

CREDIT TRANSFER POLICY

Approving Authority	: Senate
Establishment Date	: Trimester 2 2012/2013
Date Last Amendment	: Senate Meeting No 225 dated 3 March 2022
Responsible Department	: Academic Compliance and Regulatory

-
- 1. The credit transfer policy stated below is approved by Special Senate no. 90 held on 25 November 2016 to be in line with the Ministry of Higher Education (MOHE)'s policy. It takes effect beginning Trimester 2, 2016/17 session.*
 - 2. Revision of the policy related to vertical credit transfer - Approved by Senate no. 207 held on 5 March 2020 to be in line with the Ministry of Higher Education (MOHE)'s policy. It takes effect from March 2020.*
 - 3. Revision of the policy of credit transfer – Approved by Senate Circulation No 210/3/2020 dated 12 Sept 2020. Revision is made to the wordings and new development from Ministry of Higher Education (MOHE) is included. This revision added the policy on credit transfer from Master's programme to Doctoral degree, MOOCs, APEL-C and MPU.*
 - 4. Revision of policy of credit transfer – Approved by Senate Meeting No. 225 dated 3 March 2022. Revision is made by providing additional definitions (1.6, 1.7 and 1.8), amendment to Vertical (3.2) and Horizontal Credit Transfer (4.7) to be inclusive of Postgraduate Programmes, amending item 5.1.2.9 and including Appendix A - Credit Transfer Scenarios. All changes are to be in line with MOHE's policy.*

1.0 DEFINITION

- Credit transfer refers to the practice of granting exemption to course/s in a programme on the basis that the requirements of a course or courses have been demonstrated to have been fulfilled by the applicants or learners. This practice allows mobility of learners between programmes, between institutions and between nations. (MQA's Advisory Note 4, 2017)
- 1.1
 - 1.2 Formal Learning refers to A learning/programme of study delivered within an organised and structured context (preschool, primary school, secondary school, college and university) that may lead to formal recognition or a recognised qualification. (MQA's Guideline to Good Practice : APEL-C)
 - 1.3 Non-formal Learning - Learning that takes place alongside the mainstream systems of education and training. It may be assessed but does not normally lead to formal certification. (MQA's Guideline to Good Practice : APEL-C)
 - 1.4 In-formal Learning is normally unintentional learning where learning takes place continuously through life and work experience. (MQA's Guideline to Good Practice : APEL-C)
 - 1.5 Academic residential requirement - this term means a student needs to spend a specified minimum duration registering and meeting MMU's course requirements before he/she can be considered as completing MMU's academic requirement for an eventual award of the academic qualification.
 - 1.6 Credit transfer with grade (Grade transfer) refers to credit value of the transferred course is earned by a student along with the grade. The credit value earned is to be taken into account in fulfilling the graduating credit whilst the grade is to be taken into account in the calculation of GPA/CGPA.

- Credit transfer without grade refers to credit value of the transferred course is earned by a student.
- 1.7 Only the credit value earned is to be taken into account in fulfilling the graduating credit whilst no grade is to be taken into account in the calculation of GPA/CGPA.
 - 1.8 Course exemption refers to exemption of a course that is required for graduation, but does not contribute to credit requirement for graduation, and does not require course replacement.

2.0 GENERAL

- 2.1 The applicant must have obtained a minimum grade of C or its equivalent (satisfactory performance or a pass) in the previous course.
- 2.2 The syllabus of the course offered for credit transfer must cover at least 80% syllabus of the corresponding course at MMU.
- 2.3 Only courses from accredited/recognized programmes can be considered for credit transfer.
- 2.4 The credit value of the course from the programme to be transferred must be the same or more than the credit value of the course offered by MMU.
- 2.5 For credit transfer from formal learning involving programme levels in the Malaysian Qualifications Framework (MQF), only courses from provisionally accredited/fully accredited/recognized programmes can be considered for credit transfer.
- 2.6 Transfer of credit from a higher-level programme (e.g. Bachelor's degree) to lower programme (e.g. diploma) is not permitted.
- 2.7 All academic programmes within MMU shall follow this policy. In the event where, there is a conflict between this policy and conditions of professional body, the clause set by the professional body is to be followed. In this respect, the documents issued by the relevant professional bodies are to be referred to.
- 2.8 The credit transfer application is subject to the assessment of the receiving faculty and the decision of the faculty is final.
- 2.9 For Bachelor of Law programme, only non-law related courses may be considered for credit transfer.

3.0 VERTICAL CREDIT TRANSFER

- 3.1 Credit transfer from a lower level to a higher level qualification or known as vertical credit transfer is allowed in the following circumstances :
 - 3.1.1 Certificate (MQF Level 3) to Diploma (MQF Level 4). The maximum transferrable credit is 30% of the total Diploma programme's credit.
 - 3.1.2 Diploma (MQF Level 4) to Bachelor's degree (MQF Level 6). The maximum transferrable credit is 50% (i.e. approximately one year and half of Bachelor's degree duration) of the total programme's credit with the following conditions:

% of credit transfer	Minimum Grade
1 - 30	Grade C
31 - 50	Grade B

- 3.1.2 Advanced Diploma (MQF Level 5). Student who possesses an advanced diploma in addition to a Diploma qualification may apply for consideration for credit transfer of up to a maximum of two years of the Bachelor's degree duration. Student may join the third year of the programme if the application is successful.

3.2 Vertical Credit Transfer for Postgraduate Programmes

3.2.1 Vertical credit transfer is allowed in the following circumstances :

Bachelor's Degree (MQF Level 6) to Master's (MQF Level 7). This is applicable for integration programme from Bachelor to Master's degree only. Student who has undertaken core courses of the master's programme which are also offered as elective courses at Bachelor's degree level and pass the courses with minimum grade B is entitled for a maximum transferrable credit of 30% of the total programme's credit.

3.2.2 Credit transfer from Master's (MQF Level 7) to Doctoral Degree (MQF Level 8). No credit nor grade transfer is allowed except for exemption of Research Methodology course with conditions stated below:

3.2.2.1 The credit value of the course from the programme to be transferred must be the same or more than the credit value of the course offered by MMU

3.2.2.2 The relevance and level of skills of the Research Methodology course taken must be aligned with the Research Methodology course at the PhD level.

3.2.2.3 For Doctor of Philosophy (Laws) program, if the Research Methodology course or its equivalent was taken from another institution other than MMU, consideration of credit transfer will be done on a case to case basis.

Refer Appendix A for detailed scenario breakdown for vertical credit transfer application for different levels and modes of postgraduate studies.

4.0 HORIZONTAL CREDIT TRANSFER

4.1 Credit transfer from same level of qualification or horizontal credit transfer is allowed in the following circumstances:

4.1.1 If the previous qualification was completed in MMU, no limit is imposed on the credit transfer. The same course can be considered for credit transfer multiple times provided that the transfer is for programme within the same field (E.g. First degree completed is Bachelor of Business Administration (Hons) (Human Resources Management). Student may use the same-courses from this first degree to credit transfer for subsequent Bachelor of Business Administration (Hons) programme/s.

4.1.2 If the previous qualification is from a different institution, the credit transfer is subject to specified academic residential requirement as follows :

- i. 1 trimester/semester for Bachelor degree level, and
- ii. 1 trimester/semester for the Diploma level.

4.2 Student following a programme and wishes to change to another programme offered by MMU at the same level and within the same field. This is on condition that he/she meets the requirement of the new programme.

4.2.1 Grade transfer is allowed. In this case, there is no limit to the amount of credit allowed to be transferred.

4.2.2 If the previous programme is from another institution of higher learning, the credit transfer is dependent on the academic residential requirement : student must spend at least the following duration in MMU :

- i. 1 trimester/semester for Bachelor's degree level, and
- ii. 1 trimester/semester for the Diploma level.

4.3 Student who has failed/been terminated from a programme and wishes to pursue another programme at the same level in MMU

4.3.1 No credit nor grade transfer is (including the MPW/MPU courses) allowed.

4.4 Student who quit a programme and wishes to continue another programme at the same level in MMU

4.4.1 Grade transfer may be considered. In this case, there is no limit to the amount of credit allowed to be transferred. The course taken by the student must not be more than FIVE years prior to the registration date of the new programme at MMU.

4.0 HORIZONTAL CREDIT TRANSFER

- 4.4.2 If the previous programme was taken from another institution, the credit transfer is dependent on the academic residential requirement: student must spend at least 1 semester at MMU for Master/PhD level, 1 semester at MMU for Bachelor's degree level and 1 semester at MMU for Diploma level.
- 4.5 Student of a programme in MMU who enrol for a few courses at another institution of higher learning at the same time (for example via mobility or exchange programme).
- 4.5.1 Credit transfer is allowed and it must not be more than 30% of the total credit of the programme registered for and it is also dependent upon the mutual understanding of both institutions.
- 4.6 Horizontal credit transfers for masters and doctoral programs (coursework and mixed mode) is allowed based on a case to case basis.
- 4.7 Horizontal Credit Transfer for Postgraduate Programmes
- 4.7.1 Credit transfer from same level of qualification or horizontal credit transfer is allowed in the following circumstances:
- 4.7.1.1 If the previous qualification was completed in MMU, no limit is imposed on the credit transfer. The same course can be considered for credit transfer multiple times provided that the transfer is for programme within the same field. Student may use the same courses from the first postgraduate degree to credit transfer for subsequent postgraduate degree programme.
- 4.7.1.2 If the previous qualification is from a different institution, the credit transfer is subject to an academic residential requirement of 1 trimester/semester for Master/PhD level programmes.
- 4.7.2 Student following a postgraduate programme and wishes to change to another postgraduate programme offered by MMU at the same level and within the same field. This is on condition that he/she meets the requirement of the new postgraduate programme.
- 4.7.2.1 Grade transfer is allowed. In this case, there is no limit to the amount of credit allowed to be transferred.
- 4.7.2.2 If the previous postgraduate programme is from another institution of higher learning, the credit transfer is dependent on the academic residential requirement of 1 trimester/semester for Master/PhD level.
- 4.7.3 Postgraduate student of a programme in MMU who enrol for a few courses at another institution of higher learning at the same time (for example via mobility or exchange programme).
- 4.7.3.1 Credit transfer is allowed and it must not be more than 30% of the total credit of the programme registered for and it is also dependent upon the mutual understanding of both institutions.
- 4.7.4 Other cases of horizontal credit transfer for postgraduate programmes are to be considered on a case to case basis subject to approval by the committee authorized by Senate of MMU or the Senate itself.
Refer Appendix A for detailed scenario breakdown for horizontal credit transfer application for different levels and modes of postgraduate studies.

5.0 CREDIT TRANSFER PATHWAY

5.1 CREDIT TRANSFER OF MASSIVE OPEN ONLINE COURSES (MOOC)

5.1.1 Credit transfer to be awarded for MOOC can only be considered for courses within the programme levels in the Malaysian Qualifications Framework (MQF) as stated in Table 1 below :

Table 1

MQF Level	Qualifications Award
8	Doctoral Degree (Applicable only to coursework or mixed mode programmes)
7	Master's Degree (Applicable only to coursework or mixed mode programmes)
	Postgraduate Diploma
	Postgraduate Certificate
6	Bachelor's Degree
	Graduate Diploma
	Graduate Certificate
5	Advanced Diploma
4	Diploma
3	Certificate

5.1.2 Conditions for Credit Transfer for MOOC (CTM) Eligibility

5.1.2.1 CTM is only confined to courses in programmes that have obtained accreditation from MQA. If the MOOC is not part of an accredited programme, it should have the following core elements:

a. Course Learning Outcomes (CLOs); b. Course Description/Course Synopsis; c. Course Contents; d. Learning Activities; e. Course Duration; f. Course Assessment; g. Course Instructor; and h. Course Grade (where available)	AND	Mapping of course content equivalency of 80% and level of study is established. This may be conducted by comparing the single MOOC or combination of a few MOOCs against the course for which credit is applied for based on the following elements: a. Course learning outcomes; b. List of topics and/or subtopics; and c. Course duration.	AND	Credit equivalency of a MOOC shall be determined based on the total Student Learning Time (SLT) and this should be made known/declared by the applicant. As a guide, 40 notional learning hours is equivalent to 1 credit.
---	------------	--	------------	--

- 5.1.2.2 CTM is only awarded for a specific course applied for. It is not automatically applicable to the pre-requisite (if any) of the said course.
- 5.1.2.3 Faculties may recommend to ADC the MOOC eligible for credit transfer based on the conditions stipulated by MQA.
- 5.1.2.4 There is no provision of credit transfer through the CTM process for industrial training/practicum/final year project /dissertation/thesis.
- 5.1.2.5 At the postgraduate level, CTM is only applicable for courses delivered through the coursework or mixed mode programmes.
- 5.1.2.6 Courses from programmes that require accreditation from professional bodies can be given CTM, subject to MMU obtaining approval from the relevant professional bodies;
- 5.1.2.7 Credits awarded for a course through the CTM process should be in full and match with the credit value of the course applied. No partial or block credits will be awarded;
- 5.1.2.8 Credits awarded for a course through the CTM process can be based on the mapping of the CLOs of a single MOOC or a combination of a few MOOC;
- 5.1.2.9 Courses that have been granted credit transfer through the CTM process will contribute to the total graduating credit requirements and the grades obtained may

be used in the calculation of Grade Point Average (GPA)/Cumulative Grade Point Average (CGPA) of the programme pursued.

5.1.3 CTM involves mapping, comparing and evaluating the extent to which the course content of the MOOC/combination of a few MOOC to the course applied for credit transfer within the guideline specified by MQA.

5.1.4 Credits awarded through the CTM process shall not exceed 30% of the total graduating credits of a specific programme of study. maximum limit of Credit Transfer for MOOC (CTM) is as illustrated in Table 2 below :

Table 2

	MQF Level	MQF Level Minimum Graduating Credits	30% of total graduating credit of a specific programme of study*
8	Doctoral Degree (Applicable only to coursework or mixed mode programmes)	Based on the approved credits of the coursework component OR 80	24
7	Master's Degree (Applicable only to coursework or mixed mode programmes)	40	12
	Postgraduate Diploma	30	9
	Postgraduate Certificate	20	6
6	Bachelor's Degree	120	36
	Graduate Diploma	60+6 (MPU**)	20
	Graduate Certificate	30+6 (MPU**)	11
5	Advanced Diploma	40	12
4	Diploma	90	27
3	Certificate	60	18

*The actual credit for graduation for a particular programme may be higher and varies from the minimum graduating credit

5.1.5 The credit transfer shall not be counted twice for the various academic qualifications. For instance, the same MOOC that has been granted CTM at diploma level cannot be reconsidered for another program at a higher level.

5.1.6 Prior to the award of credits, faculties are to determine the quality of MOOC, adequacy of course content and credit equivalency; the authentication of the applicant's identity in MOOC; and verification of learning attainment within the guideline provided by MQA and other relevant authority.

5.2 CREDIT TRANSFER OF APEL FOR CREDIT AWARD (APEL C)

APEL for Credit Award [APEL(C)] is the award of credits for the prior experiential learning towards a course in an accredited programme of higher education provider (HEP). APEL(C) provides the mechanism to recognise the individual's prior experiential learning that is relevant and specific to a course within a programme of study. The credit award is granted on the basis of the knowledge and skills acquired through informal and non-formal learning.

5.2.2 The award of credits through APEL(C) is in the form of credit transfer where it does not involve the transfer of grades. However, the credits awarded for the course will be counted towards the total credit requirement for graduation.

5.2.3 The maximum percentage of credit transfer through APEL(C) is 30% of the total graduating credits of a specific programme of study. This percentage is in addition to the credit transfer provision based on the vertical and horizontal credit transfer or the formal learning. The maximum credit transfer allowed through APEL(C) at the various MQF levels is as illustrated in Table 3.

Table 3

Award based on the Malaysian Qualifications Framework (MQF)	Minimum graduating credits	*30% from the minimum credits of the coursework component
Level 8: Doctoral Degree (Applicable only to coursework or mixed mode programmes)	80	24
Level 7: Master's Degree (Applicable only to coursework or mixed mode programmes)	40	12
Level 7: Postgraduate Diploma	30	9
Level 7: Postgraduate Certificate	20	6
Level 6: Bachelor's Degree	120	36
Level 6: Graduate Diploma	60+6 (MPU)	20
Level 6: Graduate Certificate	30+6 (MPU)	11
Level 5: Advanced Diploma	40	12
Level 4: Diploma	90	27
Level 3: Certificate	60	18

*The actual credit for graduation for a particular programme may be higher and varies from the minimum graduating credit

5.2.4 Credits awarded through APEL(C) can be transferred automatically to another programme within the same institution if the course for which credits have been awarded through APEL(C) has the same learning outcomes.

5.2.5 The credits awarded must be equivalent to the credit value of the course applied for APEL(C). Award of partial credits will not be allowed.

5.2.6 Credits awarded for a course are only applicable to the specific course applied for. Credits are not automatically applicable to prerequisites (if any) of the specific course.

5.2.7 Assessment for credit award should be carried out separately for each course.

5.2.8 APEL(C) is applicable for all courses except for final year project-based courses and dissertations.

5.2.9 For Executive Diploma programmes, the provision of 30 credits based on 3 years' work experience as prescribed in the Standards: Executive Diploma is to be assessed using the APEL(C) instrument.

5.3 CREDIT TRANSFER OF MICROCREDENTIALIAL

5.2.1 Refer to MMU's Microcredentialial policy for the credit transfer of Microcredentialial.

6.0 CREDIT TRANSFER OF MPU COURSES

6.1 Table 4 contains the list and level of MPU courses allowed for the credit to be transferred. This is to be read together with the MPU policy and the exemption policy.
