

# Cost Estimation Tool for Non-MyChart Users

The cost estimation tool helps you estimate the cost of some of the services or procedures that are available at Seattle Children's. It is not a guarantee of the final amount you may be billed, and it does not include all of the services or procedures that are available at Seattle Children's.

You can find this tool by going to our website at [seattlechildrens.org](http://seattlechildrens.org) and select "estimate my cost" from the blue "I want to" menu near the top of the website.

If the service you would like to estimate is not included on this tool, you can call our financial counselors at 206-987-3333 or email [financialcounseling@seattlechildrens.org](mailto:financialcounseling@seattlechildrens.org).

## How to use the tool

Follow these instructions, using the screenshots as guides. Some of the information displayed on your screen will be different based on your information and circumstances.

After carefully reading the disclaimer on the homepage, click on the button to accept and continue.

### Patient Estimates

#### Disclaimer

I acknowledge this is just an estimate of what I may be responsible to pay for receiving services at Seattle Children's and it is not a guarantee of the final amount I may be responsible for. I understand this estimate is based on the information provided by me and/or my insurance company on the date and time the estimate was created. This estimate only uses information from my primary insurance plan. This estimated amount could change if I have additional insurance coverage, including whether I am eligible for financial assistance. This estimate does not know about the rules and policies my insurance plan may have about what they will pay for and what first may be required. The actual price I pay may be higher or lower than this estimate based on what care is needed and provided, and how my insurance plan processes the charges.

Not all services offered by Seattle Children's Hospital are available in this estimate tool. Our future goal is to add more services which are scheduled in advance. For estimates on services not available on this tool, or for additional questions, please contact our financial counselors at 206-987-3333 or at [financialcounseling@seattlechildrens.org](mailto:financialcounseling@seattlechildrens.org).

## Free Interpreter Services

- In the hospital, ask your nurse.
- From outside the hospital, call the toll-free Family Interpreting Line, 1-866-583-1527. Tell the interpreter the name or extension you need.

## Cost Estimation Tool for Non-MyChart Users

You can either search for the service you would like to estimate or choose a category of service from the buttons on this page.

The screenshot shows the 'Patient Estimates' section of the MyChart website. At the top, there is the Seattle Children's logo and the text 'HOSPITAL • RESEARCH • FOUNDATION' and 'MyChart'. A search bar is labeled 'What service would you like?' and contains the text 'Search by keyword or CPT® code'. To the right of the search bar is a blue 'Search' button. Below the search bar, there are several category buttons: 'Audiology', 'Cardiology', 'Dermatology', 'Ears, Nose, and Throat', 'Gastrointestinal & Digestive', and 'Gynecology & Andrology'. On the right side of the page, there is a sidebar with the Seattle Children's logo and the text 'Seattle Children's Hospital'. Below this, it says 'Searching for a Service' and lists three bullet points: 'Enter a keyword or name. For example, "knee replacement"', 'Search by category. For example, "knee"', and 'Search by CPT® code. CPT® codes are how procedures are categorized and are the same across all healthcare providers.' Below the sidebar, it says 'Browse by Category' and 'Click on a category to see the list of services available in that category.'

If you would like to include your insurance information in the estimation, look through this list to find your insurance or “other insurance” if your insurance provider is not listed. You can also select “skip this step” if you do not wish to include your insurance information.

The screenshot shows the 'Patient Estimates' section of the MyChart website, specifically the 'Choose your insurance' step. At the top, there is the Seattle Children's logo and the text 'HOSPITAL • RESEARCH • FOUNDATION' and 'MyChart'. Below the logo, it says 'Choose your insurance' and 'Skip this step if you do not have insurance or would like to get an estimate without using insurance.' Below this, there is a grid of insurance provider buttons: 'Aetna', 'Amerigroup', 'Chpw', 'Cigna', 'Kaiser', 'Medicaid Wa', 'Medicare', 'Molina', 'Premera', 'Regence', 'United Healthcare', and 'Other insurance'. At the bottom of the page, there is a button that says 'Select a different service'.
