Storm Data and Unusual Weather Phenomena - November 2017

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
A pecan tree was uprooted with large limbs snapped. A tin roof was torn off of a barn along Kasmeier Road in the Saint Florian area.				
COLBERT COUNTY --- 3.6 E CROOKED OAK [34.59, -87.74], 2.2 WNW LITTLEVILLE [34.59, -87.71]				
	11/18/17 17:01 CST		0	Tornado (EF1, L: 1.71 mi , W: 200 yd)
	11/18/17 17:04 CST		0	Source: NWS Storm Survey

The tornado touched down in the vicinity of Ligon Springs Road, about half a mile north of where Ligon Springs Road turns east. Multiple trees in this area were uprooted. The tornado then tracked almost due east. Where the tornado intersected Cook Creek Road, there were numerous trees uprooted and smaller trunks snapped. A house was also damaged on Cook Creek Road. The garage attached to the house was almost completely collapsed and was pulled away from the main house. The house also had some shingle and siding damage as well as the porch supports blown out. Multiple trees behind the home were uprooted and smaller trunks were snapped. The tornado continued to track east and cross the eastern portion of Ligon Springs Road. On this road, a small barn was mostly collapsed along with a few trees uprooted and lying across the road. No additional damage was found farther east.

COLBERT COUNTY --- 0.6 W LITTLEVILLE [34.58, -87.68]				
	11/18/17 17:05 CST		0.10K	Thunderstorm Wind (EG 43 kt)

A power pole was knocked down near the corner of Hatton School Road and East 2nd Street.				
LAWRENCE COUNTY --- 0.8 NE WOLF SPGS [34.61, -87.46], 2.4 SSW RIGDOM [34.62, -87.39]				
	11/18/17 17:18 CST		0	Tornado (EF1, L: 4.33 mi , W: 300 yd)
	11/18/17 17:24 CST		0	Source: NWS Storm Survey
<p>A tornado touched down on CR-140 and along a forested area just west of where CR-140 and AL Highway 157 intersect. Just east of Highway 157, a house had significant damage. The tin roof was peeled away from its wooden supports, some of which were broken. Large trees were snapped and uprooted and were laying in multiple directions. A well constructed sturdy barn with metal supports was completely mangled and collapsed. Debris from the barn and the house was tossed into the woods behind it and wrapped around trees. The tornado then tracked east, with a swath of damage bordering and along CR-140. The houses all along this road had shingle damage, as well as a few holes through the wood of the roof. Another house had an east facing door blown in with a back porch pulled away from another. One house in particular, along with roof damage, had a roof completely removed from a large car port with its supports pulled from the concrete. A trailer was also picked up and placed on top of a tractor. This house also had a row of trees completely snapped near the center of the tree. All along the road there were very large trees uprooted and trunks snapped. The tornado moved east through forested areas before impacting more houses along CR-449. One house had a window blown out and an interior door was twisted along with a small outbuilding collapsed. Next door, a mobile home had the tin peeled off and twisted and some thrown around trees. Siding on the back side was peeled off and the undercarriage was blown out in a few places. A standalone garage port was slightly shifted off its foundation with the doors blown in. Multiple trees were uprooted and snapped as well. The tornado crossed AL-101 uprooting trees. A mobile home had a few shingles missing along with a few trees uprooted and snapped were found near CR-256 and Broad Hollow Road. No damage was found east of this point.</p>				
LIMESTONE COUNTY --- ELKMONT [34.93, -86.98]				
	11/18/17 17:35 CST		0	Thunderstorm Wind (EG 52 kt)
