## Storm Data and Unusual Weather Phenomena - December 2014

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
	12/23/14 20:30 CST		0	Flood (due to Heavy Rain)
	12/23/14 23:30 CST		0	Source: Emergency Manager

Moderate rainfall caused additional roads to flood and become impassable in the town of Vernon.

**A deep upper level trough over the Plains States produced a large area of forcing over the Central Gulf Coast Region. A stationary warm front was located across southwest Alabama during the morning hours. As the warm front lifted northward during the day, warm and unstable gulf moisture spread northward into Central Alabama.**

---

### JEFFERSON COUNTY --- 0.8 E ACIPCO [33.52, -86.81]

12/27/14 22:00 CST	0	Heavy Rain
12/28/14 01:00 CST	0	Source: Amateur Radio

Several roads in the downtown area of Birmingham were covered in water due to poor drainage.

---

### JEFFERSON COUNTY --- (BHM)BIRMINGHAM ARPT [33.57, -86.75], 0.8 WNW WYLAM [33.51, -86.94], 1.3 NE MIMS [33.49, -86.83], 0.3 NNW GATE CITY [33.53, -86.73]
