Flash flooding prompted the barricading of the intersection of Cliffs Cove Blvd at Hughes Road in Madison.

A strong storm system moved through the area from the early morning and into the mid afternoon hours on the 19th. The system produced strong winds, which resulted in a few trees being downed by high gradient winds. There was also a couple of reports of flooding due to the heavy rainfall that occurred.

ALABAMA, Southeast

HENRY COUNTY --- 0.1 SSE HEADLAND [31.35, -85.34], 0.1 ESE HEADLAND [31.35, -85.34]				
	11/01/15 02:15 CST		20K	Thunderstorm Wind (EG 61 kt)
	11/01/15 02:15 CST		0	Source: Emergency Manager

Roofing material was blown off Headland High School and into portions of Headland Elementary School . The roofing material caused additional damage on the ground, including damaged power lines, a destroyed breezeway, and broken light poles. The material all blew off to the northeast suggesting straight line winds around 70 mph. No other significant damage was noted around the schools. Damage cost was estimated.

HOUSTON COUNTY --- 1.4 ENE HOLLIS DAIRY RD [31.24, -85.53], 1.7 ENE HOLLIS DAIRY RD [31.24, -85.52], 2.0 NE HOLLIS DAIRY RD [31.25, -85.53], 1.7 NE HOLLIS DAIRY RD [31.25, -85.53]				
	11/01/15 03:25 CST		0	Flash Flood (due to Heavy Rain)
	11/01/15 04:15 CST		0	Source: 911 Call Center

High water was reported flowing across Bay Springs Road.

A cold front moved into the tri-state area with heavy rainfall and some severe weather. In southeast Alabama, there was some flash flooding with 2.99 inches of rain recorded in one hour at the Dothan airport. In addition, strong straight line winds damaged the roof of the Headland high school and elementary school.
