| | 04/22/21 08:00 CST | | 0 | |

Temperatures fell into the upper 20s to around 30 in northeast Alabama, with lower to middle 30s in northwest Alabama. Many rural areas experienced a freeze.

| | | | | |
|---|--------------------|--|----|-------------------------|
| (AL-Z002) COLBERT, (AL-Z006) MADISON, (AL-Z007) MORGAN | | | | |
| | 04/24/21 06:30 CST | | 1K | Strong Wind (MAX 35 kt) |
| | 04/24/21 08:30 CST | | 0 | |

A wake low developed on the back side of a complex of showers that moved through during the overnight and early morning hours of the 24th. From approximately 7:30 AM through 9:30 AM, easterly winds increased into the 25-30 mph range with gusts of 35 to 40 mph reported from parts of northwest through north central Alabama. The winds knocked down a few trees in Colbert, Morgan and Madison Counties, and knocked over tents that were being set up for the Panoply Art Festival in downtown Huntsville. Power outages were also reported in southwest Huntsville. In Morgan County at Decatur, the Morgan County Rescue Squad assisted fishing tournament participants on Wheeler Reservoir including several boats that tipped over by the gusty winds and rough water and three foot waves.

| | 04/24/21 06:55 CST | 2 | 0 | Source: NWS Storm Survey |
| An EF1 tornado touched down near CR 120 in Henry County with max winds estimated at 95 mph. The tornado moved quickly eastward, causing extensive tree damage. Numerous snapped and uprooted trees were observed. A mobile home was flipped on CR 12 near CR 53. Two injuries were reported at this location. Other minor damage to roofs and damage to outbuildings was noted in this area. The tornado dissipated as it crossed CR 61. The rating was determined from the extensive tree damage, the damage to the mobile home, and other minor damage to homes. | | | | |

| | 04/10/21 05:59 CST | | 0 | Source: Emergency Manager |

Recorded by weather flow site XGLF.

The active Spring storm season continued with another round of severe storms Friday night into Saturday. A strong storm system moved across the area. Ahead of this system, a very moist and unstable airmass developed, setting the stage for widespread severe storm development. Very cold temperatures in the mid levels of the atmosphere allowing very large hail to develop, including the largest hail stone ever recorded in Baldwin County. Along with the very large hail, damaging winds were also widespread.

MOBILE COUNTY --- 2.4 SSE THEODORE IDLE HOUR A [30.55, -88.25], 2.6 WNW GRAND BAY [30.49, -88.39], 3.5 S GRAND BAY [30.42, -88.35], 2.2 SSE BAYOU LA BATRE ARPT [30.42, -88.20]

| | | | | |
|--|--------------------|--|---|---------------------------------|
| | 04/15/21 06:55 CST | | 0 | Flash Flood (due to Heavy Rain) |
| | 04/15/21 09:30 CST | | 0 | Source: Public |

Several reports of flash flooding across south Mobile County. Arygle Road at Half Mile Road was completely flooded. Vehicles were stranded by flood waters at AL Highway 188 and Four Mile Road. Potter Tract Road in Grand Bay and Old Pascagoula Road west of McDonald Road were also flooded.

| | 04/24/21 18:33 CST | 0 | | Thunderstorm Wind (MG 50 kt) |
| | 04/24/21 18:33 CST | 0 | | Source: ASOS |

K79J recorded a 50 knot, 58 mph, thunderstorm wind gust.

A two part severe weather outbreak impacted the northern Gulf Coast. An early morning squall line brought wind damage to numerous locations. The second round of severe storms in the afternoon and early evening resulted in very large hail across portions of inland southwest and south central AL, some of which reached baseball size. Additional wind damage occurred as well. A few instances of flash flooding were also reported.
