to have legal counsel present, and DAFI 90-301 mandates that you answer all questions except those that may incriminate you. However, if you are the victim of a sexual assault, you may have a Victims' Counsel present to provide counsel during this interview. Do you wish to have a Victims' Counsel present?"

Note: Be sure the complainant's response is captured on tape. If a VC is requested and is present for the interview, have the VC state his/her rank, name and organization on tape. If a VC is requested and not present, reschedule the interview.

A2.8. Oath. Have the witness swear or affirm using the oath below:

"Before we continue, I want to remind you how important it is to give truthful testimony. It is a violation of federal law to knowingly make a false official statement under oath. Now, as a part of our interview process, I will administer the oath.

Please raise your right hand so that I can swear you in:

Do you solemnly swear (or affirm) that the testimony you are about to give shall be the truth, the whole truth, and nothing but the truth (so help you God)? (Note: If the interviewee prefers to affirm, the verbiage "so help you God" is not used. Determine the interviewee's preference before giving the oath)

Please state for the record your:

Full name: (spell it out)

Grade: (Active, Reserve, Retired)

Organization:

Position:

Address: (home or office)

A2.9. Questioning the Witness (Recorder is ON).

A2.9.1. The following are some items for consideration as you prepare for the questioning part of the interview:

A2.9.2. Describe the general nature of the relevant allegations. Do not read the allegations verbatim. Only refer to the allegation(s) relevant to the particular witness. Never identify the complainant.

A2.9.3. Proceed with questions necessary to obtain all direct knowledge of the matters under investigation. If a witness refuses to answer questions based on self-incrimination or any other reason, stop the interview and consult with the IG and legal advisor on how to proceed.

A2.9.4. Be prepared for the witness to diverge from the question. You can allow some divergence but remember that you are the interviewer and control the session. Be sure that you get an answer to your question and not let the witness escape answering. If necessary, repeat the question.

A2.9.5. Take notes of items that you need, or want, to re-address later in the interview as well as documentation that the witness does not have with them.

A2.9.6. Be sensitive to the need for a break during an extended interview. The length between breaks is dependent on the flow of the interview but normally an hour is a good target. Ensure that you capture the time of the break before turning off the recorder then don't forget to restart the recorder when the interview continues and remind the witness that he/she is still under oath.

A2.9.7. Ask these follow-up questions: "Do you have any further information, statements, or evidence, which you wish to present concerning the matters we have discussed?" and "Do you know of anyone else who can provide further information concerning these issues?"

A2.10. Witness Read-Out (Recorder is ON). Read the following verbatim:

This is an official investigation. It is protected in the sense that my report will be made to the appointing authority of higher authority for such use as deemed appropriate.

You are ordered (or "directed for USAFR/ANG persons and civilian employees not subject to the UCMJ or "requested" for contract employees or civilians not employed by the federal government) not to divulge the nature of this investigation or the questions, answers, or discussions included in this interview with anyone except a chaplain, member of Congress, IG, union representative (for civilian employees only), or your counsel, if you have one, unless authorized to do so by the appointing authority, higher authority, or me.

If anyone should approach you regarding your testimony or the matters discussed here, you are required to report it immediately to me or (state the name of the IG and the appointing authority).

Per DAFI 90-301, I, as the investigating officer, am prohibited from providing a copy of your testimony to you. However, you may submit a request in writing for the report or any part thereof to the IG office or the appropriate FOIA office. The release authority will evaluate your request under both the Freedom of Information Act and the Privacy Act and provide the releasable information to you.

You may submit additional relevant information for my consideration, but if you wish me to consider the additional information before my investigation closes, I must receive that information on or before _____ (insert date).

If you are under stress related to this interview, you may seek assistance from your supervisory channel, the mental health community, or you may contact either the IG or me and arrangements will be made for you to receive assistance.

Do you have any questions?

The time is _____. This concludes the interview. Thank you.

Note: The witness may recall additional information or want to discuss the circumstances further after the recorder is off. Remind them that anything they say is on the record, even if the recorder is off. If you believe the information is essential to your investigation, inform the witness that you will be re-starting the recorder. It is OK to use an abbreviated read-in but ensure that they understand they are still under oath and explain the circumstances under which the interview was re-initiated.

Attachment 3

SUBJECT INTERVIEW FORMAT

Note: This interview format is for use with witnesses who are subjects and NOT suspects.

A3.1. Prior to Subject Arriving. Arrive early to work with your IG POC to ensure that the interview room is ready. Here are some recommended items to go over:

A3.1.1. A good practice is to add your questions to this template and use it as your note taker.

A3.1.2. Discuss with your legal advisor the potential for rights advisement as well as bargaining unit representation as applicable. Ensure you understand what may trigger the change from a subject to a suspect and know what to do at that point.

A3.1.3. Ensure that you have readily available a copy of the Privacy Act Statement for the subject to review and other documents that you may want to refer to or have the subject review.

A3.1.4. Have tissues on hand in the event the subject becomes emotional and water for yourself and the subject, if desired.

A3.1.5. Ops check the recorder(s) one more time.

A3.1.6. Ensure that the phones are turned off or being answered by someone in the IG office.

A3.1.7. Place a “Do Not Disturb - Interview in Progress” sign on the door.

A3.1.8. Have pens, pencils, note paper available and handy.

A3.1.9. Ensure that you have coordinated the hand-off with the commander or designee for all initial interviews of the subject.

A3.1.9.1. These referrals require a person-to-person contact between the IO and the subject’s commander or designee, civilian leading an organization designated as a unit IAW AFI 38-101 or designee, first sergeant, or supervisor.

A3.1.9.2. The person designated to receive the subject after the interview should be directed not to discuss the interview or other aspects of the investigation with the subject. They should also be informed if the subject invoked his/her right to remain silent and that further discussion could violate the subject’s Article 31 rights.

A3.1.9.3. The IO must document the hand-off within the report of investigation.

A3.2. Interview Structure. The interview is conducted in four parts: Pre-Interview, Read-In, Questioning, and Read-out. These are expanded below.

A3.3. Pre-Interview (Recorder is OFF). The Pre-Interview is an opportunity for the investigating officer to relay to the subject what they can expect during the interview. It relaxes the subject and eases some of the apprehension that they feel. It also starts the bonding process between you as the investigating officer and them as the subject.

A3.3.1. The first step is to use small talk to relax the subject. Remember that the subject has been previously notified by the commander that they are the subject of an investigation but several days or weeks may have elapsed since that notification. They will most likely be nervous about the exact allegations and anxious at the same time to tell their side of the story.

A3.3.2. More often than not, the subject's attention will be drawn to the recorder. This is a good time to acknowledge that the interview will be recorded to ensure that an accurate record of the interview is captured. The recording will be transcribed or summarized and included in the report of investigation that you will prepare. If the individual does not focus on the recorder at first, be sure to address its use later in the Pre-Interview portion.

A3.3.3. Ask for some identification to verify the subject is who you are expecting. At the same time, show the subject your ID card and appointment letter (but not the attached page with the allegations). Explain that you will be going into more detail as you start the interview.

A3.3.4. Explain your role as the investigating officer. Below are some suggested areas to cover:

A3.3.4.1. Impartial representative of the commander and IG.

A3.3.4.2. Unbiased and impartial fact finder.

A3.3.4.3. Gather documents and interviewing several witnesses; analyze all the relevant facts; and determine whether the allegation(s) are substantiated or not based on a preponderance of the evidence.

A3.3.4.4. Your conclusion will be documented in a report of investigation for the appointing authority to approve after it receives an IG and legal review.

A3.3.5. Explain the role they play in the investigation:

A3.3.5.1. This is their opportunity to provide their side of the situation and reasons for their actions.

A3.3.5.2. Their testimony, or any subject testimony, will be used within the Department of Defense for official purposes.

A3.3.5.3. It is Department of the Air Force policy to keep such information and reports closely held. Nonetheless, in some instances, there may be public disclosure of IG materials, as required by the Freedom of Information Act, Privacy Act, or as otherwise provided for by law and regulations. In most cases, their identity will be redacted but there is a chance it could be released. Any release outside the Department of the Air Force requires the approval of SAF/IG, and in such cases, release (when unavoidable) is kept to the minimum necessary to satisfy legal or Department of the Air Force requirements.

A3.3.6. If there are any other individuals in the interview, explain their role and ensure the subject knows that you are the investigating officer and responsible for the interview.

A3.4. Read-In. The read-in as well as the read-out are required to be verbatim. This may be uncomfortable as you will be referring to your script and not maintaining constant eye contact. Assure them that the questioning will be freer flowing.

A3.4.1. Explain that during the Read-In, you will be asking them to provide personal information about themselves--name, address, Social Security Number, etc. The Privacy Act of 1974 requires that the investigating officer inform the subject of the requirement to gather this information and how it will be used. Let them read the Privacy Act statement during the Pre- Interview and explain that you will confirm that they have read the statement and have no questions.

A3.4.2. They will be answering questions under oath. Ask if they prefer to use swear or affirm. This is a good time to mark through the other option on the read-in and remember that if they elect to affirm, also strike the words, “so help me God.”

A3.4.3. Inform them that you will be telling them that as a subject, they are not authorized to have legal counsel with them. The subject may ask you if they should confer with an attorney before the interview but it is not your place to advise them. Inform reprisal and restriction case subjects who are victims of sexual assault of their right to have a Special Victims’ Counsel (VC) present prior to conducting an interview. The VC may advise and provide counsel to the complainant or witness, but may not answer questions on behalf of the complainant or witness. The subject may request a pause in the recorded interview in order to discuss matters with the VC.

A3.4.4. IOs will advise subjects of the allegation(s) under investigation. The IO will read the allegations verbatim to the subject. For reprisal and restriction cases, inform the subject that if reprisal or restriction is not substantiated, the IO will analyze the allegation to determine if an abuse of authority occurred.

A3.4.5. Advise the subject they are not authorized to record the interview in any manner.

A3.5. Questioning. Briefly tell them your note taking technique and remind them that the interview is being recorded so you’ll use that as the primary source of information. Too much note taking detracts from maintaining eye contact and being part of the interview while taking no notes can be perceived as not thinking what the subject says is important. Discussing this in advance will help to alleviate these perceptions.

A3.5.1. The questions should be non-adversarial and designed to elicit information, not to get a confession.

A3.5.2. Inform the subject that this is an administrative investigation and both hearsay and opinion may be used in your evaluation of the facts but you will be validating the information through additional interviews and documentation.

A3.5.3. If you use interim summaries, explain that to the subject before starting the interview. Be sure that they know you are not attempting to put words in their mouth but rephrasing to ensure you understand what they are communicating. This technique also allows you to listen to your summary and may point out an inconsistency or gap in their answers.

A3.5.4. Assure them that often in an interview, a person may draw a blank or not recall certain facts. You’ll note this and come back to it later in the interview. Also, they will have an opportunity to provide additional information if they recall it later but you will have to have that information soon in order to incorporate it in your report.

A3.5.5. At the end of the questioning, they will be afforded an opportunity to make further comments.

A3.6. Read-Out. During the read-out, explain that you will order (or direct for USAFR/ANG persons and civilian employees not subject to the UCMJ) that they not discuss the interview with anyone except a chaplain, member of Congress, IG, union representative (civilian personnel only), or their counsel (if they have one). Explain that Department of the Air Force hand off policy requires that all subjects must be released to the commander or designee, civilian leading an organization designated as a unit IAW AFI 38-101 or designee, first sergeant, or supervisor.

Inform the subject that this has been coordinated and give them the name of the person to whom they will be released.

A3.7. Subject Read-In (Recorder is ON). Use the template below:

“The time is now _____ on _____ (day, month, year). Persons present are the subject _____, the investigating officer(s) _____ [recorder(s) (if present)] _____ [and (others)(if present)] _____. We are located at _____.

My name is _____. I have been appointed by _____ to investigate allegations that you may have _____)(read all allegations verbatim but do not disclose the complainant. If allegation is reprisal or restriction add:) IAW DAFI 90-301, not substantiated allegations of reprisal/restriction will be analyzed and/or investigated as an abuse of authority.

If you desire, during this interview, you may comment on this information to give your side of the story. You may also show me evidence to contradict or explain the allegations.

During the course of this interview, I will ask you to furnish information about yourself. The Privacy Act of 1974 requires that I inform you of the authority for this requirement. The statement, which I am handing you, serves this purpose. (hand statement to witness). Please read the statement at this time.

Your testimony will be recorded and transcribed so that a written report can be made available to the appointing authority, _____ (name of appointing authority).

Please answer each question verbally, since the recorder cannot pick up any nods or gestures. Additionally, all your statements will be on-the-record, whether the recorder is turned on or not.”

RIGHTS ADVISEMENT

(1) For active duty personnel and USAFR/ANG personnel subject to the UCMJ:

“At this time, you are NOT suspected of any offense under the Uniform Code of Military Justice (UCMJ), federal, or local law. Therefore, you are not authorized to have legal counsel present, and I am not advising you of your Article 31 rights. In addition, DAFI 90-301 mandates that you answer all questions except those that may incriminate you.”

(2) For subjects NOT subject to the UCMJ at the time of the interview (USAFR/ANG personnel not on Title 10 orders):

“This is a non-custodial interview. You are NOT suspected of any criminal act at this time. While you have a duty to assist in this investigation and DAFI 90-301 mandates that you answer all questions except those that may incriminate you, you will not be kept here involuntarily”.

“Kalkines/Garrity” warnings are required to be given to civilian subjects being interviewed in an IG investigation. Consult your legal advisor with questions concerning rights advisement. The following would be appropriate:

“You are being asked to provide information as part of an administrative investigation. This is a voluntary interview, and you will not be kept here involuntarily. You have the right to be fully informed of any allegations against you. You have the right not to answer a question if the answer would be self-incriminating. No disciplinary action will be taken against you solely for refusing to answer questions. However, the evidentiary value of your silence may be considered in administrative proceedings as part of the facts surrounding your case.”

A3.8. Oath. Have the witness swear or affirm using the oath below:

“Before we continue, I want to remind you how important it is to give truthful testimony. It is a violation of federal law to knowingly make a false official statement under oath. Now, as a part of our interview process, I will administer the oath.

Please raise your right hand so that I can swear you in:

Do you solemnly swear (or affirm) that the testimony you are about to give shall be the truth, the whole truth, and nothing but the truth (so help you God)? (**Note:** If the interviewee prefers to affirm, the verbiage “so help you God” is not used. Determine the interviewee’s preference before giving the oath)

Please state for the record your:

Full name: (spell it out)

Grade: (Active, Reserve, Retired)

Organization:

Position:

Address: (home or office)

A3.9. Questioning the Subject (Recorder is ON). Advise the subject of the nature of the allegations against him/her, reading the framed allegations verbatim.

A3.9.1. Proceed with questions necessary to obtain all direct knowledge of the matters under investigation. If a subject refuses to answer questions based on self-incrimination or any other reason, stop the interview and consult with the IG and legal advisor on how to proceed.

A3.9.2. Be prepared for the subject to diverge from the question. You can allow some divergence but remember that you are the interviewer and control the session. Be sure that you get an answer to your question and not let the subject escape answering. If necessary, repeat the question.

A3.9.3. Take notes of items that you need, or want, to re-address later in the interview as well as documentation that the subject does not have with them.

A3.9.4. Be sensitive to the need for a break during an extended interview. The length between breaks is dependent on the flow of the interview but normally an hour is a good target. Ensure that you capture the time of the break before turning off the recorder then don’t forget to restart the recorder when the interview continues and remind the subject that he/she is still under oath..

A3.9.5. At the conclusion of the interrogatories, ask “Do you have any further information, statements, or evidence, which you wish to present concerning the matters we have discussed?” and “Do you know of anyone else who can provide further information concerning these issues?”

A3.10. Subject Read-Out (Recorder is ON). Read the following verbatim:

“This is an official investigation. It is protected in the sense that my report will be made to the appointing authority of higher authority for such use as deemed appropriate.

You are ordered (or “directed for USAFR/ANG persons and civilian employees not subject to the UCMJ) not to divulge the nature of this investigation or the questions, answers, or discussions included in this interview with anyone except a chaplain, member of Congress, IG, union

representative (for civilian employees only), or your counsel, if you have one, unless authorized to do so by the appointing authority, higher authority, or me.

If anyone should approach you regarding your testimony or the matters discussed here, you are required to report it immediately to me or (state the name of the IG and the appointing authority).

Per DAFI 90-301, I, as the investigating officer, am prohibited from providing a copy of your testimony to you. However, if I substantiate any allegation, the appointing authority will provide you a copy of the relevant portions of the report as well as your testimony, and allow you to make comments. Otherwise, you may submit a request in writing for the report or any part thereof to the IG office or the appropriate FOIA office. The release authority will evaluate your request under both the Freedom of Information Act and the Privacy Act and provide the releasable information to you. If this report becomes the basis of an adverse action against you, you will automatically be provided the portions you are entitled to IAW DAFI 90-301.

You may submit additional relevant information for my consideration, but if you wish me to consider the additional information before my investigation closes, I must receive that information on or before _____ (insert date).

In accordance with the Department of the Air Force hand-off procedures, I must personally refer you to your commander or designee, civilian leading an organization as a unit IAW AFI 38-101 or designee, first sergeant, or supervisor at the conclusion of this interview. I have coordinated this requirement with your commander and _____ (state the name of the individual who will accomplish the person-to-person hand-off) will meet you here as we conclude the interview.

Do you have any questions?

The time is _____. This concludes the interview. Thank you.”

Note: The subject may recall additional information or want to discuss the circumstances further after the recorder is off. Remind them that anything they say is on the record, even if the recorder is off. If you believe the information is essential to your investigation, inform the subject that you will be re-starting the recorder. It is OK to use an abbreviated read-in but ensure that they understand they are still under oath and explain the circumstances under which the interview was re-initiated.

A3.11. Hand-off. Document the hand-off at the end of the interview. Include your perception of their emotional state, who was designated to meet them, their position, and the time of the hand-off.

Attachment 4

SUSPECT INTERVIEW FORMAT

Note: This interview format is for use with witnesses who are suspects and NOT subjects.

A4.1. Prior to Suspect Arriving. Arrive early to work with your IG POC to ensure that the interview room is ready. Here are some recommended items to go over:

A4.1.1. A good practice is to add your questions to this template and use it as your note taker.

A4.1.2. Ensure that you have readily available a copy of the Privacy Act Statement for the suspect to review and other documents that you may want to refer to or have the suspect review.

A4.1.3. Have an Article 31 Rights Advisement card or statement with the proper allegations filled in. Consult with the legal advisor to ensure you do this right. Also discuss with your legal advisor the procedures if the suspect initially elects to confer with a lawyer and then returns to continue the interview or the suspect's lawyer is present during the interview.

A4.1.4. Have tissues on hand in the event the suspect becomes emotional and water for yourself and the suspect, if desired.

A4.1.5. Ops check the recorder(s) one more time.

A4.1.6. Ensure that the phones are turned off or being answered by someone in the IG office. G. Place a "Do Not Disturb - Interview in Progress" sign on the door.

A4.1.7. Have pens, pencils, note paper available and handy.

A4.1.8. Ensure that you have coordinated the hand-off with the commander or designee for all initial interviews of the suspect.

A4.1.8.1. These referrals require a person-to-person contact between the IO and the suspect's commander or designee, civilian leading an organization designated as a unit IAW AFI 38-101 or designee, first sergeant, or supervisor.

A4.1.8.2. The person designated to receive the suspect after the interview should be directed not to discuss the interview or other aspects of the investigation with the suspect. They should also be informed if the suspect invoked his/her right to remain silent and that further discussion could violate the suspect's Article 31 rights.

A4.1.8.3. The IO must document the hand-off within the report of investigation.

A4.2. Interview Structure. The interview is conducted in four parts: Pre-Interview, Read-In, Questioning, and Read-out. These are expanded below.

A4.3. Pre-Interview (Recorder is OFF). The Pre-Interview is an opportunity for the investigating officer to relay to the suspect what they can expect during the interview. It relaxes the suspect and eases some of the apprehension that they feel. It also starts the bonding process between you as the investigating officer and them as the suspect.

A4.3.1. The first step is to use small talk to relax the suspect. Remember that the suspect has been previously notified by the commander that they are the suspect of an investigation but several days or weeks may have elapsed since that notification. They will most likely be nervous about the exact allegations and anxious at the same time to tell their side of the story.

A4.3.2. More often than not, the suspect's attention will be drawn to the recorder. This is a good time to acknowledge that the interview will be recorded to ensure that an accurate record of the interview is captured. The recording will be transcribed or summarized and included in the report of investigation that you will prepare. If the individual does not focus on the recorder at first, be sure to address its use later in the Pre-Interview portion.

A4.3.3. Ask for some identification to verify the suspect is who you are expecting. At the same time, show the suspect your ID card and appointment letter (but not the attached page with the allegations). Explain that you will be going into more detail as you start the interview.

A4.3.4. Explain your role as the investigating officer. Below are some suggested areas to cover:

A4.3.4.1. Impartial representative of the commander and IG.

A4.3.4.2. Unbiased and impartial fact finder.

A4.3.4.3. Gather documents and interviewing several witnesses; analyze all the relevant facts; and determine whether the allegation(s) are substantiated or not based on a preponderance of the evidence.

A4.3.4.4. Your conclusion will be documented in a report of investigation for the appointing authority to approve after it receives an IG and legal review.

A4.3.5. Explain the role they play in the investigation:

A4.3.5.1. This is their opportunity to provide their side of the situation and reasons for their actions.

A4.3.5.2. Their testimony, or any suspect testimony, will be used within the Department of Defense for official purposes.

A4.3.5.3. It is Department of the Air Force policy to keep such information and reports closely held. Nonetheless, in some instances, there may be public disclosure of IG materials, as required by the Freedom of Information Act, Privacy Act, or as otherwise provided for by law and regulations. In most cases, their identity will be redacted but there is a chance it could be released. Any release outside the Department of the Air Force requires the approval of SAF/IG, and in such cases, release (when unavoidable) is kept to the minimum necessary to satisfy legal or Department of the Air Force requirements.

A4.3.6. If there are any other individuals in the interview, explain their role and ensure the suspect knows that you are the investigating officer and responsible for the interview.

A4.4. Read-In. The read-in as well as the read-out are required to be verbatim. This may be uncomfortable as you will be referring to your script and not maintaining constant eye contact. Assure them that the questioning will be freer flowing.

A4.4.1. Explain that during the Read-In, you will be asking them to provide personal information about themselves--name, address, Social Security Number, etc. The Privacy Act of 1974 requires that the investigating officer inform the suspect of the requirement to gather this information and how it will be used. Let them read the Privacy Act statement during the Pre- Interview and explain that you will confirm that they have read the statement and have no questions.

A4.4.2. Inform the suspect you will read them their rights (see [paragraph A4.8.](#)). Inform them that you will be telling them that as a suspect, they are authorized to have legal counsel with them. The suspect may ask you if they should confer with an attorney before the interview but it is not your place to advise them. If the suspect invokes their rights and refuses to continue the interview, terminate the interview and consult your legal advisor.

A4.4.3. They will be answering questions under oath. Ask if they prefer to use swear or affirm. This is a good time to mark through the other option on the read-in and remember that if they elect to affirm, also strike the words, “so help me God.”

A4.4.4. IOs will advise suspects of the allegation(s) under investigation. The IO will read the allegations verbatim to the suspect. For reprisal and restriction cases, inform the subject that if reprisal or restriction is not substantiated, the IO will analyze the allegation to determine if an abuse of authority occurred.

A4.4.5. Advise the suspect they are not authorized to record the interview in any manner.

A4.5. Questioning. Briefly tell them your note taking technique and remind them that the interview is being recorded so you’ll use that as the primary source of information. Too much note taking detracts from maintaining eye contact and being part of the interview while taking no notes can be perceived as not thinking what the suspect says is important. Discussing this before will help to alleviate these perceptions

A4.5.1. The questions should be non-adversarial and designed to elicit information, not to get a confession.

A4.5.2. Inform the suspect that this is an administrative investigation and both hearsay and opinion may be used in your evaluation of the facts but you will be validating the information through additional interviews and documentation.

A4.5.3. If you use interim summaries, explain that to the suspect before starting the interview. Be sure that they know you are not attempting to put words in their mouth but rephrasing to ensure you understand what they are communicating. This technique also allows you to listen to your summary and may point out an inconsistency or gap in their answers

A4.5.4. Assure them that often in an interview, a person may draw a blank or not recall certain facts. You’ll note this and come back to it later in the interview. Also, they will have an opportunity to provide additional information if they recall it later but you will have to have that information soon in order to incorporate it in your report.

A4.5.5. At the end of the questioning, they will be afforded an opportunity to make further comments.

A4.6. Read-Out. During the read-out, explain that you will order (or direct) that they not discuss the interview with anyone except a chaplain or their counsel (if they have one). Explain that the Department of the Air Force hand-off procedure requires that all suspects must be released to the commander or designee, civilian leading an organization designated as a unit IAW AFI 38-101 or designee, first sergeant, or supervisor. Inform the suspect that this has been coordinated and give them the name of the person to whom they will be released.

A4.7. Suspect Read-In (Recorder is ON). Use the template below:

“The time is now _____ on _____ (day, month, year). Persons present are the subject _____, the investigating officer(s) _____ [recorder(s) (if present)] _____ [and (others)(if present)] _____. We are located at _____.

My name is _____. I have been appointed by _____ to investigate allegations that you may have _____)(read all allegations verbatim but do not disclose the complainant. If allegation is reprisal or restriction add:) IAW DAFI 90-301, not substantiated allegations of reprisal/restriction will be analyzed and/or investigated as an abuse of authority.

If you desire, during this interview, you may comment on this information to give your side of the story. You may also show me evidence to contradict or explain the allegations.

During the course of this interview, I will ask you to furnish information about yourself. The Privacy Act of 1974 requires that I inform you of the authority for this requirement. The statement, which I am handing you, serves this purpose. (hand statement to witness). Please read the statement at this time.

Your testimony will be recorded and transcribed so that a written report can be made available to the appointing authority, _____ (name of appointing authority).

Please answer each question verbally, since the recorder cannot pick up any nods or gestures. Additionally, all your statements will be on-the-record, whether the recorder is turned on or not.”

A4.8. Rights Advisement. Two categories of rights advisement are included below for suspect interviews. The first is for active duty personnel and USAFR/ANG subject to the UCMJ. The second category is for civilians and USAFR/ANG personnel not subject to the UCMJ.

A4.8.1. For active duty personnel and USAFR/ANG personnel subject to the UCMJ:

Before we begin our discussion, I want to make clear that you have the following rights:

Under Article 31 of the UCMJ: I am investigating the alleged offense(s) of _____ of which you are suspected. I advise you that under the provisions of Article 31, UCMJ, you have the right to remain silent, that is say nothing at all. Any statement you make, oral or written, may be used as evidence against you in a trial by court-martial or in other judicial or administrative proceedings. You have the right to consult a lawyer and to have a lawyer present during this interview. You have the right to military legal counsel free of charge. In addition to military counsel, you are entitled to civilian counsel of your own choosing, at your own expense. You may request a lawyer at any time during this interview. If you decide to answer questions without a lawyer present, you may stop the questioning at any time.

Do you understand your rights?

Do you want a lawyer? (If yes, stop the interview at this time and allow the suspect to contact his/her lawyer)

Advise the subject of the nature of the allegations against him/her, reading the framed allegations verbatim

Are you willing to answer questions?

Proceed to the oath

A4.8.2. For suspects NOT subject to the UCMJ at the time of the interview (i.e., Civilians, and USAFR/ANG personnel (depending on status), etc.). Regardless of whether a collective bargaining agreement applies, civilians, Reserve, and Air National Guard personnel should be advised of the following:

This is a non-custodial interview. While you have a duty to assist in this investigation and may face adverse administrative action for failing to cooperate, you will not be kept here involuntarily. You also have a right not to answer questions that are self-incriminating. You have a right to be fully informed of any allegations that have been made against you.

Do you understand your rights?

Are you willing to answer questions?

Proceed to the oath

A4.9. OATH. Have the witness swear or affirm using the oath below:

“Before we continue, I want to remind you how important it is to give truthful testimony. It is a violation of federal law to knowingly make a false official statement under oath. Now, as a part of our interview process, I will administer the oath.

Please raise your right hand so that I can swear you in:

Do you solemnly swear (or affirm) that the testimony you are about to give shall be the truth, the whole truth, and nothing but the truth (so help you God)? (Note: If the interviewee prefers to affirm, the verbiage “so help you God” is not used. Determine the interviewee’s preference before giving the oath)

Please state for the record your:

Full name: (spell it out)

Grade: (Active, Reserve, Retired)

Organization:

Position:

Address: (home or office)

A4.10. Questioning the Suspect (Recorder is ON). Proceed with questions necessary to obtain all direct knowledge of the matters under investigation.

A4.10.1. Be prepared for the suspect to diverge from the question. You can allow some divergence but remember that you are the interviewer and control the session.

A4.10.2. Be sure that you get an answer to your question and not let the suspect escape answering. If necessary, repeat the question.

A4.10.3. Take notes of items that you need, or want, to re-address later in the interview as well as documentation that the suspect does not have with them.

A4.10.4. Be sensitive to the need for a break during an extended interview. The length between breaks is dependent on the flow of the interview but normally an hour is a good target. Ensure that you capture the time of the break before turning off the recorder then don’t forget to restart the recorder when the interview continues and remind the suspect that he/she is still under oath..

A4.10.5. At the conclusion of the interrogatories, ask: “Do you have any further information, statements, or evidence, which you wish to present concerning the matters we have discussed?” and “Do you know of anyone else who can provide further information concerning these issues?”

A4.11. Suspect Read-Out (Recorder is ON). Read the following verbatim:

“This is an official investigation. It is protected in the sense that my report will be made to the appointing authority of higher authority for such use as deemed appropriate.

You are ordered (or “directed for USAFR/ANG persons and civilian employees not subject to the UCMJ) not to divulge the nature of this investigation or the questions, answers, or discussions included in this interview with anyone except a chaplain, member of Congress, IG, union representative (for civilian employees only), or your counsel, if you have one, unless authorized to do so by the appointing authority, higher authority, or me.

The release authority will evaluate your request under both the Freedom of Information Act and the Privacy Act and provide the releasable information to you. If this report becomes the basis of an adverse action against you, you will automatically be provided the portions you are entitled to IAW DAFI 90-301.

You may submit additional relevant information for my consideration, but if you wish me to consider the additional information before my investigation closes, I must receive that information on or before _____ (insert date).

In accordance with the Department of the Air Force hand-off procedures, I must personally refer you to your commander or designee, civilian leading an organization as a unit IAW AFI 38-101 or designee, first sergeant, or supervisor at the conclusion of this interview. I have coordinated this requirement with your commander and _____ (state the name of the individual who will accomplish the person-to-person hand-off) will meet you here as we conclude the interview.

Do you have any questions?

The time is _____. This concludes the interview. Thank you.”

Note. The suspect may recall additional information or want to discuss the circumstances further after the recorder is off. Remind them that anything they say is on the record, even if the recorder is off. If you believe the information is essential to your investigation, inform the suspect that you want will be re-starting the recorder. A4.12. Hand-off. Document the hand-off at the end of the interview. Include your perception of their emotional state, who was designated to meet them, their position, and the time of the hand-off.
