

# Barchart Digital

Increase revenue by driving  
user engagement across your  
digital properties

# barchart

# We deliver the tools. You focus on the customer.

## Charting APIs

Our charting library makes it easy to implement charting across all of your platforms. Drive user engagement in as little as three lines of code.

## Portfolio APIs

Draw in users and increase engagement with responsive and sophisticated portfolio tools. Supercharge your site with investor tools that scale to your needs.

## Watchlist APIs

Acquire users and keep them coming back with Watchlists from Barchart. We make it easy to design, build, and deploy – so you don't have to.

# Hosted digital content and tools to supercharge your sales funnel

## Responsive

Responsive, mobile-first design is what we do – for our own solutions as well as for partners.

## Scalable

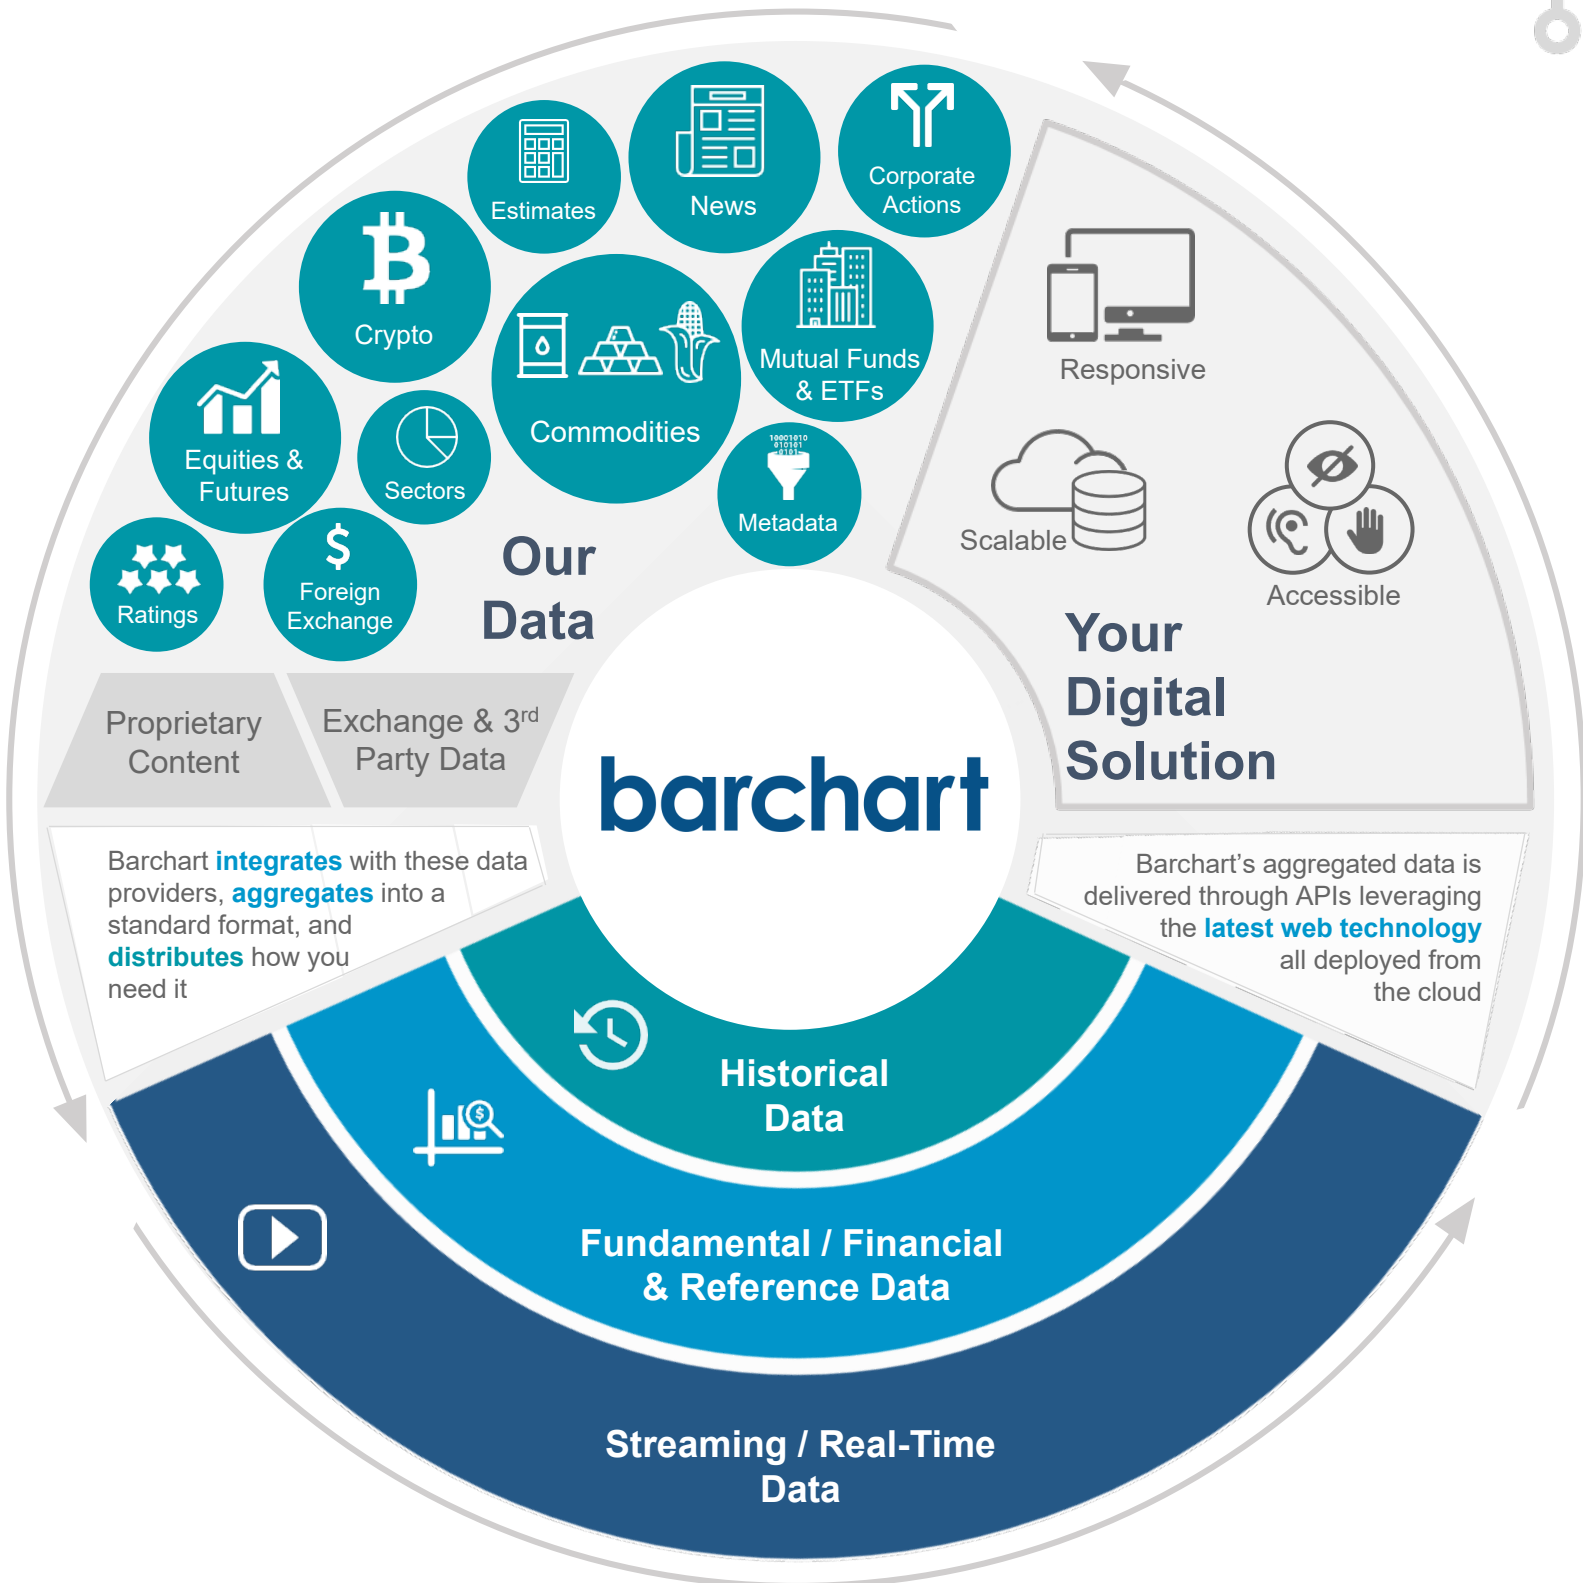

Redundant infrastructure that grows with your business – always fast, always secure.

## Simple

Well designed and thoroughly documented APIs and libraries allow you to deploy advanced tools easily.

Barchart delivers the data, analytics, news, and tools you need to power your financial portal – all seamlessly and cohesively integrated with your brand

# Why Barchart Digital?

From fully managed, bespoke financial portals to semi-custom content modules, our solutions can power your customer facing application with dynamic data, tools, and market intelligence.

Barchart's Digital Solutions can be integrated using the delivery mechanism of your choice, and this flexibility allows Barchart to tailor our solution to your needs.

Our customers count on Barchart to deliver high-quality, high-availability solutions for their business critical applications – let us build a solution for your business that improves your ROI.
